

Acc 2005.x.1  
Inventory: MCP Theses & Dissertations 1961 - 1994

| Author                    | Title   | Date | Call # (biblio)  | Notes   |
|---------------------------|---|------|------------------|---|
| Beasley, Andrew Bowie.    | The inheritance and development of a lens abnormality in mice / Andrew Bowie Beasley.   | 1961 | W 4A B368i 1961  |   |
| Kennedy, Barbara Lucille. | Interactions of pharmacological agents in glycogenolytic processes / by Barbara Lucille Kennedy.  | 1964 | W 4A K35i 1964   |   |
| Kennedy, Barbara Lucille. | Interactions of sympathomimetic amines and adrenergic blocking agents on lipolysis, glycogenolysis, and calorogenesis in the intact animal / by Barbara Lucille Kennedy.                              | 1965 | W 4A K35in 1965  |   |
| Domanski, Robert Edward.  | The enzymatic lysis of the cell wall of <i>Candida albicans</i> / by Robert Edward Domanski.  | 1967 | W 4A D666e 1967  |   |
| Martin, John Samuel.      | The effect of hypertonicity upon the ventral nerve cord ganglia of crayfish / by John Samuel Martin.  | 1968 | W 4A M381e 1968  |   |
| Herndon, Caleb W.         | Servoanalysis of the Cardiovascular System  | 1969 | W 4A H558s 1969  | Not in catalog (added to inventory by Jeff, April 2007) |
| Klunk, Lewis John.        | Studies on purification and localization of gbs-N-acetylglucosaminidase from <i>Acanthamoeba castellanii</i> / by Lewis John Klunk Jr.  | 1969 | W 4A K66s 1969   |   |
| Malila, Amra.             | The role of phospholipids in RbP+ transport by rabbit renal cortical tubules / by Amra Malila.  | 1969 | W 4A M251r 1969  |   |
| Wachsberger, Phyllis.     | Molecular studies of uterine myosin and actomyosin / by Phyllis Wachsberger.  | 1970 | W 4A W114m 1970  |   |
| Cavoto, Francis V.        | Electrotonic spread in frog atrial muscle / by Francis V. Cavoto.   | 1971 | W 4A C383e 1971  |   |
| DeArmond, Stephen J.      | The effect of preoptic warming on the arousal system of the mesencephalic reticular formation / by Stephen J. De Armond.  | 1971 | W 4A D285e 1971  |   |
| Kreisman, Norman R.       | A cortical representation of temperature information from the skin in the squirrel monkey / by Norman R. Kreisman.  | 1971 | W 4A K924c 1971  |   |
| Miller, Barry.            | Literal misinterpretations of communications in schizophrenia / Barry Miller.   | 1971 | W 4A M647L 1971  |   |
| Bram, Paula Levine.       | Patient and staff perceptions of a psychiatric ward as a function of ward management / by Paula Levine Bram.  | 1972 | W 4A B815p 1972  |   |
| Crawford, John F.         | A comparison of the catalytic properties of the alkaline phosphatases isolated from normal liver, normal intestine and metastatic liver / by John F. Crawford.  | 1972 | W 4A C899c 1972  |   |
| Donowitz, Leigh G.        | A brief outline of public health services in a developing country / by Leigh Donowitz.  | 1972 | W 4A D6875b 1972 |   |
| Gordon, Mildred H.        | Drug use patterns and personality characteristics, as measured by psychological scales, in two groups of drug users / by Mildred H. Gordon.   | 1972 | W 4A G664d 1972  |   |
| Rifenberick, David H.     | Hepatic MEOS and ADH activities in rats after chronic ethanol administration / by David H. Rifenberick.   | 1972 | W 4A R564h 1972  |   |
| Steinberg, Joel S.        | Effects of phospholipase C-mediated phospholipid destruction on ATP-independent and ATP-dependent calcium binding by a rat skeletal muscle sarcoplasmic reticulum preparation / by Joel S. Steinberg. | 1972 | W 4A S819e 1972  |   |

| Author                            | Title   | Date | Call # (biblio)  | Notes   |
|-----------------------------------|---|------|------------------|---|
| Domanski, Robert Edward.          | Ethanol induced fatty liver : the effect of pyrazole, glucose and other sugars on the prevention of hepatic triglyceride accumulation / Robert E. Domanski.   | 1974 | W 4A D666et 1974 |   |
| Newman, Geraldine R.              | Analysis of secondary constrictions in chromosomes of somatic cells during embryogenesis in Rana pipiens / by Geraldine R. Newman.  | 1974 | W 4A N552a 1974  |   |
