Section 1: Introduction

Drexel University strives to be a globally-recognized leader in higher education with shared values of integrity, diversity, access, stewardship, innovation, and entrepreneurship. The mission of Student Conduct (SC) within Student Life is to create and maintain communities which reflect our core values of learning, inclusion, community, and integrity. The Drexel University Code of Conduct (“the Code”) is a comprehensive document that contains the policies and procedures regarding expectations of academic and non-academic student behavior, and the fundamentally fair process for resolving cases of alleged policy violations. Students have the responsibility to be aware of and abide by the Code of Conduct and any relevant policies and regulations.

Student Conduct has established, in accordance with its mission, vision, and values, a Code of high standards of behavior to include the following expectations for Students and Student Organizations to:

- Accept responsibility when their choices or actions have negatively impacted themselves, others, or the community at large.
- Engage in constant learning, practice self-reflection, and develop resilience to maintain academic, personal, and professional integrity.
- Foster positive relationships with others.
- Ensure the health, wellness, and safety of themselves and their communities.

Section 3: Authority and Jurisdiction

Drexel University has the authority and jurisdiction to resolve cases of alleged violations of University policies, rules, regulations, or standards of conduct. The University’s jurisdiction through the student conduct process applies to the following individuals, groups, and circumstances:

1. Any person enrolled in an academic course or program at Drexel University is considered a Student and is held accountable for all of the policies listed Code of Conduct.
2. Previously enrolled Students who have not yet withdrawn from the University remain accountable to the Code of Conduct.
3. Organizations, groups, or associations of students must follow the Code of Conduct, established guidelines by their office/department of recognition, and, if the organization is housed in University facilities, the Residential Facilities Policies. If a Student engages in prohibited conduct on behalf of their Student Organization, both the Student and the Student Organization may be held responsible for violations of the Code of Conduct. The University has the authority to determine whether the Student Organization, individual members, or both should receive notice of alleged violations on a case-by-case basis.
4. The Code of Conduct applies to Students and Student Organizations both on and off Drexel University campuses.
5. Students are responsible for the actions of their invited guests. If the guest of a Drexel University Student is reported to have violated the Code of Conduct, the Student may receive notification of alleged violations.
6. If a Student withdraws from the University after engaging in conduct that may violate any of the University’s policies, rules, regulations, or standards of conduct, but before the alleged violation has been resolved through the conduct process, the Student’s record is placed on a Hold and the case will be resolved regardless of the individual’s intent to return to the University. A Student’s ability to return to the University shall be contingent on the outcome of the process.
7. A Student may not be approved for graduation until all allegations of misconduct have been resolved. A hold may be placed on a Student’s record until all allegations are resolved.
8. Drexel University expects that all Students abide by laws enforced by the federal government, the Commonwealth of Pennsylvania, and local municipalities. Drexel subscribes to the view that, when applicable, it shall deal with matters of student misconduct internally. However, when a Student or Student Organization’s misconduct implicates federal, state, or local laws, the appropriate law enforcement officials may be contacted. If Drexel is made aware of allegations of misconduct by law enforcement officials, a concurrent conduct process will be initiated with a formal notice of allegations. Upon request, the conduct process may be delayed pending the resolution of a criminal process. Legal proceedings and the student conduct process are otherwise separate processes.

Case Resolution Processes can be reviewed in Section 8 of this document, and the Appeal Process is detailed in Section 10.

Section 4: Reporting

Drexel University strives to be a leader in the global community and expects its Students and Student Organizations to reflect the highest standards of learning, inclusion, community, and integrity. Therefore, all Students should conduct themselves responsibly and in a manner that reflects favorably upon themselves and the University. Student Conduct strives to create a culture of care and concern for all Students. The Student Conduct Process fosters personal learning and growth, while at the same time holding individuals and organizations accountable for unacceptable behavior. Formal disciplinary action may result when a Student or Student Organization’s behavior is inconsistent with the Code of Conduct.

Student Conduct serves as the reporting center for all reports of Student and Student Organization misconduct. Any member of the Drexel University community or person with knowledge of an incident of alleged misconduct involving a Drexel University Student or Student Organization can make a report or file a formal complaint with Student Conduct.

Reports of alleged student misconduct can be submitted by completing an online report using the Portal for Incident Reporting

The report should include the following information, if available:
1. Name(s) of the Student or Student Organization alleged to have violated the Code of Conduct.
2. A description of the incident.
3. Names and contact information of witnesses (if applicable).
4. Names and contact information of the person(s) filing the report.

All reports are private, but not confidential. Student Conduct does not guarantee anonymity of reporting parties and generally may not be able to act upon anonymous reports.

Section 5: Code of Conduct

What follows is a listing of the Drexel University policies, rules, and regulations that prescribe the standards of conduct that the University requires of all Students and Student Organizations. All
members of the Drexel community are required to become familiar with these policies and comply with them. Violations of any of these policies will be resolved in accordance with the appropriate University process and procedures. All conduct that violates the Code of Conduct, including any conduct that occurs off campus, will be subject to the University’s Student Conduct Process.

This section contains four categories of policies that comprise the Code of Conduct.

