

**MCP Hahnemann University
Archives and Special Collections on Women in Medicine
Transfer Receipt**

Accession #: X.1999.40
Date: November 30, 1999

Source: Development Office

Object: .40: MCP estate files (see attached lists); 2.5 linear feet

Date: 1991 and 1993

Notes: Most of these files (those given to the Archives in 1991) had been stored off-site at Pierce Leahy and then returned to the Archives. In 1993 additional estate files were transferred to the Archives by the Development Office and were co-mingled with the earlier group. The attached lists identify the files in this accession. It is evident that there must be more of these estate files in the Archives or at Pierce Leahy, since not all of the files listed are found in these boxes. *Note: There are also some files which are not listed, but which are located within this accession, and conversely, some files that are listed are missing. (See attached lists for detail.)

*It seems that the "missing" files from these lists
are found in acc. # 1999.7.*

all files listed on pages 1 + 2 are part of this accession. The rest are currently missing: 11/30/97 JF

The following MCP estate files have been sent to the Archives:

8/20/91

except for those with a red asterisk, these are missing.