| Wagner, Kenneth R.                | Citrate transport in isolated rat brain mitochondria / by Kenneth R. Wagner.  | 1975 | W 4A W133c 1975  |   |
| Gonzalez, Jocelyn.                | The response of isolated rat fat cells to different concentrations of L-epinephrine as a function of age, cell size and weight / by Jocelyn Gonzalez.   | 1976 | W 4A G643r 1976  |   |
| Hait, William N.                  | Characterization and selective pharmacological inhibition of the multiple molecular forms of cyclic nucleotide phosphodiesterase of normal and leukemic lymphocytes / by William N. Hait.   | 1976 | W 4A H153c 1976  |   |
| Halstead-McFarland, Diane         | Characterization of Epstein-Barr virus nuclear antigen / by Diane Claire Halstead-McFarland.  | 1976 | W 4A H196c 1976  |   |
| Lighty, George Walter.            | Isolation and characterization of bovine cardiac sarcoplasmic reticulum / by George Walter Lighty, Jr.  | 1976 | W 4A L724i 1976  |   |
| Venus, Michael.                   | The effect of toxic concentrations of isoproterenol and aminophylline on various biochemical parameters in rat myocardial tissue / Michael Venus.   | 1976 | W 4A V471e 1976  |   |
| Alidina, L.                       | Immunohistochemical Studies of Limulus Cardiac Muscle   | 1977 | W 4A A316l 1977  | Not in catalog (added to inventory by Jeff, April 2007) |
| Francendese, Albert A.            | Very small fat cells : population distribution, isolation, morphological observations and preliminary metabolic findings / by Albert A. Francendese.  | 1977 | W 4A F815v 1977  |   |
| Midelfort, Margarita de la Llera. | Lipoprotein uptake in human fibroblastic cells / by Margarita de la Llera Midelfort.  | 1977 | W 4A M629L 1977  |   |
| Patterson, Suzanne K.             | Investigation of the response of membrane proteins to growth in sub-inhibitory concentrations of antibiotic / by Suzanne K. Patterson.  | 1977 | W 4A P297i 1977  |   |
| Piccioni, Barbara Anne.           | Significance of blister cells : a study of the prevalence of blister cells in hemoglobin SS disease, hemoglobin SC disease, and hemoglobin S-Beta thalassemia pediatric and adolescent patients in three health states / Barbara Anne Piccioni. | 1977 | W 4A P589s 1977  |   |
| Berman, Richard E.                | The occurrence of enterotoxins in clinical isolates of staphylococci / by Richard E. Berman.  | 1978 | W 4A B516o 1978  |   |
| Burchanowski, Barbara.            | A quantitative electron microscopic study of the neural elements of guinea-pig enteric ganglia / by Barbara Burchanowski.   | 1978 | W 4A B947q 1978  |   |
| Cohen, Richard J.                 | Decisions through the looking glass : a prescriptive analysis of client data toward the development of heuristic administrative responses / by Richard J. Cohen.  | 1978 | W 4A C678d 1978  |   |

| Author                      | Title  | Date | Call # (biblio) | Notes |
|-----------------------------|--|------|-----------------|-------|
| Earley, Richard J.          | Comparative study of screening tests for commonly used psychotropic drugs in urine / by Richard J. Earley.   | 1978 | W 4A E124c 1978 |       |
| Fish, Laurel Warner.        | A test of three hypotheses concerning figural after-effect / by Laurel Warner Fish.  | 1978 | W 4A F532t 1978 |       |
| Gatta, John Paul.           | Investigation of the CAMP reaction as a valid test for the identification of group B beta hemolytic streptococci / by John Paul Gatta.   | 1978 | W 4A G262i 1978 |       |
| Gillis, Carol A.            | A comparison of the personality traits of psychotic, neurotic, borderline, and normal individuals and a discussion of possible diagnostic implications for the borderline personality organization / by Carol A. Gillis. | 1978 | W 4A G481c 1978 |       |
| Kelley, John M.             | The construction and validation of two performance-referenced paper-and-pencil tests assessing affective performances of drug abuse counselors / by John M. Kelley.  | 1978 | W 4A K29c 1978  |       |
| Kelley, Nancy L., 1950-     | Socialization for body transcendence : a study of elderly religious women / by Nancy L. Kelley.  | 1978 | W 4A K295s 1978 |       |
