THE JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified at 20 USC 1092(f) as a part of the Higher Education Act of 1965, is a federal law that requires all colleges and universities to disclose certain timely and annual information about campus crime and security policies.

All public and private institutions of postsecondary education participating in federal student aid programs are subject to this Act. The U.S. Department of Education is the agency charged with enforcement of the Act and is where complaints of alleged violations can be made.

The Clery Act, originally enacted by Congress and signed into law by President George Bush in 1990 as the Crime Awareness and Campus Security Act of 1990, was championed by Howard & Connie Clery after their daughter, Jeanne, a college freshman, who was raped and murdered in 1986.

The law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

Subsequent amendments in 2000 and 2008 added provisions dealing with registered sex offender notification and campus emergency response, respectively. The 2008 amendment specifies new campus safety requirements in the following areas: hate crime reporting and emergency response and evacuation procedures (required of all Title IV institutions) and missing student notification and fire safety issues (required of any Title IV institution that maintains an on-campus student housing facility).

Annual Report

Colleges and universities are required to publish an annual report by October 1st that contains the previous three (3) years' campus crime statistics, fire safety statistics and certain security policy statements, including sexual assault policies, which assure basic victims' rights and explain where students should go to report crimes. The report is to be made available to all current students and employees, while prospective students and employees are to be notified of its existence and afforded an opportunity to request a copy. Colleges and universities can comply using the Internet as long as the required recipients are notified and provided the exact Internet address where the report can be accessed. Printed copies are available upon request. A copy of the statistics must also be provided to the U.S. Department of Education.

Crime Statistics

Each college and university must disclose crime statistics for the campus area, unobstructed public areas immediately adjacent to or running through the campus and certain non-campus facilities including Greek housing and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement and other college and university officials who have "significant responsibility for student and campus activities," such as student judicial affairs officials. Professional mental health and religious counselors are exempt from reporting obligations, but may refer individuals to a confidential reporting system for which the college/university must indicate the availability.

REPORTABLE GEOGRAPHIC LOCATIONS

The Clery Act requires that Drexel University disclose statistics for offenses committed in certain specific geographic locations. To assist in the understanding of reportable locations, maps are provided at www.Drexel.edu/PublicSafety for each of the campuses.

The specific locations are defined as follows:

On Campus

Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by Drexel University in direct support of, or in a manner related to, Drexel University's educational purposes, including residence halls.

In addition, any building or property that is within or reasonably contiguous to buildings or property described in the above paragraph, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

Residence Halls and Fraternities

Considered a subset of the "on-campus" category, the number of crimes reported for residence halls or other residential facilities must be less than or equal to the number of reported crimes for the on-campus category.

Non-campus Building or Property

Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by Drexel University that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

On Public Property

All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. This includes the sidewalk across the street, but does not include property beyond the sidewalk.

DEFINITION OF CRIMINAL OFFENSES

Crime Categories

All reported crimes are categorized in accordance with Uniform Crime reporting requirements established by the Federal Bureau of Investigation (FBI). The Uniform Crime Reporting Handbook located at http://www.fbi.gov/about-us/cjis/ucr/additional-ucr-publications/ucr_handbook.pdf contains definitions and classifications for all crime categories.

Criminal Homicide

Murder and Non-Negligent Manslaughter is defined as the willful (non-negligent) killing of one human being by another.

Negligent Manslaughter is defined as the killing of another person through gross negligence.

Sex Offenses

Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and /or by putting the victim in fear.

Aggravated Assault

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary

The unlawful entry of a structure to commit a felony or a theft.

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle.

Arson

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crimes

The law requires the release of statistics by category of prejudice concerning the occurrence of hate crimes in the crime classifications listed in the preceding section and for other crimes involving bodily injury to any person in which the victim is selected because of the actual or perceived race, gender, religion, national origin, sexual orientation, gender identity, ethnicity, or disability of the victim.

In August of 2008, HEOA S 488, 20 U.S.C. S 1092 (f) (1) F (ii) modified the above hate crimes to include the following additional crimes under the hate crime category:

Larceny Theft

The unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession, of another.

Threats Intimidation (Includes Stalking)

To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Vandalism

To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Simple Assault

An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggrieved bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Arrests or Disciplinary Referrals

The Clery Act requires institutions to disclose both the number of arrests and the number of persons referred for disciplinary action for illegal weapons possession, drug law violations and liquor law violations.

Weapons Violations:

The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature.

Drug Abuse Violations:

The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

Liquor Law Violations:

The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence and drunkenness.

Violence Against Women Reauthorization Act of 2013(VAWA) Crimes

On March 7, 2013, president Obama signed the Violence Against Women Reauthorization Act of 2013(VAWA). In accordance with the act, The Higher Education Act has been amended to include the following crime categories, Domestic Violence, Dating Violence, Stalking and Sexual Assault. Definitions for these offenses are further defined in the [DATING VIOLENCE, DOMESTIC VIOLENCE and STALKING POLICY STATEMENTS](#) section of this document.

Access to Timely Information

Colleges and universities are also required to provide "timely warnings" and a separate, more extensive public crime log. The timely warning requirement is somewhat subjective and is only triggered when the college/university considers a crime that poses an "ongoing threat to students and employees", while the log records all incidents reported to the campus police or security department.

Timely warnings cover a broader source of reports (campus police or security, other campus officials and off-campus law enforcement) than the crime log but are limited to those crime categories required in the Annual Report.

The crime log includes only incidents reported to the campus police or security department but covers

2015 Annual Report of Campus Security and Fire Safety Policies and Procedures

all crimes, not just those required in the annual report. Crimes such as theft are included in the log, and State crime definitions may be used.

Colleges and universities that maintain a police or security department are required to disclose in the public crime log any crime that occurred on campus or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department. The log is required to include the nature, date, time, and general location of each crime as well as its disposition, if known. Incidents are to be included within two (2) business days, but certain limited information may be withheld to protect victim confidentiality, ensure the integrity of an ongoing investigation or to keep a suspect from fleeing. Only the most limited information necessary may be withheld and even then it must be released once the adverse effect is no longer likely to occur.

The log must be publicly available during normal business hours. Students, employees and the general public, such as parents or members of the local press, may access the crime log. Logs remain open for 60 days and subsequently must be available within two (2) business days of a request.

The landmark federal law, originally known as the Campus Security Act, requires colleges and universities across the United States to disclose information about crime on and around their campus. The law is tied to participation in federal student financial aid programs and applies to most institutions of higher education, both public and private. It is enforced by the U.S. Department of Education.

Megan's Law Web Sites

Pennsylvania's legislature has determined that public safety will be enhanced by making information about registered sex offenders available to the public through the internet. Knowledge whether a person is a registered sex offender could be a significant factor in protecting individuals and family members or those in care of a group or community organization, from recidivist acts by registered sex offenders. The technology afforded by the Internet makes information on registered sex offenders readily accessible to the public, enabling them to undertake appropriate precautions to prevent or avoid placing potential victims at risk. Public access to information about registered sex offenders is intended solely as a means of public protection. The Megan's Law Web site is available at www.pameganslaw.state.pa.us

New Jersey law authorizes the Division of State Police to make available to the public over the Internet information about certain sex offenders required to register under Megan's Law. The sex offender Internet registry law can be found in the New Jersey Code at 2C:7-12 to -19. The New Jersey State Police Megan's Law Web site is available at http://www.nj.gov/njsp/info/reg_sexoffend.html

California law, Assembly Bill 488 sponsored by the Attorney General now provides the public with Internet access to detailed information on registered sex offenders. This expanded access allows the public for the first time to use their personal computers to view information on sex offenders required to register with local law enforcement under California's Megan's Law. The California Megan's web site is available at: <http://www.meganslaw.ca.gov/index.aspx?lang=ENGLISH>

DEPARTMENT OF PUBLIC SAFETY OVERVIEW

The Drexel University City Campus, Center City Campus and the Queen Lane Campus are situated in an urban environment. Keeping this in mind, consideration in any new construction or renovation planning includes lighting, video surveillance, electronic security systems and environmental design techniques to provide the highest level of safety for our students, faculty and professional staff.

