

Addition of Personnel

- Reviewed on a rolling basis by IACUC Administrator
- Annual Health Review*, Species Specific Training*, and CITI Training required

**Documentation needs to be uploaded in DragonSPOT*

Minor Amendments

- Reviewed on a rolling basis by IACUC Chair and Attending Veterinarian
- Examples:
 - administration or substitution of another compound in the same class of drug*
 - minor procedural changes that do not increase pain or distress*
 - increases in number of animals if less than 10% of the total originally requested*

Significant Amendments

- Reviewed by full IACUC at scheduled meetings
- Submission due by Tuesday of preceding week prior to meeting.
- Examples:
 - a change in the class of surgery (such as from non-survival to survival)*
 - procedures that could lead to greater discomfort or greater degree of invasiveness*
 - the species or approximate number of animals used (if the increase is 10% or more of the originally-approved number)*
 - anesthetic agents or the withholding of analgesics*
 - the method of euthanasia*
 - the duration, frequency or number of procedures performed on an animal*