1. The Responsible Dragon Amnesty Policy - a policy which can apply to Students or Student Organizations that seek medical assistance for someone experiencing a medical emergency due to the use of alcohol or other drugs
2. The Code of Conduct - policies that apply to all Students and Student Organizations
3. Residential Facilities Policies - policies that apply to any Student or Student Organization that resides in any facility owned, operated, or under control of Drexel University
4. Additional University Policies - policies under the jurisdiction of an office or department other than Student Conduct that can be adjudicated through the Student Conduct Process

I. Responsible Dragon Amnesty Policy (RDAP)

Drexel University’s primary concern is the health and safety of its students. The University is aware that Students are sometimes reluctant to seek medical attention in alcohol and drug related emergencies out of fear that they may face sanctions related to possessing or consuming alcohol or other drugs. Given that these emergencies are potentially life-threatening, Drexel University seeks to create a culture of trust and care paired with safety and responsibility while reducing any barriers that would prevent students from seeking assistance. In compliance with The Timothy J. Piazza Anti-Hazing Law, C.S. § 2810, et seq. (Safe Harbor), RDAP provides amnesty from disciplinary action for Students or Student Organizations who seek medical assistance during an alcohol or drug related emergency.

The requirements for the Responsible Dragon Amnesty Policy (RDAP) to apply to Students or Student Organizations are as follows:

I. An individual Student who experiences a medical emergency due to consumption of alcohol or drugs and personally seeks medical assistance will not be considered responsible for violating the Alcohol or Drug Policies.

II. Individual Students who seek immediate medical assistance for another Student who could be in violation of the Alcohol or Drugs policies will not be considered responsible for violating these policies. Students who call for assistance must remain with the Student experiencing the medical emergency until assistance arrives, barring immediate threats to personal safety.

III. Individual Students who share information to assist with contract tracing efforts, or other COVID related information will not be considered responsible for violating the Alcohol or Drug Policies.

IV. Individual Students who report allegations of hazing activity related to Alcohol or Drugs will not be considered responsible for violating the Alcohol or Drug Policies.

V. Student Organizations and Social Hosts must seek immediate medical assistance for a Student who is experiencing an alcohol or drug related emergency. The responding Student Organization or Social Host will not be considered in violation of the Alcohol or Drug Policies. Representatives of the Student Organization or the social host must remain with the Student experiencing the medical emergency until assistance arrives, barring immediate threats to personal safety.
VI. For RDAP to apply, the Student(s), Student Organization, or Social Host will need to attend a Pre-Hearing Conference with a Conduct Case Administrator and complete any educational and/or wellness related sanctions. Failure to attend the Pre-Hearing Conference or complete sanctions may result in allegations of misconduct being brought forward by Student Conduct.

Conditions or examples in which the Responsible Dragon Amnesty Policy will not be applied to Students or Student Organizations include, but are not limited, to the following:

I. Students should be aware that RDAP does not provide amnesty for criminal, civil, or other legal consequences for violations of Federal, State, or Local laws.

II. RDAP only applies to the Alcohol and Drug Policies within the Code of Conduct and will not be applicable to other alleged violations of the Code. The use/abuse of alcohol or drugs does not excuse other examples of misconduct.

III. RDAP does not apply to Students or Student Organizations when a Student experiencing a medical emergency is found by Law Enforcement or a University employee (including, but not limited to, DUPD, Public Safety, faculty/staff, Student Conduct staff including Resident Assistants).

IV. RDAP is not intended to shield or protect Students or Student Organizations that repeatedly violate the Student Code of Conduct. RDAP cases will be maintained by Student Conduct but will not be a part of the Student’s official disciplinary record.

V. Student Conduct reserves the right to revisit the applicability of RDAP on a case-by-case basis.

VI. Student Conduct reserves the right to contact any Student or Student Organization to discuss an incident or related matter regardless if RDAP could be applied.

II. The Code of Conduct

1. Academic Integrity
Drexel University’s Academic Integrity Policy prohibits the following examples of academic misconduct.

I. Plagiarism
Plagiarism is the inclusion of someone’s previously documented words, ideas, or data in one’s own new and original work. When a student submits work related to their academic coursework or co-op that includes the words, ideas or data of others, including one’s own previously submitted work, the source of that information must be acknowledged through complete, accurate and specific references; and, if verbatim statements are included, through quotation marks as well. By placing their name on work submitted, the student certifies the originality of all work not otherwise identified by appropriate acknowledgments. A student must obtain permission from the current instructor, prior to submission, to use their previously submitted work in a new and original work.

Plagiarism covers unpublished as well as published sources. Examples of plagiarism include, but are not limited to:

- Quoting another person’s actual words, complete sentences or paragraphs, or an entire piece of written work without acknowledgment of the source
● Using another person’s ideas, opinions, or theory, even if it is completely paraphrased in one’s own words, without acknowledgment of the source

● Using facts, statistics, or other illustrative materials that are not clearly common knowledge without acknowledgment of the source
● Copying another student’s essay examination
● Copying, or allowing another student to copy, a document or computer file that contains another student’s assignment, and submitting it, in part or in its entirety, as one’s own
● Collaborating on an assignment or sharing computer files and/or programs then submitting individual copies of the assignment as one’s own individual work.

Students are urged to consult with individual faculty members, academic departments, or recognized handbooks in their field if in doubt regarding issues of plagiarism.

II. Cheating
Cheating is an act or an attempted act of deception by which a student seeks to misrepresent that they have mastered information or a skill on an academic evaluation instrument, such as (by example, not limitation) a test, exam, or quiz, that has not in fact been mastered. Examples include, but are not limited to:
● Copying from another student’s examination paper.
● Allowing another student to copy from your assignment, examination paper, text, quiz, or similar evaluation instrument.

● Submission in a paper, thesis, lab report, or other academic exercise of falsified, invented, or fictitious data or evidence; or deliberate and knowing concealment or distortion of the true nature, origin, or function of such data or evidence.
● Submitting as your own any written work, printing, sculpture, or other material prepared in whole or in part by another.
● Other forms of scientific misconduct.