The Department of Public Safety maintains a close working relationship with local/state/federal law enforcement agencies, local businesses and academic institutions.

Responsibility for Campus Security

The Drexel University Department of Public Safety is responsible for providing security on Drexel's three campuses. To meet this responsibility, the department collaborates with a host of governmental and private public safety organizations along with departments within the University to address safety and security concerns.

The Drexel University Department of Public Safety is made up of six (6) operating units that report to the Vice President for Public Safety. They are: Police, Security, Operations, Fire & Life Safety, Training & Accreditation and Finance & Administration. The Department is staffed by 67 fulltime employees, 6 part-time employees and more than 166 contracted security personnel. All Public Safety employees receive a variety of specialized and continuous training including First Aid, Cardio Pulmonary Resuscitation (CPR) and Automated External Defibrillator (AED).

Drexel University Police Department

The Drexel University Police Department (DUPD) is composed of 39 armed, full-time, sworn municipal police officers who are empowered to enforce Federal and Commonwealth of Pennsylvania laws as well as City of Philadelphia Ordinances at the University's three campuses (University City Campus, Center City Campus, and Queen Lane Campus).

Officers conduct vehicle, bicycle and foot patrols and regularly meet and consult with students, faculty and staff regarding crime prevention and safety issues and share tactical, strategic and investigative information with other law enforcement agencies.

DUPD Detectives are responsible for investigating crimes, complaints and incidents that occur on campus property or within the University's patrol boundaries.

The Drexel University Police Department works in partnership with the Philadelphia Police Department and under the guidelines of a Memorandum of Understanding that defines roles and responsibilities and crime reporting procedures

In November 2011, the Drexel University Police Department received International Accreditation through the Commission on Accreditation for Law Enforcement Agencies (CALEA). The Drexel University Police Department is only one of 51 universities nationwide, the second university in Pennsylvania and

one of 10 police departments out of over 1100 in Pennsylvania to obtain this recognition.

Security Services

Security services, combined with effective community policing and relations, is imperative to providing a safe environment and improving the quality of life on and around the campus. The Security Services Unit is responsible for security officer management of our contracted security partner, AlliedBarton Security.

The security officer force is comprised of 138 officers assigned to the University City Campus and 28 officers assigned to the Queen Lane Campus and Center City Campus.

Additional security services for the Center City Campus are provided and managed by Tenet Health Care Systems.

Public Safety security officers provide service to the Drexel community 24/7 and are responsible for enforcing the policies and procedures set forth by Drexel University. Their primary role includes community patrols by vehicle, bicycle and on foot, which are coordinated with Drexel University Police. They also provide a security presence in residential, academic and administrative buildings as well as special event security and perform 24/7 Walking Escorts. These officers are unarmed and equipped with two-way radios with which they maintain communication with the Public Safety Communications Center.

All security officers receive training in security principles, patrol techniques, authority of arrest, defensive tactics, emergency procedures, crisis intervention, Drexel community orientation and 24 hours of field instruction prior to assignment. Public Safety security officers also receive CPR/First Aid and AED training and are required to complete a certification examination.

Security Services is also responsible for performing security assessments, crime prevention awareness and education.

Fire & Emergency Services

The Fire & Emergency Services Unit manages safety programs and provides emergency response, safety education and awareness training for the three University campuses in Philadelphia.

They also perform life safety inspections of campus buildings, monitor fire system reliability testing, evacuation and shelter-in-place drills. In addition, they participate in construction and renovation planning, serve as the University authority and liaison with regulatory agencies and are responsible for special event fire/life safety.

This unit also has the important responsibility for the development, review and oversight of the University's Emergency Management Program.

Operations

The Operations Unit is responsible for radio and telephony communications, alarm monitoring, installation and management of security technology, crime data analysis, crime mapping, crime reporting and Clery compliance for the Department of Public Safety.

Requests for service are processed through the Public Safety Communications Center (DPSCC), which operates 24 hours a day, seven days a week. The DPSCC is staffed with highly trained personnel certified by the Association of Public Safety Communications Officials (APCO). In addition to receiving, processing and responding to calls for service, DPSCC personnel also monitor burglar, fire and duress alarms from University buildings. They manage the University electronic access control system, perform "virtual

video patrols” of the campus using state-of-the-art Closed Circuit TV (CCTV) and monitor the campus emergency telephone system.

Oversight of the DrexelALERT Emergency Notification System and Drexel Guardian program also falls under the Operations Unit. DrexelAlert enables fast and efficient dissemination of critical information to students, faculty and staff of the Drexel University community a through email, text messaging and by phone, when necessary.

In November 2011, the Drexel University Public Safety Communications Center (DUPSCC) received international accreditation through the Commission on Accreditation for Law Enforcement Agencies (CALEA) making us the first stand-alone college / university communications center in the world to receive this prestigious recognition.

Procedures for Reporting Criminal Activity and Emergencies On-Campus

Anyone reporting an incident should be prepared to provide as much detailed information as possible such as name, location, time, date and a description of the incident and to speak in a clear and calm manner.

Voluntary Confidential Reporting of Crimes – On-Campus

Drexel University has established whistleblower hotlines to make it easy for anyone to report conduct that violates the law, University policy or the University's Code of Conduct in a confidential manner.

It is usually better if you make these reports directly to your supervisor or professor, your Department Head, your Dean or a Vice President; but sometimes that is difficult or impossible.

EthicsPoint

To ensure the confidentiality of all reports, our hotlines are provided by EthicsPoint (<http://www.ethicspoint.com>), an independent service provider used by many colleges and universities across the country.

Be assured, we will share no information with anyone else without your permission. We completely protect you from retaliation for having made good faith reports.

Reports can be made anonymously by calling a toll-free number or online:

Campus Security Authorities

A Campus Security Authority (CSA) is an individual who is an official of the institution that has significant responsibility for student and campus activities, including but not limited to:

- Drexel Police Officers
- AlliedBarton Security Officers
- Title IX Officials
- Professional staff in a dean of students office
- Staff in a student center building
- Student Activities office
- Student Housing Staff
- Student Discipline Staff
- Faculty or staff advisors to student organizations
- Resident Assistants
- Director of Athletics

2015 Annual Report of Campus Security and Fire Safety Policies and Procedures

- Team Coaches
- Athletics Staff
- A coordinator of Greek Affairs
- Physicians in campus health centers
- Victim Advocate or a Sexual Assault Response Team in a campus Rape Crisis Center
- Campus Judicial Proceedings

Under Clery, a crime is reported when a victim, witness, other third party or even the offender brings it to the attention of a CSA or local law enforcement personnel. It does not matter whether or not the individual/s involved in the crime or reporting the crime are associated with the institution. If a CSA receives the crime information and believes it was provided in good faith, he or she should document it as a crime report and provide this report to the Drexel University Department of Public Safety. In “good faith” means there is a reasonable basis for believing that the information is not simply rumor or hearsay. CSAs are not responsible for investigating crimes. Their role is to report all incidents immediately, no matter how minor an incident may seem. All investigations and crime classifications are the responsibility of sworn law enforcement personnel.

There are two classifications of individuals who, although they have significant responsibilities for student and campus activities, are not considered CSAs under Clery. They are pastoral counselors and professional counselors. A pastoral counselor is defined as a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor. A professional counselor is defined as a person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. This definition also applies to professional counselors who are not employees of the institution but are under contract to provide counseling at the institution.

Although pastoral counselors and professional counselors do not have to report crimes that are brought to their attention while serving in an official capacity, they are encouraged to inform their client/s of the procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

If employees are aware of any crimes that occurred on campus that were not reported to Drexel Department of Public Safety, it is important that he/she complete a Crime Statistic Report Form available at <http://www.drexel.edu/crimereport> and return it immediately.

Staff can also view a presentation that educates them on their Clery reporting responsibility. The presentation is available at <http://www.drexel.edu/publicsafety/crimereporting>.

It is important to remember that should at any time a crime be reported to anyone who is deemed as a Campus Security Authority, that individual should not wait until the end of the year to report that incident to Drexel Police, but notify the department immediately by calling 215-895-2222. The Department of Public Safety has a responsibility to notify the University community about any crimes that pose an ongoing threat to the community.

