

**Accession #270
Laura Morrow**

13.5 linear feet textual materials

10.5 record cartons

1 doc box

Artifacts

2.5 record cartons artifacts

Dates: [1965 – 1985]

Description

Files cover women physicians; status of women; psychiatric professional organizations; women balancing family and careers (other people's materials); energy and nuclear power; speeches; AMWA; MWIA; photographs of Dr. Morrow; AMWA photos; and National Health Insurance. Full documentation of survey conducted in preparation for paper "Environmental Factors Influencing Women to Become Physicians". Dr. Morrow was AMWA president ca. 1969.

All materials in original folders, contents of folders seem generally relevant to file name but some folders need order.

Box #1	AMWA, balance personal and professional	1951, 1970s
Box #2	Miscellaneous professional, small amount AMWA	mid 1970s
Box #3	AMWA, mostly publicity	1970s
Box #4	80% AMWA, few MWIA files, photos, clippings	1970s
Box #5	Women physicians' questionnaire	
Box #6	75% AMWA, balance personal, professional Lots of loose material	1970s -1980s
Box #7	65% AMWA, 25% personal, 10% MWIA	1960s – 1980s
Box #8	15% AWHs minutes, 65% MWIA, 20% misc professional	1969-1980
Box #9, #10	instruments/artifacts	
Box #11	artifacts and papers, 35% (~20% of carton) AMWA, other prof'l Loose material	1970s
Box #12	45% AMWA, audio tapes, books, mixed loose, few MWIA Lots of loose material	1970s
Box #13	Energy seminar, JAMWA issues	

Inventory of boxes completed June 2000, attached.

MWIA

About 1.5 linear feet are MWIA-related. This material is comprised of papers presented at MWIA Congresses, AMWA representation at MWIA, and correspondence.

Research strengths

Dr. Morrow's papers document her activities concerning the status of women, her research on women physicians and on women in psychiatry. Researchers will find her materials useful as a reflection on Morrow's position as a professional woman during a period when women's roles and status were being challenged and redefined. Materials regarding her affiliation with AMWA, MWIA and the American Psychiatric Association show her active role in researching, broadcasting and improving the status of medical women and women in general.

Processing time

Estimating 25 to 30 hours per foot to arrange and describe at folder level, including a paper finding aid in inventory style, processing the entire collection would take between 338 and 405 hours (or approximately 43 to 50 days).