- Any unauthorized action taken for the purpose of changing a grade or grade record.
- Changing, altering, or being an accessory to the changing and/or altering of a grade in a gradebook, on a test, a "change of grade" form, or other official academic record of the University that relates to grades.
- Continuing to work on an examination or project after the specified allotted time has elapsed.

15. Rooftops, Windows, and Balconies
1. Rooftops
Students who are present on the roof or any other architectural feature not designed for recreational or functional use will be subject to fines, assessments for any damage, and disciplinary action if the student’s presence is not caused by a valid emergency. The University assumes no financial or legal responsibility for any student injured as a result of such action.

2. **Windows**
   All window screens must be kept in position at all times. Students found responsible for removing screens from residential facility room windows will be fined per screen.

3. **Balconies**
   Access to balconies of any residential facilities is strictly prohibited.

### 16. Safety & Sanitation Inspections and Room Searches

The University recognizes and respects each resident’s desire for privacy, especially within the context of a group living environment; however, the University reserves the right to enter and inspect any student room at any time without permission or consent of the room occupant(s) to provide emergency service or general maintenance work, make safety or condition inspections, or investigate possible violation(s) of University policies or city, state, or federal laws.

Rooms shall be entered in the resident’s presence or absence by authorized University personnel when there is reasonable cause to believe:

- A resident’s safety may be in jeopardy.
- A room or its furnishings may be damaged.
- Custodial or maintenance functions must be performed.
- University policies or city, state, or federal laws are being violated.
- Sanitation, safety, and/or damage inspections are to be completed.
- That there could be stolen property in the space.

Safety and Sanitation Inspections are conducted each term. Best efforts will be made to notify students of the date of the inspections. Should a resident not be present at the time the room is to be inspected, staff members will conduct the inspection in the resident’s absence.

### 17. Smoking

- Smoking (including electronic cigarettes, vaping devices, and hookah) is not permitted in any University residential facility. Students will be charged for any related maintenance or cleaning as the result of smoking in a residential facility.
- Smoking (including electronic cigarettes, vaping devices, and hookah) is prohibited around all entrances, exits, and perimeters of residential facilities.

Students must also adhere to Code of Conduct policy #11 (Fire Safety) and the related regulations around smoking and fire safety at Drexel University.

### 18. Solicitation & Selling

Solicitation and selling by students and all others are not permitted in University residential facilities.

- No person, organization, or department can conduct a business, sales, or solicitation in residential facilities.
No person, organization, or office may enter these facilities to distribute or collect questionnaires and surveys and/or to collect any other information in person from students in their place of residence, without obtaining advance written permission from Housing and Residence Life.

No deliveries may be made to individual rooms unless HRL has granted prior permission.

No advertisements or flyers are permitted on or under the doors of residence hall rooms.

19. University Housing and Dining Agreement Compliance
In addition to these policies, residents are required to abide by all terms and conditions listed in their signed Housing and Residence Life and Dining Agreement, to include the University Residency Requirement. Residents are expected to read and understand the agreement before signing. The agreement is updated each academic year and contains specific language and requirements for Residents in undergraduate housing, graduate housing, and affiliated Student Organization housing.

The Housing and Residence Life and Dining Agreements can be found here.

Individual (Assigned) Room Policies

1. Cooking
The only cooking permitted in a resident’s room is that which can be done in a microwave oven. Because of the danger of electrical overload, high-wattage appliances are prohibited. Residents in Stiles Hall and Van Rensselaer Hall are allowed to cook in their suite. In all other facilities, approved appliances must be used in the common area kitchen.

2. Decorations
Residents are expected to decorate with adherence to the following policies on room decorations:

- All decorations must be fire-resistant.
- Only Underwriters Laboratory (UL) or Factory Mutual (FM) approved cool bulbs are allowed.
- Natural trees and cut tree boughs are not allowed in residential facilities.
- Students are not permitted to hang any items from the sprinkler piping, sprinkler heads, or any room electrical wiring.
- Decorations may not obstruct free passage of the hallways or entry/exit to the room.
- Electrical decorations must be kept away from metal door frames; lights must be strung so a door will not close on the wiring.
- No permanent alterations may be made to the residence hall rooms (i.e., painting the room, ceiling, furniture, etc.).
- Students will be charged for any damages resulting from decorations in the room.

3. Guests and Visitors
4. In accordance with the University’s response to COVID-19 no guests are permitted in any residential facility. This will be reevaluated on an ongoing basis. If and when guests are permitted, additional details are provided below.

5. At the start of the academic year, roommates in undergraduate buildings are required to complete roommate agreement forms that outline basic expectations of all occupants of a particular room.
or suite. Guests are defined as individuals who are not assigned to the resident host’s room. While the primary purpose of these spaces is to provide a safe and welcoming environment for learning, it is also a home. Roommates and/or suitemate(s) unable to reach a livable solution should work with HRL staff to mediate any conflicts.

For properties associated with a Fraternity or Sorority, guests include members of the organization that are not assigned to live in the facility.

Resident hosts must adhere to the following policies for all guests:

- Hosts are responsible for the actions of their guests and will face disciplinary action if their guests violate any of the Code of Conduct. Hosts should familiarize their guests with University policies before inviting them to campus.
- All guests to a room are subject to the roommate agreement of all room residents. Residents should work to reach an amicable agreement on the presence of guests in a residence hall room.
- The presence of guests may not restrict free access for legitimate occupants to any common space and any private space they may have, or create any situation that infringes on the need of roommate and/or suitemate(s) to remain undisturbed.
- For residential facilities that have a front desk, resident hosts must sign in their guest(s) following proper procedure at the front desk. The host must escort all signed-in guests back to the front desk to sign them out of the building at the end of the visit. If a guest is not properly signed out, then the guest would be considered still in the building. Students may not sign in or sign out guest(s) for other residential students.
- Resident hosts must escort their guest(s) at all times within the hall.
- Photo identification will be required for each guest. It is the responsibility of each host to inform their guests that they need identification to be permitted into the residence halls. Photo identification of the guest(s) will remain at the desk until the guest(s) vacate the building. Acceptable forms of photo identification include: a driver’s license, or a university/college/school ID. No other forms of ID will be accepted.
- Guests without ID will not be allowed access into the hall, except in emergencies (See Facilities Access, Emergency ID section for more details).
- Resident hosts are limited to three guests at any one time, unless otherwise permitted by HRL professional staff.