| O'Malley, Cathy O.          | Resistance-compliance behavior in response to natural disaster & community redevelopment / by Cathy O. O'Malley.   | 1978 | W 4A O54r 1978  |       |
| Opalek, Alfred Allen.       | Age related responses of the rat cerebral cortex cyclic AMP system / by Alfred Allen Opalek.   | 1978 | W 4A O61a 1978  |       |
| Quach, Roseanna Hui-Nghiem. | Bacteriological findings of Corynebacterium vaginale/Hemophilus vaginalis : a taxonomic orphan : in an effort to facilitate its identification / by Roseanna Hui-Nghiem Quach.   | 1978 | W 4A Q1b 1978   |       |
| Rodriguez, Zoe M.           | A comparative evaluation of the detection of Hb Ab2 sby cellulose acetate electrophoresis and column chromatography for the routine laboratory and mass screening / by Zoe M. Rodriguez.                                 | 1978 | W 4A R696c 1978 |       |
| Rutkowski, John.            | Child life units : help for the hospitalized child / John Rutkowski.   | 1978 | W 4A R977c 1978 |       |
| Sapol, Ely.                 | The effects of quadramodal intensive stimulation therapy and therapeutic expectancy on the adaptive behavior of geriatric patients / Ely Sapol.  | 1978 | W 4A S241e 1978 |       |
| Wagemaker, Madeleine F.     | Comparison of bacitracin and electrophoresis methods for identification of beta hemolytic streptococci / by Madeleine F. Wagemaker.  | 1978 | W 4A W129c 1978 |       |
| Baker, Thomas Glenn.        | Family dissatisfaction, locus of control, and social desirability in juvenile delinquents / by Thomas Glenn Baker.   | 1979 | W 4A B168f 1979 |       |
| Cantor, Elinor Harriet.     | Influence of sympathetic nervous activity on the beta-adrenergic receptor-adenylate cyclase complex in rat brain during ontogenetic development / by Elinor Harriet Cantor.  | 1979 | W 4A C232i 1979 |       |
| Fleming, Elizabeth Porth.   | Acceptance of self and others : a study of students' attitudes toward physically disabled persons / by Elizabeth Porth Fleming.  | 1979 | W 4A F597a 1979 |       |
| French, Linda N.            | Platelet sizing in open heart surgery patients / Linda M. French.  | 1979 | W 4A F874p 1979 |       |

| Author                            | Title  | Date | Call # (biblio) | Notes |
|-----------------------------------|--|------|-----------------|-------|
| Garrett, Rosellen M.              | Gender-linked attitudinal change of medical students toward selected concepts of human sexuality / by Rosellen Meighan Garrett.  | 1979 | W 4A G239g 1979 |       |
| Kenty, Martha Christine.          | Expert testimony in the Pennhurst case : a critique of the empirical and theoretical basis for public policy / by Martha Christine Kenty.                                    | 1979 | W 4A K37e 1979  |       |
| Kowatsch, William H.              | Study of the high density lipoprotein cholesterol in two groups of children / by William H. Kowatsch.  | 1979 | W 4A K885s 1979 |       |
| Kracke, George Robert.            | Purification and characterization of the (Nap+ s+ Kp+s)-activated adenosine triphosphatase from garfish olfactory nerve axon plasma membrane / by George Robert Kracke.      | 1979 | W 4A K89p 1979  |       |
| McNichol, John E. J.              | Psychosocial antecedants, correlates, and lasting effects of early educational intervention on the vocational maturity of urban disadvantaged youth / by John E.J. McNichol. | 1979 | W 4A M169p 1979 |       |
| Overton, William Roy.             | The influence of cardiac sympathetic nerve terminals on the antagonism of ouabain-induced arrhythmia by phenytoin / by William Roy Overton.                                  | 1979 | W 4A O96i 1979  |       |
| Pettinati, Helen M. (Helen Marie) | Selectivity in memory during posthypnotic amnesia / by Helen Marie Rimkus Pettinati.   | 1979 | W 4A P511s 1979 |       |
| Ribble, Judith G.                 | Problem identification in the CME community : a survey of program directors / by Judith Glenn Ribble.  | 1979 | W 4A R483p 1979 |       |
| Rossi, Richard J.                 | A generalized protocol for the evaluation of clinical chemistry instrumentation : a manufacturer's perspective / by Richard J. Rossi.  | 1979 | W 4A R833g 1979 |       |
