

DREXEL UNIVERSITY
College of
Medicine

LEARNING EXPERIENCE IN
ANATOMY & PRE-HEALTH
(LEAPH)
SUMMER CAMP

Join the LEAPH Program for a one-week, immersive experience where high school juniors and seniors explore human anatomy inside a real medical school. Students will gain rare, hands-on exposure to the gross anatomy (cadaver) lab, working alongside medical school faculty to understand the structure of the human body in a way few pre-college programs offer.

JULY 13 - JULY 17, 2026
8:30 AM - 4:00 PM

**DREXEL HEALTH SCIENCE
BUILDING, PHILADELPHIA, PA**

\$1,200 PER ATTENDEE