Disclosures to Alleged Victims of Crimes of Violence of Non-forcible Sex Offenses

Drexel University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Drexel University will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Crimes Involving Juveniles

A juvenile is anyone under the age of 18 years. Due to the seriousness of crimes involving juveniles there is an added duty of care. You must immediately report any and all incidents involving juveniles to the Drexel University Police Department at 215-895-2222 OR Philadelphia Police at 9-1-1

Minors Coordinator

Drexel University has been committed to providing the safest and most secure environment for all persons on our campuses. This is especially true for minor children who take part in programs, activities, services and events associated with Drexel University. Policies and procedures have been developed or revised to enhance the steps already undertaken for the protection of minors at Drexel University. The [Protection of Minors and Reporting Child Abuse Policy \(PS-1\)](#) was approved by the President's Cabinet in June 2015 and is being implemented throughout the University and its subsidiaries. This policy was created to address such critical issues as: Oversight and Approval of Programs involving Minors; Requirements for Housing/Hosting Minors on Campus; Standardizing Rules of Conduct for Minors on Campus; and Training for Safe Environment Issues and Mandated Reporting Requirements. The Minors Coordinator can be reached through the Department of Public Safety.

Missing Student Reporting Procedure

Drexel University has established the following procedure to assist in the reporting and location of students reported as missing.

The Higher Education Opportunity Act of 2008 requires that certain universities establish a missing student policy for students residing in on-campus housing. For the purpose of this policy, a missing person will be considered anyone, whose whereabouts are unknown, whatever the circumstances of disappearance. They will be considered missing until located and their well-being established.

Students living in an on-campus student housing facility have the option to register a confidential contact person to be notified in the event that a student over the age of 18 years is determined to be missing. Only authorized campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information. Students who want to register a contact person for this purpose can do so by logging into their DrexelOne account and selecting the "Update Housing Emergency Contact" link, which can be found under the "More BannerWeb Personal Information Menu"

A student shall be deemed missing when someone has a concern regarding the safety and security of a student whose whereabouts are unknown or unexplainable.

Reports of missing students must be directed to the Department of Public Safety, which has the responsibility and authority to investigate each report and make a determination whether the student is missing.

If you suspect that a student may be missing, contact the Department of Public Safety immediately at 215-895-2222.

When reporting a missing person, be prepared to provide the following information:

- Your name & contact information
- Name of missing student
- Any/all contact information for the student
- Time & date last seen
- Location last seen
- Last known destination
- Names of acquaintances
- Any additional information that may be important in helping to locate the missing person

If the Drexel University Police Department's investigation determines that a student for whom a report has been filed is missing, they will notify the Philadelphia Police Department (PPD) within 24 hours and work in conjunction with the PPD to determine the whereabouts of the student. If the student is determined to have been missing for more than twenty-four (24) hours, the Dean of Students and the Vice President of Public Safety or their designees will determine how best to make contact with the listed emergency contact.

If the missing student is under the age of eighteen (18), the University is required to contact the missing student's parent[s] or guardian.

Victim Services

The Office of Student Life and the Office of Equality and Diversity will provide victim support services for sexual assaults. Victims of any other incidents will be assisted by the department of public safety.

CAMPUS INCIDENTS – DISSEMINATION OF INFORMATION

The Department of Public Safety works directly with the Philadelphia Police Department, other law enforcement agencies, businesses and academic institutions to share information related to crimes that impact our campuses and the surrounding communities. The sharing of information allows the Department of Public Safety to provide the students, faculty and professional staff with information that allows individuals to make informed decisions while on campus or traveling in the surrounding communities.

Daily Crime Log

The Department of Public Safety maintains a daily crime log of all incidents in the Public Safety Office located at 3201 Arch Street, Suite 350, during normal business hours. An online version of the daily crime log and crime pin map is available <http://www.Drexel.edu/PublicSafety>. In order to provide the Drexel University Community with the most accurate information available, the crime log notes how each incident is classified related to the reporting requirements under state and federal laws.

Please visit www.Drexel.edu/PublicSafety for the daily updated information related to campus crime.

Student Newspaper

The Department of Public Safety provides a summary of incidents and a copy of the daily crime log to

the editing staff of the student-run newspaper, *The Triangle*. *The Triangle* publishes a summary of campus and community incidents during the regularly published edition of the paper.

PUBLIC SAFETY ALERTS (WARNINGS)

Emergency Notification and Response

DrexelALERT

Drexel University has implemented an emergency notification system called DrexelALERT, which will enable fast and efficient dissemination of critical information to students, faculty and staff of the Drexel University community, including students, faculty and staff of the Drexel University College of Medicine.

Within minutes, DrexelALERT allows the Department of Public Safety to send alerts through text messaging, and e-mail to numerous devices, such as mobile phones, and e-mail accessible devices. This system provides Drexel students, faculty, and staff with an additional layer of security and protection for emergency response, in conjunction with the University's already well-established emergency communication methods, such as Drexel-wide broadcast e-mails, online updates via the Drexel and Public Safety website homepages, and the coordinated use of public media outlets.

DrexelALERT is designed to provide emergency information regarding situations that constitute an ongoing threat to the Drexel community, such as an armed suspect on the loose, active fire or credible bomb threat, to name a few situations. An "all clear" message will be sent once an emergency situation is stabilized and it is deemed to be safe to resume normal activity. DrexelALERTs are not meant to be news releases regarding incidents that may have occurred or do not amount to an ongoing threat.

The effectiveness of this emergency notification system depends upon individuals providing accurate and up-to-date personal contact information.

For further assistance and more information about this system, please visit the DrexelALERT web site www.drexel.edu/publicsafety/security/DrexelAlert.

Additional SMS/Text Message advisories:

DrexelALERT is an emergency alert of an ongoing threat to the campus community; however, the Department of Public Safety may utilize the emergency notification system for three additional types of advisories:

Public Safety ADVISORY is a message for incidents that may impact University operations, such as a major power outage or traffic disruptions.

Public Health ADVISORY is a message regarding potential health concerns, such as the H1N1 virus or a meningitis outbreak.

Campus Weather ADVISORY is a message announcing severe weather, such as a major snowstorm, in which the University may delay or cancel classes and/or operations.

Drexel GUARDIAN

Turn your cell phone into a personalized safety device by downloading the FREE Drexel Guardian application, available for [Android](#) and [Apple](#) devices. In the event of an emergency, Drexel Guardian allows the Drexel Public Safety Communications Center to immediately access

important information about you, such as your name, photograph, important medical information, and location when you initiate contact through the app — dramatically increasing the odds that they can find you and help you during an emergency. The service is free and voluntary, and the information you provide is kept completely confidential.

In order to register for Drexel Guardian, you must first download the Drexel Guardian application. Search “Rave Guardian” in the Apple App Store for iPhones or Google Play Store for Android phones.

How does it work?

Emergency GPS Locator - Based on your cell phone signal, a GPS locator is activated during your self-initiated emergency communication. The registered profile information assists Drexel Public Safety in identifying, locating, and assisting you.

Set a Safety Timer - Notify Drexel Police or people you trust to check in on you if you are alone or in an unfamiliar place by setting a safety timer

Manage & Message Your Guardians – Invite family, friends, or others to be your Guardian, and communicate with them within the app as needed.

Easy Emergency Communication - Call safety officials directly for help if you are in trouble through one-touch dialing and send anonymous text tips – including photos – if you see something suspicious.

For more information on how to register your phone, set up your personal profile, and how to activate Drexel Guardian in an emergency, view [Drexel Guardian’s Frequently Asked Questions](#)

Drexel Guardian is not a substitute for calling Drexel Police (215-895-2222) or Philadelphia Police (911). In the event of an emergency, users are advised to call 215-895-2222 or 911, as Drexel Guardian should not be used as the primary source for an emergency assistance call. Drexel Guardian is an optional back-up alert notification system that users may use at their discretion. As with any cell phone usage, certain factors (such as signal strength, type and quality of your phone carrier, and dead spots) can affect the GPS locator accuracy.

