

DREXEL UNIVERSITY

Graduate School of

**Biomedical Sciences
and Professional Studies**

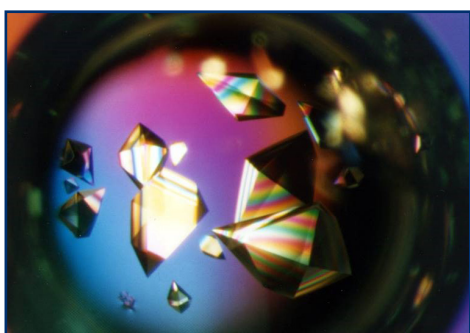

College of Medicine

Graduate Program in Biochemistry

PhD and MS at Drexel University College of Medicine

WHY DREXEL UNIVERSITY COLLEGE OF MEDICINE?

- Interdisciplinary research
- Cutting-edge research facilities
- Center City Campus
- Faculty: Student Ratio = 3:1
- Hands-on lab experience
- Competitive PhD stipend and benefits

AREAS OF RESEARCH

- Protein & RNA Structures & Interactions
- Drug Design & Discovery
- Mechanistic Enzymology
- Virus-host Interactions
- Molecular Machines in Biology & Disease
- Cancer & Molecular Cell Biology

Drug Design | Crystallography | Molecular Machines | Cell Biology

Application Deadlines:

US Applicants: December 15, 2017 (PhD): July 1, 2018 (MS)

International Applicants: December 1, 2017 (PhD): May 1, 2018 (MS)

Application fee waiver for online open house attendees
