## ELAM Nomination Preview

Letters of nomination for applicants to the ELAM Program can be submitted in two ways. If this is your first time submitting a nomination letter please use our online portal, where you can enter your contact info in our system. If you have submitted a letter for prior applicants, and your information is already in our system for verification, you can email your letter to [elamprogram@drexel.edu](mailto:elamprogram@drexel.edu)

The applicant will generate an email invitation to you as they are completing their online application. You will not be able to begin your essay(s) online until the applicant enters the system and sends you an invitation. If you are nominating multiple candidates, you will need to receive an email invite from each candidate and use the unique link in each email to complete the nomination. If you are submitting by email, please make it clear in both the letter, and the body of the email, the specific candidate that the letter is for.

Please contact ELAM if you have any questions: [elamprogram@drexel.edu](mailto:elamprogram@drexel.edu) or 215-991-8240.

As part of your letter of nomination, please answer the following essay questions:

- How would your organization benefit from the candidate's participation?
- How would the candidate benefit from participation?
- How will you work with and mentor your candidate during and after the fellowship?
- How do you envision their career path progressing, potential formal/informal leadership roles, and how will you support them in their career growth?
- What are the qualities of the applicant that make them a good candidate for ELAM?
- What additional information you would like to share about this candidate?