**Overnight Guests**

An overnight guest is defined as anyone signed in for a significant portion of the overnight period, spends at least 4 hours in the halls and some portion of that time includes 3:30am-7am.

- Guests are allowed to visit in a student room for no more than three (3) nights in a seven (7) day period. An individual guest may spend no more than nine (9) nights per month within a residential facility.
- Guests under the age of sixteen (16) are not allowed overnight in the residence halls. Limited exceptions may be made with advance notice and written parental consent provided to the HRL professional staff that oversees the residential facility.

6. **Lockout Policy**
● When locked out, a resident should report to the front desk of their residential facility to notify the desk staff that access will be needed.
● Students will be allowed to sign out a spare key to allow access to their assigned room. Spare room keys should be returned to the front desk immediately after use. Spare keys can be checked out for a maximum of 24 hours.
● If the initial room occupancy key is not located, the lock core will be changed and the student will be billed a $75 fee per affected lock. For suite-style residences, all affected lock cores will need to be changed, making the total cost $225 for a 4-person suite, and $300 for a 6-person suite.
● Students are not allowed to borrow the spare room key for a room other than their assigned room. Students who abuse this policy are subject to disciplinary action.
● Keys must be returned in person and will not be accepted by mail.
● Students are afforded two (2) free lockouts per term, all subsequent lockouts will incur a $25 fee per lockout.

7. Maintenance Requests/Work Orders
Students should report maintenance needs by filing a work order request. Please see the University Housing website for instructions on how to complete a work order request.

8. Non-Permitted Items
There are various items that are not appropriate for use in student rooms for safety reasons. Possession of one or more of these items can subject the occupant(s) of the room to a fine and possible disciplinary action.

Examples of non-permitted items include, but are not limited to, the following:

● Bed risers

- Residents are not to tamper with automatic door locks or prop open doors with automatic closures.
- Residents are not to enter/exit through fire doors except during fire alarms/fire drills.
- The University reserves the right to enter a resident’s room for the purposes of investigation, inspection, and repair or in cases of clear emergency. (See Room Inspection/Search Policy for additional information.)

11. Room Furnishings
- All University supplied furniture must stay in its assigned room.
- Furniture must be used for intended purposes.
- Students are not permitted to leave room furnishings in common areas, hallways, or corridors. Furniture found in any of these areas will be returned to the student’s room and a fine for obstruction of egress and a moving charge will be assessed to the student for each incident.
- Cinder blocks are not permitted in University residences.
- Lofts of any type are not permitted in residence (unless issued by the University).
- Ping-pong tables, pool tables, video arcade games, and other large game tables are not permitted due to limited room space and potential disruption to other students.

12. Room Keys

● Students are not permitted to lend or give their room keys to anyone or any group.
● It is unlawful to duplicate any residence hall key.
● Students are not permitted to put their own locks or alarms on any residence hall doors.
● Keys must be returned when a student vacates their residential assignment. A lost or unreturned key will result in a lock core change and a $75 fee per affected lock. For suite-style residences, all affected lock cores will need to be changed, making the total cost $225 for a 4-person suite, and $300 for a 6-person suite. In the event of a broken key, a replacement fee will be charged.
● Lost or misplaced keys should be reported immediately to the front desk staff.
● At the time of move out, keys must be returned in person to the residence hall desk and will not be accepted by mail.

13. Vacant Room or Half-Room Policy
In the event that a bed space within a suite or room becomes vacant at some point during the year, resident(s) are not permitted to utilize that space. The room or half-room must be kept clean and “move-in ready” for a new occupant. Failure to adhere to this policy may result in a fee and/or disciplinary action by the University.

IV. Additional University Policies
The following policies are under the jurisdiction of offices or departments other than Student Conduct. Alleged violations of any of the policies can be resolved through the Student Conduct Process. Policies are subject to change based on CDC and government recommendations (i.e. COVID). It is the responsibility of students to check their Drexel email for communication regarding such policy changes.

1. Campus Engagement Policies and Guidelines
Campus Engagement, comprised of the offices of Student Involvement and Leadership, Fraternity and Sorority Life, and the Student Center for Diversity and Inclusion, can establish policies and/or guidelines for recognition, funding, event registration, and other privileges granted to Student Organizations. Students and Student Organizations are expected to familiarize themselves with and adhere to the policies and guidelines of their affiliated office. Failure to adhere to the policies and guidelines may result in disciplinary action under the Code of Conduct in addition to any action taken by the affiliated office.

2. DragonCard Policy
The DragonCard is the official identification card of Drexel University. It serves to identify students, faculty, and professional staff of the University and is a tool to access buildings, dining plans, Dragon Dollars and other on-campus services. The DragonCard is the property of Drexel University and is governed by University regulations.

DragonCards are issued only to Students who are registered for classes (or are on an official co-op assignment) for the current term. The DragonCard must be carried at all times while on
University-owned property, as Students may be required to produce proper Drexel identification to a Public Safety officer or University official.