For further assistance and more information about this system, please visit the Drexel GUARDIAN web site at <http://www.drexel.edu/publicsafety/security/drexelGuardian/>

SITUATIONAL AWARENESS & CRIME PREVENTION PROGRAMS

Emergency Call Boxes

Emergency call boxes are strategically placed throughout the University City Campus for safety and security. The emergency call boxes, when activated, automatically contact the Department of Public Safety Communications Center and notify the dispatcher of the caller's exact location.

Whenever a call is received from an emergency callbox, the Public Safety dispatcher will automatically dispatch police and/or security personnel to that location. The Public Safety dispatchers are trained to send officers to call box activation regardless if someone answers or not.

Students and staff are encouraged to learn the locations of the emergency call boxes and to use them for all security-related and emergency communications.

For more information visit, www.drexel.edu/publicsafety/operations/telephones.

Safeguard Your Valuables

“Safeguard Your Valuables” is an ongoing public safety awareness program, launched in collaboration with the Undergraduate Student Government Association (USGA) and the Office of Student Life, to further promote the idea that “safety and security is a shared responsibility”.

We encourage the Drexel community to embrace the philosophy that “safety and security is a shared responsibility” and take simple, yet important steps to keep their personal items safe.

- Keep your personal items secured at all times
- Always lock and never prop doors
- Secure your bicycle with a U-Lock
- Remove personal and electronic items from vehicles that are in plain view

Bicycle Registration

All Drexel students, faculty and professional staff members are encouraged to register their bicycles with Drexel Public Safety. The goals of this program are to heighten awareness in the University community, deter would-be thieves and provide law enforcement with valuable crime-solving information. This free service takes only a few minutes to complete and includes:

- Documentation of bicycle description, serial number, and owner information
- Engraving your bicycle with a registration number
- A registration program sticker applied to your bicycle
- An information booklet

The Drexel University Police/Residential Living Liaison Program

This program is designed to develop and maintain open lines of communication between residence hall managers, student residents, Greek Houses and the Drexel University Police Department. The Drexel police officer assigned to each residence hall and Greek House provides safety and security programming for that building, answers questions and addresses issues that staff or residents may have.

DATING VIOLENCE, DOMESTIC VIOLENCE and STALKING POLICY STATEMENTS

Education Programs

The University educates all members of the University community about sexual misconduct and violence prevention through various programs, including mandatory freshman orientation programs each fall, through direct outreach to upper classmen that are living in the residence halls or a member of fraternities and sororities, and to employees through both online and in-person programs. The entire student population receives information about Title IX, the University's Title IX resource page, and sexual assault reporting in the Provost's newsletter each term. The Office of Equality and Diversity also offers sexual assault education and information programs to University students and employees upon request. Information on non-stranger rape education, violence prevention, bystander prevention programming, risk reduction and University response is available on the University's website at <http://www.drexel.edu/oed> and directly through the Office of Equality and Diversity.

Drexel University seeks to foster a safe and healthy environment based on trust and respect. The University is committed to providing an environment free from discrimination, including discrimination based on sex, and has a zero-tolerance policy concerning any and all forms of sexual harassment and misconduct. The University prohibits sexual and gender-based harassment and misconduct in any form, including, but not limited to, sexual assault, sexual violence, sexual abuse, stalking, intimate partner violence and any form of nonconsensual sexual conduct.

Definitions

Domestic Violence

A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, a person with whom the victim shares a child in common, a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under the Violence Against Women Reauthorization Act - VAWA], or any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship; the type of relationship; and the frequency of interaction between the persons involved in the relationship.

Stalking

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.

Sexual Assault

An offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigations.

Consent

Consent is defined under Drexel University's Sexual Harassment and Misconduct Policy as a freely and affirmatively communicated willingness to participate in sexual activity or behavior, expressed either by

words or clear, unambiguous action. Consent consists of an outward demonstration indicating that an individual has freely chosen to engage in sexual activity. Consent may not be inferred from silence, passivity, lack of resistance or lack of active response. Consent must be present throughout the sexual activity.

Under the University's Policy, an individual who is incapacitated is not able to make rational, reasonable judgments and therefore is incapable of giving consent. Incapacitation is defined as the inability, temporarily or permanently, to give consent, because the individual is mentally and/or physically helpless due to drug or alcohol consumption, either voluntarily or involuntarily, or the individual is unconscious, asleep or otherwise unaware that the sexual activity is occurring. In addition, an individual is incapacitated if he/she demonstrates that he/she is unaware of where he/she is, how he/she got there, or why or how he/she became engaged in a sexual interaction. Where alcohol is involved, incapacitation is a state beyond drunkenness or intoxication.

The University provides the following additional information in its Policy:

Some indicators of incapacitation may include, but are not limited to, lack of control over physical movements, being unaware of circumstances or surroundings, or being unable to communicate for any reason. An individual may experience a blackout state in which he/she appears to be giving consent, but does not actually have conscious awareness or the ability to consent. It is especially important, therefore, that anyone engaging in sexual activity be aware of the other person's level of intoxication.

Definition of Consent - Pennsylvania Law

Title 18 § 311. Consent. -

<http://www.legis.state.pa.us/cfdocs/legis/LI/consCheck.cfm?txtType=HTM&ttl=18&div=0&chpt=3&sctn=11&subsctn=0>

- (a) General rule.--The consent of the victim to conduct charged to constitute an offense or to the result thereof is a defense if such consent negatives an element of the offense or precludes the infliction of the harm or evil sought to be prevented by the law defining the offense.
- (b) Consent to bodily injury.--When conduct is charged to constitute an offense because it causes or threatens bodily injury, consent to such conduct or to the infliction of such injury is a defense if:
- (1) Conduct and the injury are reasonably foreseeable hazards of joint participation in a lawful athletic contest or competitive sport; or
 - (2) Consent establishes a justification for the conduct under Chapter 5 of this title (relating to general principles of justification).
- (c) Ineffective consent.--Unless otherwise provided by this title or by the law defining the offense, assent does not constitute consent if:
- (1) It is given by a person who is legally incapacitated to authorize the conduct charged to constitute the offense;
 - (2) It is given by a person who by reason of youth, mental disease or defect or intoxication is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense;
 - (3) It is given by a person whose improvident consent is sought to be prevented by the law defining the offense; or
 - (4) It is induced by force, duress or deception of a kind sought to be prevented by the law defining the offense.

Definition of Consent - California Law

Penal Code Section 261-269 - <http://www.leginfo.ca.gov/cgi-bin/displaycode?section=pen&group=00001-01000&file=261-269>

261.6. In prosecutions under Section 261, 262, 286, 288a, or 289, in which consent is at issue, "consent" shall be defined to mean positive cooperation in act or attitude pursuant to an exercise of free will. The person must act freely and voluntarily and have knowledge of the nature of the act or transaction involved. A current or previous dating or marital relationship shall not be sufficient to constitute consent where consent is at issue in a prosecution under Section 261, 262, 286, 288a, or 289. Nothing in this section shall affect the admissibility of evidence or the burden of proof on the issue of consent.

261.7. In prosecutions under Section 261, 262, 286, 288a, or 289, in which consent is at issue, evidence that the victim suggested, requested, or otherwise communicated to the defendant that the defendant use a condom or other birth control device, without additional evidence of consent, is not sufficient to constitute consent.

Definition of Consent - New Jersey Law

The definition of consent is contained within Title 2C:14-1 and Title 2C-14-2 –

Bystander Intervention

The University expects all community members to take reasonable and prudent actions to prevent or stop an act of sexual harassment or misconduct. Taking action may include direct intervention, calling law enforcement, or seeking assistance from a person in authority. Community members who choose to exercise this positive moral obligation will be supported by the University and protected from retaliation. This expectation is articulated in the University's Sexual Harassment and Misconduct Policy. The University provides information and resources regarding safe and effective bystander intervention options on its Title IX Resources page, and through in-person trainings.

The University's Bystander Intervention web page can be found at

Risk Reduction

Title IX Trainings:

Title IX Coordinator and Deputies continued to receive ongoing training regarding the dynamics and compliance issues surrounding sexual and gender-based misconduct.

Title IX Deputy Coordinators for Students travelled to New York City on June 11-12, 2015 to attend an intensive two-day Title IX training presented by the Association for Title IX Administrators.

