## Student Coverage

### Eligibility

#### University City (Main Campus) and Center City Campus

Mandatory – All full-time Undergraduate international students holding a J-1 Visa are automatically enrolled in the Drexel University Student Health Insurance Plan unless other Embassy-sponsored Health Insurance coverage is verified, otherwise, there is no option to waive participation in this Plan.

**Note:** International Graduate students holding an F-1 Visa who carry health insurance have the option to waive with coverage that meets Drexel University's minimum requirements. Failure to provide proof of insurance coverage by the published deadline date will result in the automatic enrollment in the University-sponsored Dragon Plan, and your student account will be billed the annual rate.

Compulsory – All currently enrolled full-time domestic Undergraduate and full-time Graduate students (including online students) are required by Drexel University to carry health insurance or enroll in the Drexel University Student Health Insurance Plan. For information on how to enroll or waive, visit [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com), Search for Drexel University and select your campus. Once at the student Connection Home page, click on “Medical Plan: Enroll/Waive”, or visit [www.drexel.edu/studentlife/ch/II\\_Main.html](http://www.drexel.edu/studentlife/ch/II_Main.html).

Voluntary – Currently enrolled domestic part-time Undergraduate and part-time domestic Graduate students are eligible to enroll in the Drexel University Student Health Insurance Plan. For questions regarding enrollment, please visit your Student Health Insurance Coordinators, located at the Main Campus, Office of Counseling and Health, Suite 215, Creese Student Center, or the Center City Campus, New College Building, Suite 1106. The enrollment deadline for students is **09/30/2022**.

Online degree-seeking students are eligible to enroll in the Student Health Insurance Plan.

## College of Medicine

### Compulsory

All full-time matriculated and qualifying part-time students (undergraduate six credit hours or more) and part time graduate students (four and one-half credit hours or more), who are enrolled at Drexel University, and who actively attend classes for at least the first 31 days, after the date when coverage becomes effective.

All full-time matriculated students must carry comprehensive health protection through either an indemnity medical insurance policy or enrollment in a health maintenance organization. To satisfy this requirement, students must enroll in the University-sponsored Student Health Insurance Plan or certify that they are carrying equivalent health coverage through a plan or policy administered elsewhere. Students opting to waive participation in the University sponsored Student Health Insurance Plan must submit an Online Waiver Application. Failure to provide such documentation by **09/30/2022** will result in the automatic enrollment in the University-sponsored Plan. You will be billed the annual rate. Students who lose other coverage due to a significant life event during the school year should enroll in this plan by visiting the office of the Bursar.

### Enrollment

All full-time matriculated students will be automatically enrolled in this Plan, unless the online waiver has been received by Aetna Student Health, by the specified enrollment deadline date of **08/31/2022** (College of Medicine and 1st Year Graduate School of Biomedical Sciences and Professional Studies) or **09/30/2022** (Main & Center City). You must be a full-time student to enroll online. If you are a part time student and would like to enroll in the Drexel Student Health Insurance, you may contact the health insurance and immunization office on your campus and they will assist you. For information on how to enroll, visit [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com), search for Drexel University and select your campus, and then click on “Medical Plan: Enroll/Waive” or visit [www.drexel.edu/studentlife/ch/II\\_Main.html](http://www.drexel.edu/studentlife/ch/II_Main.html)

Home study, correspondence, and television (TV) courses do not fulfill the eligibility requirement that the student actively attend classes.

## Waiver Process

Drexel University requires ALL full-time domestic Undergraduate and Graduate students to have health insurance coverage. This Plan is designed to protect you from interrupting your academic progress due to large, unexpected medical bills. If you are a domestic Undergraduate student taking less than 12 credits or domestic Graduate student taking less than 9 credits, you do not have to comply with this policy and may disregard this notice. Full time students can satisfy the health insurance requirement in one of two ways: 1) you may purchase the Drexel University Student Health Insurance Plan, or 2) submit proof of comparable coverage through the Online Waiver System. Students whose plan does not meet the minimum standards will be notified and required to show proof of acceptable coverage. Failure to provide proof of insurance coverage by the published deadline date will result in the automatic enrollment in the University-sponsored Plan and your student account will be billed.