All members of the University community can immediately mark their card as “lost” via the GET Portal to prevent unauthorized usage and learn more information about these instances. Temporary identification cards are issued as a service at the request of the Student. These temporary cards are valid for a maximum one-week time frame and Students may only receive one temporary identification card per term.

Each year, it is the responsibility of the student to bring their DragonCard to one of the validation locations to have their registration status verified and receive a validation sticker noting the current calendar year. Students without validated DragonCards are not permitted access to most buildings and services on campus.

Every Student should familiarize themselves with the applicable policies in the Code regarding DragonCard use/misuse. More information about the DragonCard can be found here.

3. Health Insurance Policy
All full-time Students are required to demonstrate proof of coverage under a health insurance plan each academic year that they are enrolled. Domestic Students may satisfy the requirement by purchasing the Drexel Health Insurance plan or by submitting an online insurance waiver form. Failure to complete an online waiver form or purchase the University-sponsored plan will result in a default enrollment into the University-sponsored plan. The charge for this plan will subsequently appear on the University bill. Once this charge has been placed on the Student’s account it cannot be removed and Students will be enrolled in Drexel Student Health Insurance for the full academic year.

All undergraduate international Students must purchase the University-sponsored plan (the only plan accepted in lieu of the Drexel plan will be Embassy-sponsored coverage). Graduate international students holding a J-1 visa must also purchase the University-sponsored plan so that federally governed J-1 mandates are met.

Information about the Health Insurance Policy can be found here.

4. Immunization Policy
Drexel University requires all entering full-time undergraduate and graduate Students and all full- and part-time international Students (includes all visa holders and permanent residents) to complete the following immunization schedule:

- MMR vaccine: measles, mumps, rubella (2 doses) or blood test proving immunity
- Hepatitis B vaccine (2 doses, 3 preferred) or blood test proving immunity
- Tuberculosis screening by all full-time students and testing if necessary (information available on the immunization form sent to students)
• Varicella (chicken pox; either history of disease, two doses of the varicella vaccine or blood test proving immunity)
• TDAP (within the past 10 years)
• Meningococcal (for all students 21 years or younger or any student living in University housing).
Vaccine must be documented as of age 16 years or older. The immunization form requires a Doctor’s signature.

Drexel University currently does not require the Meningococcal B vaccine as the American College Health Association, our guiding body, has not yet endorsed this vaccine as required for university students. We do recommend that all Drexel Students speak with their family physicians about the advisability of getting this vaccine, and if necessary, we will assist students in finding Philadelphia locations where the vaccine is available.

The immunization requirement is based on the recommendations of the Commonwealth of Pennsylvania Department of Health Immunizations and the American College Health Association. Students can satisfy this requirement by completing the immunization form that is mailed to students prior to entering Drexel. Students can access the form online found here.

Failure to comply with this policy will result in a hold being placed on the Student’s record, which will prevent registration for the next term’s classes. Residential students who have not complied with the stated immunization policy will also not be able to move into or remain in their residence hall until completing this requirement.

Information about the Immunization Policy can be found here.

5. **Social Host Policy**

Drexel University supports safe social hosting practices by individual Students and Student Organizations. Hosts, individual and organizations, are expected to take reasonable measures to discourage alcohol abuse and to uphold the laws of the Commonwealth of Pennsylvania, as well as the Code of Conduct.

The following guidelines are intended to help hosts understand their responsibilities when hosting a social event. These guidelines are not intended to absolve a host of liability and can be supplemented by additional measures, as the host sees fit. Allegations of misconduct may be issued, despite a host’s best efforts to follow these guidelines. These measures are suggestions and are not meant to be exhaustive.

- Do not host an “open” event. An open event is one that permits entry to students, guests, and any other member of the community who wishes to attend. Hosts should know who is in their space to ensure crowds do not become too large and those attending can be held accountable for their actions.
• Hosts, whether individual or organizations, should never sell alcoholic beverages. Additionally, “common source” alcohol - including kegs, bulk quantities of alcohol, or jungle juice/alcoholic punch in any form, is not permitted under Drexel’s Code of Conduct, regardless of the age of individuals consuming the alcohol.
• When hosting a BYO (bring-your-own) event, it is recommended that hosts place a limit on the quantity of alcohol brought by any given attendee. For example, an attendee should not be allowed to bring more than a six (6)-pack of beer. The host should also consider limiting the types of alcohol brought to their space based on the alcohol-by-volume rating of a given beverage. Hard liquor should be discouraged or banned completely.
• A comparable supply of food and non-alcoholic beverages should be provided by a host and placed in plain sight for attendees to consume.
• The Code explicitly prohibits individuals from providing a space for people under the age of 21 to consume alcohol. Hosts should confirm the age of every attendee by checking their state issued identification card. Please note that checking identification cards does not absolve the host of responsibility in the event that someone under 21 years of age is found intoxicated at the event.
• The host should have designated individuals at an event who will stay sober and monitor the event for safety of all attendees. These individuals should be familiar with the signs of alcohol poisoning and understand the appropriate steps to seek professional assistance in the event of an emergency. Sober monitors serve mainly to contact professional help and should not be expected to perform CPR, intervene in verbal or physical disputes, or any other action that may endanger their wellbeing or the wellbeing of others. The host should clearly outline the sober monitors’ role at the event as any actions by the monitors will directly impact the host.

Students and Student Organizations should familiarize themselves with the Responsible Dragon Amnesty Policy (RDAP) at the beginning of Section 5.