| Salit, Marc G. (Marc George)      | Human leukocyte interferon molecular populations differing in antiviral and cell growth inhibitory properties / by Marc G. Salit.  | 1979 | W 4A S167h 1979 |       |
| Sullivan, Paula J.                | Adaptation and evaluation of a method for lipoprotein electrophoresis of normal monkeys and dogs on cellulose acetate / by Paula J. Sullivan.                                | 1979 | W 4A S951a 1979 |       |
| Titus, Melora A.                  | Serum uric acid by kinetic uricase and high pressure liquid chromatography compared / by Melora A. Titus.  | 1979 | W 4A T623s 1979 |       |
| Walters, James M.                 | Makin' it : drugging in three American cities / by James M. Walters.   | 1979 | W 4A W235m 1979 |       |
| Walters, James M.                 | Structural and symbolic aspects of phencyclidine (PCP) use in Philadelphia : a case of rational drug use? / by James M. Walters.   | 1979 | W 4A W235s 1979 |       |
| Bencan, Clarissa.                 | An animal model for oxazolone-induced delayed hypersensitivity / by Clarissa Bencan.   | 1980 | W 4A B457a 1980 |       |
| Betof, David H.                   | The use of a radiometric method for the rapid detection of acute bacterial meningitis / by David H. Betof.   | 1980 | W 4A B564u 1980 |       |
| Dix, Robert K.                    | The effect of sulfipyrazone on ventricular arrhythmia prostaglandin synthesis and catecholamine secretion following coronary artery occlusion in the cat / by Robert K. Dix. | 1980 | W 4A D619e 1980 |       |
| Kaye, Janet M.                    | Attitudes of medical students and residents toward cancer and cancer patients / by Janet M. Kaye.  | 1980 | W 4A K23a 1980  |       |

| Author                       | Title  | Date | Call # (biblio)  | Notes |
|------------------------------|--|------|------------------|-------|
| Leonard, Ronald A.           | The induction of DNA synthesis in amphibian erythrocyte nuclei in Rana pipiens eggs following conditioning in meiotic oocytes / by Ronald A. Leonard.                                | 1980 | W 4A L5815i 1980 |       |
| Matilsky, Michael B.         | The synthesis of nonhistone proteins during oocyte maturation in rana pipiens / by Michael B. Matilsky.  | 1980 | W 4A M433s 1980  |       |
| Melnicoff, Meryle J.         | Radioimmunoassay of human beta-lipotropin and human beta endorphin / Meryle J. Melnicoff.  | 1980 | W 4A M527r 1980  |       |
| Miller, Linda Ann.           | Evaluation of two direct fluorescent antibody tests for the detection of Bacteroides species / by Linda Ann Miller.  | 1980 | W 4A M648e 1980  |       |
| Paul, Karen.                 | Attempts at visualization of interferon in L-cells by immunofluorescence and immunoperoxidase techniques / by Karen Paul.  | 1980 | W 4A P324a 1980  |       |
| Richter, Paul F. A.          | Adaptation of the Worthington Statzyme Uric Acid (500 nm) kit to the Centrifichem 300 / by Paul F.A. Richter.  | 1980 | W 4A R536a 1980  |       |
| Smith, Francis J.            | The relationship of dogmatism and control orientation in alcohol counselors to their specifying problems and goals for clients / by Francis J. Smith.                                | 1980 | W 4A S648r 1980  |       |
| Willis, Minetta.             | Long-term perfusion preservation of rat hearts / by Minetta Willis.  | 1980 | W 4A W735L 1980  |       |
| Abrahamsen, Lee Huber, 1953- | The effects of the pesticide carbaryl on the growth of human herpesviruses in culture / by Lee Huber Abrahamsen.   | 1981 | W 4A A159e 1981  |       |
| Abrams, Charol.              | Investigation of standardization criteria for automated leukocyte differential counters / by Charol Abrams.  | 1981 | W 4A A161i 1981  |       |
| Bartus, Henry F.             | A characterization of the red blood cell receptor involved in enterotoxigenic Escherichia coli attachment and subsequent hemagglutination / by Henry F. Bartus.                      | 1981 | W 4A B294c 1981  |       |
| Bregman, Barbara Sypniewski. | Infant lesion effect : motor development anatomical plasticity and sparing and recovery of function after spinal cord damage in newborn and adult cats / Barbara Sypniewski Bregman. | 1981 | W 4A B833i 1981  |       |