Hamilton LLP conducted Fall 2014 trainings.

Representatives from OED attended a “Train the Trainer” program in December 2014 to become qualified to conduct Bystander Intervention trainings for members of the University community. The “Bringing in the Bystander” program is a prevention model developed by University of New Hampshire-based Prevention Innovations focusing on the social dynamics of sexual violence and misconduct, and the opportunities that are frequently present for certain individuals to act in a manner that addresses or prevents misconduct before it occurs.

Student Orientation

New Students

Drexel Public Safety gives a presentation during New Student Orientation featuring information on sexual assault prevention and reporting.

In summer 2014, students also participated in an interactive skit presenting a range of troubling scenarios, which asked students to intervene in ways that affected the outcome of the skit.

Orientation Leaders, who were trained by University staff on the topic, facilitated discussion questions. A skit on sexual assault was presented two times a week from July 7 to Aug. 5 and again on Sept. 16-17. Students were also referred back to the Sexual Harassment and Misconduct Policy for additional information regarding the University's approach to these issues.

Student-Athletes: Student-athletes attended mandatory orientation meetings/trainings offered on three separate occasions in the beginning of the academic year. The PowerPoint and Q&A sessions included the topics of hazing, sexual harassment and Title IX resources.

Parents and Families: Drexel Public Safety gave a presentation during Parent and Family Orientation focused on sexual assault prevention and reporting. A discussion of Title IX and sexual assault were also introduced using a video in a workshop facilitated by Drexel professional staff called, "The University Panel."

Counseling Center Outreach

National Hillel Training – Drexel professional staff participate in national Hillel training on Title IX and Clery Reporting.

Hillel Sex and Consent Workshop – This workshop is held for members each year. Will be held in spring 2015.

Dragons Against Hazing: Sexual harassment/assault and alcohol are discussed as a part of the year-round hazing prevention initiative. In the Fall 2014 term, a workshop was presented to all freshman student athletes, which included information on the prevention of hazing of all types (physical and psychological) and discussed sexual harassment and assault in the context of hazing.

Alcohol, Other Drugs and Health: Professional staff hosted workshops focusing on sexual assault and alcohol education for six sororities in collaboration with Public Safety in 2013-14. A staff member is currently advising a student group that is working toward official recognition, “Students Organized Against Sexual Assault.”

Sexual Assault Awareness Campaign- April 2015-- OED partnered with Drexel Athletics, University Communications, the Office of Fraternity and Sorority Life, and Residential Living to create an awareness and prevention campaign for the month of April, 2015. The campaign consisted of a series of events and promotions designed to raise awareness and develop unity regarding the issue of sexual violence on campus, including:

Informational Brochures, Magnets, and Posters: OED distributed over 1,000 brochures, magnets, and posters during the April campaign. All materials were branded to promote the “Don’t ignore sexual violence, See Something. Hear Something. Know Something. Say Something!” slogan, and

were teal-colored. These promotional materials were distributed through Street Teams to members of the University Community, and were also placed in Residence Halls, University offices, and other high visibility places around campus. OED has continued to post and distribute these materials to the University community year-round.

“Teal Tuesday” T-shirt Campaign: Every Tuesday during the month of April, members of the University community were encouraged to wear teal to raise awareness about Sexual Violence Prevention. OED distributed teal t-shirts emblazoned with the “See Something, Hear Something, Know Something, Say Something!” logo to high-visibility members of the University community, including Residential Living (particularly RA’s), Greek Life, Athletics, and Rec Center employees. Shirts were also handed out to the student body at-large, along with informational brochures and magnets. OED distributed 2,000 t-shirts during the campaign.

Take Back the Night: Sigma Psi Zeta Sorority hosted Take Back the Night on April 3, 2015. The event included speakers from the Office of Equality and Diversity, the College of Nursing and Health Professions, the School of Public Health and Public Safety, who spoke about the cycle of violence, sex trafficking, domestic abuse and sexual assault. A Counseling Center staff member serves as staff advisor for the sorority.

Sexual Assault Awareness Video: OED partnered with a videographer from University Communications to create a 2 minute video as a key promotional item for the Sexual Violence Awareness & Prevention Campaign in April 2015. The video featured President John Fry, and touched on Drexel’s efforts to address the issue of sexual violence, to encourage reporting of sexual assault and misconduct, and to highlight Drexel’s efforts to prevent sexual assault and misconduct on campus. The video was disseminated to the entire University community via campus-wide communications, and has 300 views on YouTube to date. The video is available for viewing at <https://www.youtube.com/watch?v=VGMQKXitUCM>.

University-wide E-mail Communications: OED partnered with University Communications and President Fry to raise awareness about Sexual Violence and the University’s efforts to respond to sexual violence through a series of weekly university-wide emails. These emails included information about the April campaign, links to OED’s Sexual Harassment and Misconduct policy, Bystander Intervention webpage, and Sexual Assault Awareness Video, as well as promotional logos with the “See Something. Hear Something. Know Something. Say Something!” slogan.

S.A.F.E.: Students Advocating Feminism and Equality (S.A.F.E.) hosted an interactive workshop on consent during Social Justice Week on April 30. The workshop discussed the importance of consent and how it differentiates between a fun sexual interaction and rape.

Residential Liaison Program: A Drexel Police Officer is assigned to meet with the student occupants and professional staff of our residences, fraternities and sororities to discuss the prevention and reporting of sexual assault, stalking and harassment.

Public Safety/Athletics Partnership: The two departments work together with student-athletes to proactively address substance abuse, sexual assault, harassment, stalking and general safety and security topics.

Reporting Sexual Misconduct

Emergency/Immediate Reporting Options

The University encourages all individuals to seek assistance from a medical provider and/or law enforcement immediately after an incident of sexual misconduct to address any concerns about personal safety and physical and emotional well-being. This is the best option to ensure preservation of evidence and to begin a timely investigative and remedial response. The University will assist any Drexel community member to get to a safe place and will provide transportation to the hospital or local law enforcement.

Students and employees who have experienced sexual misconduct are encouraged to seek the assistance of the Drexel University Department of Public Safety, (215) 895-2222, or by calling 911. A report can be made 24 hours a day, 7 days a week.

A student or employee can request and receive the assistance of the Department of Public Safety without making a criminal complaint. Not all sexual misconduct constitutes criminal behavior. Law enforcement authorities can assist in determining whether the conduct experienced was criminal in nature and warrants a criminal complaint. If the incident occurred off campus, an officer can assist in contacting the appropriate law enforcement agency.

Medical Treatment

Students and employees are also encouraged to seek medical treatment.

Centralized University Reporting Options

To enable the University to respond to all reports in a prompt and equitable manner, any individual who wishes to report an incident of sexual harassment or misconduct is encouraged to make a direct report to:

Office of Equality and Diversity and the University's Title IX Coordinator at | 215-895-1405 or Title IX at drexel.edu

The University recognizes, however, that a student or employee may choose to report sexual harassment or misconduct to any trusted employee of the University. For example, a student may choose to confide in a Resident Advisor, a faculty member, or a coach. Similarly, an employee may choose to confide in a supervisor.

The University encourages all individuals, whether as a Complainant or a third party, to report incidents of sexual harassment or misconduct involving a member of the Drexel community to the Drexel University Police Department or 911 and the Title IX Coordinator or Deputy Title IX Coordinator(s). Any incident involving a Drexel student, employee or visitor should be reported regardless of where or when it occurred.

All officers, deans, department heads, faculty members, academic advisors, directors, supervisors, and professional staff, student employees or volunteers who are responsible for student welfare must report any and all incidents of discrimination and harassment to Title IX Coordinator in the Office of Equality and Diversity, regardless of whether or not the individual witnessed the incident or learned of it through the Complainant or a third party.

Title IX Team

The Title IX Coordinator, working with the Title IX team, ensures that the University responds to all reports in a timely, effective and consistent manner. The Title IX Coordinator is charged with the review, investigation and resolution of all reports to ensure consistent application of policy and the integrated provision of interim measures to support the individuals involved and protect campus safety. The Title IX team always consists of: Title IX Coordinator, Deputy Title IX Coordinator(s), and Department of Public Safety. Depending on the nature of the report, it may also include Office of Student Conduct and Community Standards, the Dean of Students, Residential Living, Fraternity and Sorority Life, the Director of Human Resources and the Provost's Office, as applicable.