6. Undergraduate and Graduate Academic Policies
Drexel University academic policies are listed on the Office of the Provost website, and these policies guide students’ decisions about their progress and performance. Some policies apply only to undergraduate or graduate students, and colleges and schools may have published policies and procedures that are consistent with University policies but impose more stringent requirements or provide greater detail consistent with the major/program. Academic policies are subject to change, and Students will be responsible to comply with the most current published policy on the respective websites unless an exception has been granted by the proper authority.

Undergraduate and Graduate Academic Policies can be found here.

Graduate students should review the information on the Graduate College website. Policies are subject to change, and students will be responsible to comply with the most current policy unless an exception has been granted by the proper authority.

The Graduate College policies can be found here.
7. 2-Year Residency Requirement
The Drexel University 2-Year Residency Program has been developed to provide a living environment that complements the Student's educational experience and contributes to the Student's growth as a member of the University community and beyond. Full-time undergraduate students whose permanent address, as stated in their official University Record, is approximately outside of a 10-mile radius of the University City Campus, are required to live in a Drexel Residence Hall for their first (freshman) year and in a Drexel Residence Hall or University-Affiliated Housing for their second (sophomore) year.

Additional information about the residency requirement and exceptions can be found on the University Housing website.

Section 6: Interim Measures

In instances where there is a reasonable belief that a serious offense of the Code of Conduct has occurred, or that the safety and well-being of members of the Drexel University community or property is compromised, Student Conduct can impose a range of Interim Measures. Students or Student Organizations must comply with the requirements of the particular interim measure, failure to do so will result in additional disciplinary action being taken.

I. Emergency Authority of the Associate Vice President and Dean of Student Life

Situations may arise that may not be fully covered by this Code, the Associate Vice President and Dean of Student Life (AVP) or designee is granted the authority to act when an incident occurs that compromises the safety and well-being of members of the Drexel University community or preservation of University property.

II. Interim Suspension

The AVP or designee shall have the authority in situations to interim suspend a Student or Student Organization. During an interim suspension, a Student is denied access to campus (including all residential and campus facilities on all Drexel Campuses), Co-op, classes, student-related employment, University activities and privileges. Student Organizations that are in receipt of an interim suspension notice must cease operations as a formal organization until the matter is resolved. Student Organizations must follow all restrictions outlined in the interim suspension notice.

III. Interim Ban from Campus

Student Conduct shall have the authority in situations to suspend a Student’s rights to be present on campus, or on other property owned, operated, or controlled by the University. This may include the virtual environment.

IV. Interim Ban from Housing

In instances where there is a reasonable belief that a serious offense has occurred, Student Conduct may require the immediate removal of the individual or individuals involved from University housing.
V. **No Contact or Communication Order**

Student Conduct may issue No Contact or Communication Orders to the students involved, whether disciplinary action is taken or not. No Contact or Communication Orders may also be issued as an interim measure while alleged violations of the Code of Conduct are investigated and adjudicated. A No Contact or Communication Order is used to restrict encounters and communications between individuals, and is typically issued for all parties involved. Student Conduct has the final determination on the issuance and length of a No Contact or Communication Order.

While a No Contact or Communication Order in and of itself does not constitute discipline, and will not appear on a student’s disciplinary record, refusal to adhere to the order after written or verbal notification of its terms is prohibited and may result in disciplinary action, including suspension or expulsion.

Section 7: Rights and Responsibilities

Student Conduct has developed a fundamentally fair process to resolve cases of alleged violations of the Code of Conduct. Students and Student Organizations are afforded certain rights and responsibilities in this process.

I. **Student and Student Organization Rights**

All Students and Student Organizations have the right:

1. To a presumed not responsible until information or statements meet the preponderance of the evidence standard.
2. To receive written notice of the alleged Code of Conduct violations and have those allegations explained clearly and fully in a conversation with Student Conduct staff.
3. To have the opportunity to review all relevant, redacted materials concerning the alleged violations.
4. To contest oral or written statements, including the complaint or report.
5. To have a trained Student Conduct Advisor of their choice from within the University community to support them throughout the entire conduct process. Parents, lawyers and other third parties are not permitted to be advisors. *(For OED policy related cases a lawyer may serve as the student’s advisor).*
6. To present information and witnesses pursuant to the process outlined in Section 8.
7. To not respond to questions asked by a Conduct Case Administrator or Hearing Board.
8. To be advised of the appropriate Appeal process.

II. **Student and Student Organization Responsibilities**

Students and Student Organizations are responsible for:

2. Fully cooperating in all parts of the Student Conduct Process.
3. Providing truthful and complete information to any University official to the best of their ability.
4. Completing all imposed sanctions as an outcome of a conduct case resolution.
5. Checking their Drexel University email account and personal email account as reported in Banner for official correspondences from Student Conduct.

III. Rights and Responsibilities for Discrimination, Harassment, and Bias Incident Prevention Policy (OED-1) and Sexual Harassment and Sexual Misconduct Policy (OED-3) Cases

See Appendix A to OED-1 and OED-3 “Procedures for Resolving Reports Against Students” for rights under this policy. OED-1 and OED-3 policies can be found here.

Section 8: Case Resolution and Investigation Processes

Once Student Conduct receives a report or formal complaint of alleged violations of the Code of Conduct, the formal Student Conduct Process will begin. This process may happen virtually or in-person as appropriate. This section of the Code will detail the case resolution processes for both Students and Student Organizations, and relevant policies and procedures as they apply to the Student Conduct Process.

I. Preliminary Review of Complaints
Student Conduct reviews all complaints of misconduct to determine if the information provided may reasonably violate any Code of Conduct policies. It is Student Conduct’s sole judgement to proceed with formal notifications of allegations. Student Conduct will take the steps deemed appropriate to gather relevant information pertaining to a particular report or complaint. If Student Conduct concludes that there is enough information to meet the preponderance of the evidence standard, the Student Conduct Process will be initiated.