To complete the waiver process, new and returning students should visit [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com), and search for Drexel University, then select your campus to complete an Online Enrollment or Waiver Application. The enrollment and/or waiver deadline for University City Main Campus, Center City Campus, and Queen Lane College of Medicine Campus are as follows:

## Dependent Coverage

### Eligibility

Covered students may also enroll their lawful spouse and dependent children up to the age of 26.

## Enrollment

To enroll the dependent(s) of a covered student, please complete the Enrollment Form by visiting [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com), selecting Drexel University in the school name search, and clicking on the "Plans & Products Offered to You" link on the left hand side of the screen, or by calling customer service at **(877) 409-7361** and requesting that an Enrollment Form be sent in the mail. Please refer to the Coverage Periods section of this document for coverage dates and deadline dates. Dependent enrollment applications will not be accepted after the enrollment deadline, unless there is a significant life change that directly affects their insurance coverage. (An example of a significant life change would be loss of health coverage under another health plan.)

If, while you are covered by this plan, you have a covered dependent child who is called up for active duty (state National Guard or reserves) while he or she is a full time student, Aetna Student Health will extend this child's coverage upon his or her return until you are no longer covered by this plan. This dependent coverage will be available at the first Fall or Spring enrollment period after the dependent child has 1) returned from duty and 2) returned to full time student status. The offered coverage for this dependent child will continue until A) you are no longer a student covered by this plan; or B) the dependent child is no longer a full-time student **or** a period of time equal to the duration of the child's military duty has passed.

## Important note regarding coverage for a newborn infant or newly adopted child:

- A newborn child - Your newborn child is covered on your health plan for the first 31 days from the moment of birth.
  - To keep your newborn covered, you must notify us (or our agent) of the birth and pay any required **premium** contribution during that 31-day period.
  - You must still enroll the child within 31 days of birth even when coverage does not require payment of an additional **premium** contribution for the newborn.
  - If you miss this deadline, your newborn will not have health benefits after the first 31 days.
  - If your coverage ends during this 31-day period, then your newborn's coverage will end on the same date as your coverage. This applies even if the 31-day period has not ended.
- An adopted child or a child legally placed with you for adoption - A child that you, or that you and your spouse adopts or is placed with you for adoption is covered on your plan for the first 31 days after the adoption or the placement is complete.
  - To keep your child covered, we must receive your completed enrollment information within 31 days after the adoption or placement for adoption.
  - You must still enroll the child within 31 days of the adoption or placement for adoption even when coverage does not require payment of an additional **premium** contribution for the child.
  - If you miss this deadline, your adopted child or child placed with you for adoption will not have health benefits after the first 31 days.
  - If your coverage ends during this 31-day period, then coverage for your adopted child or child placed with you for adoption will end on the same date as your coverage. This applies even if the 31-day period has not ended.

If you need information or have general questions on dependent enrollment, call Member Services at **(877) 409-7361**.

## Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

## Termination and Refunds

### Withdrawal from Classes – Leave of Absence:

If you withdraw from classes under a school-approved leave of absence, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded.

### Withdrawal from Classes – Other than Leave of Absence:

If you withdraw from classes other than under a school-approved leave of absence within 31 days after the policy effective date, you will be considered ineligible for coverage, your coverage will be terminated retroactively and any premiums collected will be refunded. If the withdrawal is more than 31 days after the policy effective date, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded. If you withdraw from classes to enter the armed forces of any country, coverage will terminate as of the effective date of such entry and a pro rata refund of premiums will be made if you submit a written request within 90 days of withdrawal from classes.

## In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

## Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, there is a **\$500** penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to [www.aetna.com](http://www.aetna.com).

### Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring precertification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

### Excess only

Your plan is an excess only plan. As an excess only plan, this plan pays its eligible health services after any other medical coverage. We determine covered benefits under this plan without considering any limitation clauses contained in any other medical coverage regarding other coverage.

### Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to [www.aetnastudenthealth.com](http://www.aetnastudenthealth.com).

This Plan will pay benefits in accordance with any applicable Pennsylvania Insurance Law(s).