Choosing Whether and Where to Report

The University recognizes that an individual's decision whether or not to report sexual harassment or misconduct is personal, and that there is no one "right" way to respond. Not every individual will be prepared to make a report to the University or to law enforcement, and individuals are not expected or required to pursue a specific course of action. Moreover, an individual does not have to decide whether or not to request a specific course of action at the time the report is made. The University recognizes that choosing to make a report, and deciding how to proceed after making the report, can be a process that unfolds over time. At all times, the University will seek to respect an individual's autonomy in making these important decisions.

There are [Confidential Resources](#) on campus and in the community available to individuals

not wishing to make a make a report to the University. A list of confidential resources is provided on the University's Title IX website and brochures and all Title IX trainings include information about confidential resources.

The University respects the privacy interests of all individuals. All information reported will be shared only with those University employees who will assist in the investigation and/or resolution of the complaint.

Anonymous Reporting

Any individual may make an anonymous report concerning an act of sexual harassment or misconduct. An individual may report the incident without disclosing his/her name, identifying the Respondent or requesting any action. Depending on the level of information available about the incident or the individuals involved, however, the University's ability to respond to an anonymous report may be limited.

Anonymous reports may be made by telephone to the Drexel University Ethics Point Hotline: 866-358-1010 or online at www.drexel.ethicspoint.com. EthicsPoint is a service that allows anyone to report suspected misconduct or other issues with complete confidentiality. This service allows the person making the report and University administrators to confer about additional details, while the reporting party's identity remains confidential. All reports will go to the Title IX Coordinator.

Anonymous crime tips can also be sent using the Drexel Guardian mobile application. Details about this mobile app are found on [page 19 of this document](#).

Time Frame for Making a Complaint

There is no time limit on making a complaint of sexual misconduct to University administration. However, individuals are strongly encouraged to report incidents of, or share information about, sexual misconduct as soon as possible after the incident occurs. Complainants are informed that the thoroughness of a sexual misconduct investigation is greatly enhanced if evidence is collected, preserved and maintained, witnesses are located and statements are memorialized immediately.

The University may not be able to pursue disciplinary action against an individual who is no longer affiliated with the University. The University, however, will still conduct a Title IX review, offer appropriate accommodations to a Complainant, and take appropriate action to eliminate a hostile environment.

Coordination with Law Enforcement

The University encourages Complainants to pursue criminal action for incidents of sexual harassment or misconduct that may also be crimes under Pennsylvania law. In every case of sexual violence, the University, through the Department of Public Safety, will notify the Philadelphia Police Department of the allegations. The University will also assist a Complainant in making a criminal report and will cooperate with law enforcement agencies if a Complainant decides to pursue the criminal process to the extent permitted by law. However, a Complainant may also choose not to pursue criminal action, and under most circumstances, the Philadelphia Police Department will not force a Complainant to pursue charges if he/she is not willing to do so.

A Complainant may seek resolution through the University's complaint process, may pursue criminal action, may do one but not the other, or may do both. The University's policy, definitions

and burden of proof may differ from Pennsylvania criminal law. As such, neither law enforcement's determination of whether or not to prosecute a Respondent, nor the outcome of any criminal prosecution, will be determinative of whether sexual harassment or misconduct under this policy has occurred. Proceedings under the University's Sexual Harassment and Misconduct Policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.

At the request of law enforcement, the University may agree to defer its Title IX fact-gathering until after the initial stages of a criminal investigation. The University will nevertheless communicate with the Complainant regarding Title IX rights, procedural options and the implementation of interim measures to assure safety and well-being. The University will promptly resume its Title IX fact-gathering as soon as law enforcement has completed its initial investigation.

Amnesty for Students Who Report Sexual Misconduct

The University encourages reporting and seeks to remove any barriers to reporting by making the procedures for reporting transparent and straightforward. The University recognizes that an individual who has been drinking or using drugs at the time of the incident may be hesitant to make a report because of potential Student Conduct consequences for his/her own conduct. An individual who reports sexual harassment or misconduct, either as a Complainant or a third party witness, will not be subject to disciplinary action by the University for his/her own personal consumption of alcohol or drugs at or near the time of the incident, provided that any such violations did not and do not place the health or safety of any other person at risk. The University may, however, initiate an educational discussion or pursue other educational remedies regarding alcohol or other drugs.

Statement Against Retaliation

It is a violation of University policy to retaliate in any way against an individual or a group because the individual or group of individuals reported an allegation of sexual harassment or misconduct. The University recognizes that retaliation can take many forms, may be committed by an individual or a group against an individual or a group, and that a Respondent can also be the subject of retaliation by the Complainant or a third party. The University will take immediate and responsive action to any report of retaliation and may pursue disciplinary action as appropriate.

Special Reporting Obligations for Suspected Abuse of a Child

As required by State Laws and Drexel Policy, all Drexel University Employees, Volunteers, Non-Employee Associates, persons affiliated with External Sponsors and Independent Contractors are considered Mandated Reporters of suspected (or actual) instances of child abuse if they have Direct Contact with Minors. The term, "child abuse" includes any suspicion or knowledge of physical abuse, psychological abuse, neglect and sexual abuse or exploitation, including the creation, possession, or viewing of child pornography.

Even if persons are not deemed to be Mandated Reporters under the law, all persons with suspicion or knowledge of child abuse are strongly encouraged to make a voluntary report of such suspected or actual child abuse in the same manner as mandated reporters.

Reporting Child Abuse in Pennsylvania, Call 800-932-0313 (TDD: 866-872-1677)

The ChildLine and Abuse Registry Intake Unit (800-932-0313) is available 24 hours to receive reports of suspected child abuse. Mandated Reporters who come into contact with children are required to report when they have reasonable cause to suspect that a child under the care, supervision, guidance or training of that person or of their agency, institution or organization is an abused child. In addition, Voluntary Reporters may report suspected abuse, even if the individual wishes to remain anonymous.

After making the report to ChildLine, employees are also required to report suspected abuse internally to the Department of Public Safety as described in the [Protection of Minors and Reporting Child Abuse Policy \(PS-1\)](#).

More information about the Pennsylvania Department of Public Welfare's ChildLine and Abuse Registry can be found at:
<http://www.dhs.state.pa.us/forchildren/childwelfareservices/calltoreportchildabuse/>

The University will promptly investigate and respond to all reports of sexual misconduct and harassment in an integrated, consistent manner that treats each individual with dignity and respect. The University will ensure that the review and resolution processes be prompt and equitable.

Procedures for Institutional Disciplinary Action

The Title IX Coordinator oversees the resolution of reported sexual harassment and misconduct through the University's complaint processes. The process will be determined by the role of the Respondent: Complaints against students will be resolved under the Student Code of Conduct, and Complaints against all employees (both faculty and professional staff) will be resolved under the Equality and Non-Discrimination Policy. Each process is guided by the same principles of fairness and respect for all parties. Before any disciplinary action is taken, all parties will have notice of the allegations, the opportunity to respond, and the opportunity to be heard. Resources are available for both students and employees, whether as Complainants or Respondents, to provide guidance and support throughout the investigation and resolution of the complaint.

UNIVERSITY POLICY CONCERNING MONITORING STUDENT OFF-CAMPUS CRIME

Drexel University works in conjunction with the Philadelphia Police Department and other law enforcement agencies in order to monitor criminal activity at off-campus locations. The Philadelphia Police Department routinely provides information to the University regarding incidents involving students residing or visiting Philadelphia.

All reports of incidents received by the Philadelphia Police Department that are known to involve Drexel University students are indicated as such through their reporting system. Other university police agencies also report incidents involving Drexel students on their campuses. Students who participate in illegal activity or detrimental behavior at off-campus locations are held accountable by means of the University's Code of Conduct.

University police officers on patrol are equipped to monitor radio dispatches from other local police departments. Reports to the Department of Public Safety involving students as victims in off-campus incidents are recorded and assistance is rendered in regard to appropriate support services available at the University.