| Dicht, Judith.               | Free thyroxine : an evaluation of the three available methods for its measurement and a determination of its correlation to clinical thyroid states / by Judith Dicht.               | 1981 | W 4A D546f 1981  |       |
| High, Judith Ann.            | Effect of cholesterol enriched lipid dispersions on cholesterol accumulation in the rat hepatoma / Judith Ann High.  | 1981 | W 4A H638e 1981  |       |
| Jaskulska, Diane H.          | Laboratory diagnosis of urinary tract infections : reliability of long distance transport vs. dip-slide technique / by Diane H. Jaskulska.   | 1981 | W 4A J39L 1981   |       |
| Jones, Maureen C.            | Measurement of free calcium in patients with thermal burns / by Maureen C. Jones.  | 1981 | W 4A J783m 1981  |       |
| Labar, Douglas R.            | Short- and long-term effects of neonatal and adult visual cortex lesions on the retinal projection to the pulvinar in cats / Douglas R. Labar.                                       | 1981 | W 4A L113s 1981  |       |

| Author                     | Title   | Date | Call # (biblio)  | Notes |
|----------------------------|---|------|------------------|-------|
| Manoly, Brena G.           | A clinical validation study of Ramsden's cartoon listening test for interpersonal communication / Brena C. Manoly.  | 1981 | W 4A M2857c 1981 |       |
| Mattheiss, Carol J.        | Developing a micro method of enzyme-linked immunosorbent assay for antibodies to native DNA / by Carol J. Mattheiss.  | 1981 | W 4A M436d 1981  |       |
| McLean, Larry Raymond.     | The molecular mechanism of cholesterol and phosphatidylcholine exchange or transfer from bilayer membranes / by Larry Raymond McLean.   | 1981 | W 4A M164m 1981  |       |
| Miller, Diane Crawford.    | A comparison of three methods for the quantitation of lymphocytes / by Diane Crawford Miller.   | 1981 | W 4A M6471c 1981 |       |
| Mohoric, Marcia.           | Accuracy of enterobacteriaceae identification and MIC determination using the 3M microbial profile system / by Marcia Mohoric.  | 1981 | W 4A M698a 1981  |       |
| Murray, Timothy R.         | Day vs. evening shift performance : a comparison of fifty hospital laboratories day and evening shifts / by Timothy R. Murray.  | 1981 | W 4A M984d 1981  |       |
| Nemchik, Loretta.          | A comparison of platelet counts using the Coulter Model ZBI, Coulter S Plus and Chamber method / by Loretta Nemchik.  | 1981 | W 4A N433c 1981  |       |
| Nicholas, Mary Anne.       | Synergism between cefoxitin and penicillin G against Bacteroides fragilis / by Mary Anne Nicholas.  | 1981 | W 4A N598s 1981  |       |
| Pearson, Helen E.          | Effects of stroboscopic rearing on the development of the rabbit's visual cortex / Helen E. Pearson.  | 1981 | W 4A P361e 1981  |       |
| Soifer, Betsy Ellen.       | The impact of endogenous prostanoids and the sympathetic nervous system following coronary occlusion in the cat / by Betsy Ellen Soifer.  | 1981 | W 4A S683i 1981  |       |
| Strony, Lynne Pusey.       | Predictive value of quantitative and qualitative measurements of CSF gamma globulin in multiple sclerosis / by Lynne Pusey Strony.  | 1981 | W 4A S924p 1981  |       |
| Carnel, Shirley B.         | An animal model for autonomic dysfunction in, and the effect of phenobarbital pretreatment on, pentylenetetrazol-induced seizures in the cat / by Shirley B. Carnel.                | 1982 | W 4A C289a 1982  |       |
| Kournikakis, Bill.         | An ultrastructural, immunological, and physiological study of the mechanism of antibody dependent cellular cytotoxicity in allogeneic and xenogeneic systems / by Bill Kournikakis. | 1982 | W 4A K88u 1982   |       |
| Lieber, Mindy J.           | Comparison study between the methods for erythrocyte sedimentation rate / by Mindy J. Lieber.   | 1982 | W 4A L716c 1982  |       |
| Moisey, Donna Marie.       | Alterations in the uterine vasculature during pregnancy in the rabbit / by Donna Marie Moisey.  | 1982 | W 4A M714a 1982  |       |
