

**Drexel University College of Medicine
Archives and Special Collections on Women in Medicine
Transfer Record**

Accession #: 2004.3
Date: January 27, 2004

- Source: Development Office, via General Counsel's Office
- Object: individual alumni files for both WMC/MCP and Hahnemann graduates, compiled by Development Office staff and containing giving and biographical information
- Date: c. 1990s
- Size: approximately 288 linear feet
- Notes: These materials are stored in a basement room in Drexel's Bellet Building at Vine and Race Streets. The room had been used to store documents collected by the General Counsel's Office in relation to the AHERF bankruptcy. Most of the materials had come from the Development Office. The federal subpoena on the materials was lifted at the end of 2003, so Archives staff was permitted to peruse the papers and retain any significant materials. This accession and accession 2004.2 are the results of that effort.