UNIVERSITY POLICY ON REPORTING CRIMINAL INCIDENTS TO STATE & LOCAL POLICE

The Department of Public Safety collects and analyzes past and current crime data and processes them using established methodologies and advanced technology. The information is then used to determine patterns of criminal activity so Drexel Public Safety can quickly react by effectively allocating resources and, when warranted, make timely notifications. The data are also used to strategically coordinate deployment and appropriately respond with other law enforcement and public safety entities including the Philadelphia and University of Pennsylvania Police Departments.

CLERY COMPLIANCE

The [Handbook for Campus Crime Reporting \[PDF\]](#) assists universities and colleges in meeting the regulatory requirements of the Crime Awareness and Security Act (Title II of Public Law 102542), also known as the [Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or the Clery Act](#). The handbook covers such topics as Classifying and Defining Clery Crimes, Timely Warnings, the Daily Crime Log and Annual Disclosure Requirements.

PENNSYLVANIA CRIMES CODE

Drexel University is mandated by [Pennsylvania Crimes Codes Section 33.111](#) to disclose crime statistics. "Each institution of higher education shall annually report crime statistics and rates to the State Police in the form and manner required by the State Police, for publication in the Pennsylvania uniform crime report, Crime in Pennsylvania."

UNIVERSITY BUILDING ACCESS CONTROL POLICY

Most Drexel University buildings are equipped with electronic access control devices (proximity card readers) that serve as keys allowing individuals to enter certain University buildings. Access control privileges are determined and assigned by University administrators based on specific needs and requirements of the University and the cardholder. It is a violation of University policy to attempt to use a University ID card to enter any area for which access has not been authorized or to lend or borrow the ID card of another person.

Student Housing Facilities Security at Drexel University

All University residence halls require students to use their University ID to enter their assigned building. Guests are required to show ID and follow all Drexel policies and procedures. Residents are responsible for the actions and behavior of their guests at all times.

Residence hall main entrances are staffed 24 hours per day, 365 days a year. During late night hours, building access is monitored by uniformed Public Safety security officers.

- Access to residence halls is only permitted through the main entrance.
- Reception desks are the access control point for all residence halls.
- Emergency assistance can be obtained quickly through the reception desk.
- Residents should be alert for tailgaters and propped doors.
- Residents' rooms should **always** be locked.

For more information, visit the Office of University Housing website at www.drexel.edu/housing.

Security Considerations Used In the Maintenance of Campus Facilities, Including Landscaping, Groundskeeping and Outdoor Lighting

University facilities and campus lighting are maintained to minimize hazardous conditions and ensure safety and security. Malfunctioning lights and other unsafe conditions are routinely reported to the Facilities Department during building inspections for repair or correction. Other considerations, doors, windows, door hardware are also checked for efficient operation.

UNIVERSITY ALCOHOL AND ILLEGAL DRUG POLICY

The possession, use, distribution or sale of narcotics or drugs, other than those medically prescribed, properly used and stored in the original container, by students, staff or visitors on University property or while on University business are prohibited. Off-campus possession, use, distribution or sale of narcotics or drugs by students or staff are inconsistent with the University's policies and goals, a violation of local and state laws and therefore prohibited. Any and all types of drug paraphernalia including, but not limited to bong, pipes, and any items modified or adapted so that they can be used to consume drugs are not permitted on University property.

Drexel's policy regarding alcohol is consistent with the laws of the Commonwealth of Pennsylvania. The consumption, distribution or service of alcoholic beverages must comply with the Pennsylvania Liquor and Crimes Code, which defines the lawful consumption and service of alcohol and prescribes sanctions for violations.

The University's policies on substance abuse and alcoholic beverages are outlined in the Drug-Free Schools and Communities Act located online (http://drexel.edu/studentlife/community_standards/studenthandbook/drug_free_schools_and_communities_act/), along with related information on University sanctions for violation of these policies, criminal sanctions for the illegal possession or distribution of drugs and alcohol, health risks of drugs and alcohol, and places to get help concerning the illicit use and abuse of alcohol and drugs.

Faculty and staff who have concerns about enforcement of the Alcohol and Other Drugs Policy should contact Human Resources at 215-895-2850. Students who have concerns about enforcement of the Alcohol and Other Drugs Policy should contact the Dean for Student Life at 215-895-2501.

DRUG AND ALCOHOL ABUSE PROGRAMS AT DREXEL UNIVERSITY

Support for Drug and Alcohol issues and concerns is available through a coordinated campus network, which includes the [Drexel University Counseling Center](#), Drexel's Residence Life Office, and [The Haven at Drexel](#), a recovery house located near campus. Up to date information on available assistance and resources can be found on our Alcohol and Drug Education [website](#).

UNIVERSITY POLICY ON POSSESSION AND USE OF WEAPONS

No student, faculty, professional staff or visitor shall keep, use, possess, display or transport any rifles, shotguns, handguns, pellet or BB guns, dangerous knives, billy clubs, makeshift weapons, martial arts weapons or any other lethal or dangerous devices capable of casting a projectile by air, gas, explosion, or mechanical means on any property or in any building owned or operated by the University, or in any vehicle on campus. Realistic facsimiles of weapons are also specifically not allowed.

The Executive Vice President, Treasurer, and Chief Operating Officer and the Vice President for Public Safety have the authority to permit the use and possession of weapons on campus by recognized law enforcement officials.

The Drexel **Reserve Officers' Training Corps (ROTC)** is authorized to store, transport in a secured manner, and use firearms only in designated areas approved by the ROTC program when performing functions associated with their official duties.

POLICY REGARDING EMERGENCY RESPONSE AND EVACUATION PROCEDURES

The University's Emergency Preparedness and Response Plan includes information about Incident Response Teams, University operating status parameters, incident priorities and performance expectations, shelter-in-place and evacuation guidelines and local contingency and continuity planning requirements.

University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The University conducts numerous emergency response exercises each year, such as table top exercises, field exercises, and tests of the emergency notification systems on campus. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution.

DUPD police officers and supervisors have received training in Incident Command and Responding to Critical Incidents on Campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually DUPD, Philadelphia PD and the Philadelphia Fire Department, and they typically respond and work together to manage the incident. Depending on the nature of the incident, other Drexel Public Safety (DPS) departments and other local, state or federal agencies could also be involved in responding to the incident.

General information about the emergency response and evacuation procedures for DPS are publicized each year as part of the institution's Clery Act compliance efforts, and that information is available on the Drexel University Public Safety website. Information and updates to the Drexel University Emergency Preparedness and Response Plan are available on the Drexel University Public Safety Emergency Preparedness website at <http://www.drexel.edu/publicsafety/emergencypreparedness/>.

Notification to the Drexel University Community About an Immediate Threat

Drexel University Department of Public Safety receives information from various offices/departments on campus, such as the DUPD, the Office of Safety and Health, and the City of Philadelphia's Office of Emergency Management (OEM). If DPS confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the Drexel University community, DPS senior management will collaborate to determine the content of the message and will use some or all of the systems described below to communicate the threat to all or part of the Drexel University community as deemed necessary. Senior management will, without and taking into account the safety of the community, determine the content and scope of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: DPS, Philadelphia PD and Philadelphia Fire Department), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In the event of a serious incident that poses an immediate threat to all or part of the Drexel University community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to all or part of the Drexel University campus community. These methods of communication include network

emails, emergency text messages that can be sent to a phone or PDA via DrexelALERT and local news media outlets. The University will post timely updates during a critical incident on the Drexel Public Safety web site at and on the many INFONET screens located throughout campus.

Drexel University students, faculty and professional staff can get additional details about DrexelAlert on [page 18](#) of this document.

Emergency Evacuation and Shelter-in-Place Procedures

Evacuation drills are conducted by the Fire and Life Emergency Services unit of the Department of Public Safety for the following campuses: University City, Center City and Queen Lane. The emergency response and evacuation procedures are tested at least twice each year and, for some of the buildings, four times a year. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. DPS does not tell residents in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, DPS and Housing Programs staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At Drexel University, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants “practice” drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components. Evacuation drills are monitored by DPS and the Housing Programs Department, to evaluate egress and behavioral patterns. Reports are prepared by participating departments that identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Students receive information about evacuation and shelter-in-place procedures during their first floor meetings and during other educational sessions that they can participate in throughout the year. The House Staff members are trained in these procedures as well and act as an ongoing resource for the students living in residential facilities.