II. Notice of Conference
The Student Conduct Process begins with a formal notification of alleged violations, Notice of Conference, which will be sent to the Student or Student Organization representative (hereafter: Respondent) via their assigned Drexel University email address. The Notice will include, when available (1) the list of alleged violations of the Code of Conduct, (2) the date, time, and location of the Respondent’s Pre-Hearing Conference, and (3) the name and contact information of the Conduct Case Administrator who will be hearing the case. It is expected that Respondents confirm the receipt of this notification and attend the scheduled Pre-Hearing Conference.

Students are responsible for checking their assigned Drexel University email account regularly. The University is not responsible for communications not received due to an improper personal email address listed in the Drexel Information System or the notification being filtered as Spam/Junk.

III. Pre-Hearing Conference
The Pre-Hearing Conference is the initial meeting between the Conduct Case Administrator and the Respondent. As detailed in the Notice of Conference, Respondents have the right to bring a Student Conduct Advisor from within the University community to the Pre-Hearing
Conference and any additional resolution meetings, to include University Hearings, as support. Advisors may only speak directly to the Respondent and not to the Conduct Case Administrator on behalf of the Respondent.

If a Respondent fails to comply with attending a Pre-Hearing Conference as specified, the case can be resolved by the Conduct Case Administrator or appropriate case resolution process in their absence.

The purpose of the Pre-Hearing Conference is to explain the Student Conduct Process, including the alleged violations of the Code of Conduct, methods of resolution, range of appropriate sanctions, and opportunities to appeal. Respondents will have the opportunity to speak about the incident from their perspective, review the report or complaint information, present witness information or statements, and respond to the alleged violations. Respondents have the choice to accept responsibility or deny responsibility for any or all violations.

The resolution of the conduct case depends on the Respondent's acknowledgement of responsibility decision. In addition, allegations can be withdrawn if the Conduct Case Administrator determines that there is not enough information provided to meet the preponderance of the evidence standard that the allegation of misconduct occurred.

Audio or visual recording of the Pre-Hearing Conference is prohibited. Anyone who violates this directive will be subject to disciplinary action.

If a Respondent is facing or reasonably expects to face concurrent criminal charges for the same incident, they can request to delay the Student Conduct Process by providing documentation of the concurrent charges during the Pre-Hearing Conference. Respondents wanting to delay the conduct process should make their Conduct Case Administrator aware of the concurrent charges either at the start of or prior to the Pre-Hearing Conference. Student Conduct reviews every request on an individual basis and has the authority to determine the length of the delay, if it is granted.

IV. Collaborative Resolution
If the Respondent accepts responsibility for the alleged violations, the case can be resolved through Collaborative Resolution with the Conduct Case Administrator. This can occur at the same time as the Pre-Hearing Conference or at a predetermined subsequent meeting. When a Respondent accepts responsibility for the alleged violations, the Conduct Case Administrator will be responsible for deciding and communicating the sanctions to the Respondent.

An Outcome Letter will be sent to the Respondent via their Drexel University email within seven (7) calendar days of the Collaborative Resolution meeting, barring extraordinary circumstances. The Outcome Letter will detail the sanctions, relevant deadlines, and methods for appeal.

For Collaborative Resolution decisions, Respondents can only appeal based on the **Unduly Harsh Sanction** criteria.

Audio or visual recording of the Collaborative Resolution meeting is prohibited. Anyone who violates this directive will be subject to disciplinary action.
V. **Administrative Hearing**
When a Respondent chooses to deny responsibility for any or all alleged violations during the Pre-Hearing Conference, the case can be resolved through either an Administrative or University Hearing at the sole discretion of a separate Conduct Case Administrator.

If there is adequate information to move forward with the case through the Student Conduct Process, the Pre-Hearing Conference Conduct Case Administrator may send the case to another Conduct Case Administrator for an Administrative Hearing. The Administrative Hearing resolution process follows a documents-only format and the Respondent will not be present for the Administrative Hearing. All cases that could result in Suspension or Expulsion will be referred to a University Hearing Board.

The Administrative Hearing Conduct Case Administrator will make a determination of responsibility for alleged violations based on the preponderance of the evidence standard. The Respondent will receive an Administrative Hearing Outcome Letter detailing their responsibility findings (responsible or not responsible), the assigned sanctions and deadlines (if applicable), and appeal process information.

For Administrative Hearing decisions, Respondents can appeal based on the Unduly Harsh Sanction, New Information, Insufficient Information, or Improper Procedure appeal criteria.

VI. **University Hearing**
A University Hearing is conducted by members of the University Conduct Board and a Hearing Advisor. A Respondent’s case will be sent to a University Hearing if the potential sanctions are Suspension or Expulsion, or if the Conduct Case Administrator determines a University Hearing is the appropriate method for case resolution. Student Conduct has the final determination of whether a case will be referred to a University Hearing.

For information regarding the procedure for conducting hearings related to alleged violations of the University’s Discrimination, Harassment, and Bias Incident Prevention Policy (OED-1) and Sexual Harassment and Sexual Misconduct Policy (OED-3), please review the appropriate policy here.

Respondents will receive a Notification of Hearing via their Drexel University email account detailing (1) the date, time, and location of the Hearing, (2) the name and contact information of the Hearing Advisor, and (3) instructions on how to prepare for the Hearing. Respondents are expected to confirm receipt of the notification and to provide the name and contact information of their chosen Student Conduct Advisor. Failure to appear at the University Hearing will result in a decision made in absentia and the Respondent will be responsible for any sanctions assigned as an outcome. Respondents can request that the University Hearing be rescheduled one (1) time before the date and time of the Hearing is finalized. Student Conduct reserves the right to approve or deny requests to reschedule a University Hearing based on the individualized nature of the request.