Publicized and Unpublicized Drills and Exercises

DPS conducts numerous announced and unannounced drills and exercises each year and conducts follow-through activities designed for assessment and evaluation of emergency plans and capabilities. Fire and Life Safety coordinate announced and unannounced evacuation drills each semester, as described above, to test the emergency response and evacuation procedures, and to assess and evaluate the emergency evacuation plans and capabilities. Announcements for publicized drills will be made using email, the Drexel Public Safety Website.

If an incident occurs and the buildings or areas become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose population to that danger. Shelter in Place information is posted in every lobby or elevator lobby on each floor of every building.

FIRE SAFETY – PROCEDURES, STATISTICS, REPORTS and DOCUMENTATION

The Fire and Emergency Services unit promotes and supports a safety-conscious campus through professional consultation, education, training, and delivery of services designed to provide a fire-safe environment for the Drexel University community.

As part of the overall concern for life safety in student residences, all University residence halls and fraternity/sorority chapter houses, are fully equipped with automatic fire alarms, smoke detectors, automatic fire suppression equipment, and fire extinguishers. In addition, all new construction requires automatic fire detection and suppression systems.

Smoking

Smoking is not permitted in any university owned/leased facility. Anyone found smoking in violation of University policy will face appropriate corrective action. Students will be charged for any related maintenance or cleaning as the result of smoking in a residential facility. Smoking is prohibited around entrances, exits, and perimeters of all buildings ([See Smoke-Free University in the Drexel University Code of Conduct](#)).

Decorations

Residents are encouraged to decorate their assigned houses in order to make their residential community feel like home. Residents are expected to decorate with adherence to the following:

- All decorations must be fire-resistant.
- Only Underwriters Laboratory (UL) or Factory Mutual (F.M.) approved cool bulbs are allowed.
- Natural trees and cut tree bough are not allowed in any University properties.
- No one is permitted to hang any items from the sprinkler piping, sprinkler heads, or any room electrical wiring.
- Decorations may not obstruct free passage of hallways, entry /exits, smoke / heat detectors or exit signs.
- Electrical decorations must be kept away from metal doorframes; lights must be strung so a door will not close on the wiring.
- No permanent alterations may be made.

Open Flame

Open flames are not permitted. Open flames are a leading cause of house fires nationwide. The lighting and burning of candles, incense, or any other item with an open flame is not permitted. Candles are not permitted for decorative purposes.

Permitted and Non-Permitted Items

There are various items that are not appropriate for use in student rooms for safety reasons. Possession of one or more of these items can subject the occupant(s) of the room to a fine and possible disciplinary action.

Examples of Non-Permitted Items (This list is not exhaustive):

- Candles
- Extension Cords
- Flammable liquids, gases or other substances
- Halogen lamps
- High wattage electrical appliances
- Hot plates

- Illegal drugs
- Incense and incense holders
- Indoor grills
- Live or cut Christmas trees

Fire Emergencies

A fire emergency exists whenever:

- A building fire alarm is sounding
- An uncontrolled fire or imminent fire hazard occurs in any building or area on campus
- There is the presence of smoke or the odor of burning
- There is spontaneous or abnormal heating of any material, an uncontrolled release of combustible or toxic gas, or a flammable liquid spill

What to Do If There is a Fire

Campus buildings are to be immediately and totally evacuated whenever the building fire alarm is sounding. Upon discovery of a fire emergency, an individual must accomplish or see to the following actions:

- SOUND AN ALARM! Activating the building fire alarm immediately notifies Drexel Public Safety.
- If conditions allow, shut off all machinery and equipment in your area.
- Leave the building at once.
- Notify Drexel Public Safety from a safe location:
- From campus phones, call 215-895-2222 (2222).
- From off-campus phones, call 911.
- Use campus emergency telephones when possible. Give the dispatcher as much specific information as you can:
- State that you are reporting a fire.
- Provide the building name and address, floor and room number, and any other specific information.
- DO NOT hang up until released by the dispatcher.

Building Inspections

As part of a proactive approach to fire safety, all campus buildings are inspected for fire code compliance on a monthly basis. Inspections ensure that all exits are free and clear, exit lights are

illuminated, there is no improper storage, and that fire extinguishers are properly mounted and charged and within the current year's certification.

Residential Fire Safety, University Housing

It is extremely important that all residents be thoroughly informed of proper fire evacuation procedures. Resident Advisors (RAs) review procedures with all residents at the beginning of each term and with each student who moves into the residence hall. As a reminder of their significance, evacuation procedures are reviewed throughout the term:

Building evacuation procedures are posted in every lobby or elevator lobby on each floor of every building.

When a fire alarm sounds, every person is required to evacuate the building immediately:

- DO NOT use elevators for evacuation.
- Evacuation is required every time the fire alarm sounds, regardless of the cause.
- Students should turn on lights, close room doors, and use the nearest marked stairway not blocked by smoke or fire.
- Leave the building quickly and quietly and proceed in an orderly manner to the designated assembly area.
- When an evacuation is required, a staff member residing on the floor will meet with the residents at a pre-designated location outside of the building and account for all residents as best as possible.
- The staff member is to report the status of his/her floor as soon as possible to the person in charge (i.e., Residence Director, Fire Official, or University Official).
- Any student who remains in the building after a fire alarm sounds, for any reason, is subject to disciplinary action.
- The building is not to be reentered by any student until an "All Clear" is announced by a University official.

High-Rise Fire Safety

Fire Drills

It is important and mandatory that all occupants of high-rise buildings on campus participate in scheduled fire drills. Since occupants normally enter the elevator from the lobby, ride to a particular floor, and walk along known paths to their destination, they aren't necessarily aware of other exits that could be used in a fire or other emergency. Fire drills create the opportunity to plan ahead for such emergencies, and decrease the chances of confusion and panic that can cause injuries or fatalities. Always react to fire alarms as though there is an actual fire.

Fire Towers

Fire towers are enclosed stairways that have fire-rated doors and walls that provide a refuge from smoke and heat in a fire emergency. Doors leading into fire towers are inspected periodically to ensure that they open and close properly and should never be propped open. Fire towers cannot be used for storage or as smoking areas. All Drexel University buildings are designated smoke free. Fire towers are to be clean, well-lit, and free of obstructions at all times.

Elevators

DO NOT USE ELEVATORS IN THE EVENT OF A FIRE! Elevator shafts are like chimneys; smoke can enter the elevator and asphyxiate occupants trying to evacuate. In all emergency situations, occupants should use the nearest marked emergency exit or fire tower to exit a building.

Fire Safety Education and Training

Fire safety education programs for all students living in on-campus student housing are held at the beginning of each term. These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and distribute information on the University's fire safety policies. During these programs, trainers emphasize that participating in fire drills is mandatory. Evacuation procedures for students with disabilities are also addressed during training sessions.

Fire safety education and training programs are taught by members of the Office of Fire and Life Safety who are experienced in fire safety matters.

If a fire occurs, or the building's fire alarm system is activated, students are instructed to evacuate areas per the evacuation routes and proceed to designated assembly areas. They are to remain in that location until informed they can re-enter the building by University officials.

The information provided during the fire safety programs is also available online at any time at: <http://www.drexel.edu/publicsafety/fire/>.

Plans for Future Improvements in Fire Safety

The University continues to assess and upgrade fire safety equipment as an ongoing process to ensure that all equipment meets National Fire Safety standards. Future improvements will be made as needed as part of the ongoing assessment process.

FIRE SAFETY STATISTICS

On-campus residential properties consist of ten (10) residence halls and twelve (12) Fraternity/Sorority Chapter houses. All on-campus residential properties are equipped with automatic smoke activated fire alarm detection systems and automatic fire suppression systems.

All fire alarm systems in residence halls are monitored 24/7 by the Public Safety Communications Center, while Chapter houses are monitored 24/7 by a private alarm monitoring service.

Fire drills are conducted each term and fire safety assessments of Fraternity/Sorority houses are performed semiannually.