A University Hearing will generally consist of five (5) trained individuals including three (3) students and two (2) faculty or staff members. The University Hearing Board will always be chaired by a student. A quorum of three (3), including two (2) students and one (1) faculty or staff member, must be present to hold a Hearing or an Appeal. For OED
related cases, boards may be comprised of all faculty or staff members. The University also reserves the right to utilize an External Adjudicator for OED related cases. University Conduct Board members who serve as a member of a particular University Hearing will not serve on any Appellate Board related to that Hearing.

**University Hearing Format**

1. No University Hearing is open to the public. Parents, attorneys, and other third parties not affiliated with Drexel University are not permitted to attend a University Hearing. *Certain exceptions may be made for OED related cases.*
2. The University Hearing is audio recorded in the event of an appeal. No other audio or visual recording is permitted. Anyone who violates this directive will be subject to disciplinary action.
3. All parties are reminded about privacy of conduct proceedings.
4. Statement of honesty is read to all parties in the room.
   a. “Honesty is of the utmost importance in these proceedings, as it ensures the integrity and fairness of this process. Honesty is expected of all presenting parties and any dishonesty will result in disciplinary action by the University.”
   b. This applies to the respondent and all witnesses.
5. All parties are introduced including Witnesses and Advisors.
6. Witnesses are asked if they wish to challenge the objectivity of any Board member(s).
7. Witnesses are then excused, barring the need for additional questioning.
8. Respondent(s) asked if they wish to challenge the objectivity of any Board member(s).
9. The Chair (student UCB member) states the alleged violation(s).
10. Depending upon the length of the hearing, the Chair may call a brief recess in the hearing.
11. Respondent is asked to proceed with presentation of their case.
12. Questions of the Respondent:
   a. Respondent will receive questions from the Board.
   b. Witnesses may be called and questioned by the Respondent and the Board.
13. The Chair will call on Witnesses to present on behalf of the University:
   a. The Chair will address the initial questioning of these Witnesses,
   b. The Witnesses will then receive questions from the Board and the Respondent.
   c. Witnesses are dismissed after questioning, barring the need for additional questioning.
14. The Chair will ask the Board for any final questions.
15. Respondent has the opportunity to make closing statement.
16. Hearing is adjourned. The Respondent is informed that they will be notified of the Board’s decision within fourteen (14) calendar days, barring extraordinary circumstances.

**University Hearing Outcomes**

After the University Hearing is adjourned, the Board will deliberate to determine if the Respondent is responsible or not responsible for the alleged violations of the Code of Conduct based on the preponderance of the evidence standard. The Chair will lead the deliberation and call for a vote of finding of responsibility. The determination will be concluded by a majority vote. The Board will recommend the finding to the Hearing Advisor. The Hearing Advisor in
conjunction with Student Conduct will make the final determination of responsibility. The Board will write a rationale for the determination that will be made available to the Respondent.

If the Respondent is found responsible for violating the Code of Conduct, the Board will recommend sanctions to the Hearing Advisor. The Respondent’s previous disciplinary history will be provided to determine appropriate sanctions. The Vice President and Dean of Student Life or designee will make the final determination of sanctions. Rationale for sanctions written by the Board or Hearing Advisor will be made available to the Respondent.

The Respondent will receive an Outcome Letter from the Hearing Advisor detailing the Board’s decision and sanctions (if applicable) within fourteen (14) calendar days after the Hearing has been adjourned barring extraordinary circumstances.

For University Hearing decisions, Respondents can appeal based on Unduly Harsh Sanction, New Information, Insufficient Information, or Improper Procedure. The appeal process is outlined in Section 10.

VII. Academic Integrity Conduct Process

Students will be notified in writing by a faculty member that a violation of the Academic Integrity policy has occurred via their Drexel email. A Student should provide a response to the notification, via their Drexel email, no later than seven (7) calendar days from receipt of the notice from the faculty member. The student will be required to meet with the faculty member to discuss the alleged violation.

The meeting outcome will determine the next steps as outlined below:

1. If the Student agrees that a violation has occurred, the faculty member will inform the Department Head or designee, Program Director, or equivalent administrator (hereafter referred to as Department Head) offering the course of the alleged violation. The Student will have applicable rights to an appeal as outlined in Section 10.

2. If the Student disagrees that a violation has occurred, or at the discretion of the college based on the complexity of a specific case, the faculty member will refer the case to Student Conduct using the reporting portal. The Student Conduct process will commence.

3. The final decision will be reported to Student Conduct.

Once a case is referred to Student Conduct by a Faculty member or Academic Department, Student Conduct will begin their process. For first time violations, the academic unit will provide the information and in most cases, Student Conduct will simply document the incident and send the accused Student a letter notifying them that a report has been received. No additional action is required for a first-time violation.

All subsequent violations will require the Student to go through the full Student Conduct Process as outlined above.

VIII. Discrimination, Harassment, and Bias Incident Prevention Policy (OED-1) or Sexual and Gender-Based Harassment and Misconduct Policy (OED-3) Processes

For information on the process for resolving alleged violations of the Discrimination, Harassment, and Bias Incident Prevention Policy (OED-1) or the Sexual Harassment and Sexual Misconduct Policy (OED-3), please review the Procedures for Resolving Reports Against Students sections of each of the policies. These policies can be found here.
IX. Conduct Investigations

When deemed appropriate, Student Conduct will conduct an initial inquiry to gather information about reports of student concerns or alleged misconduct. Conduct Investigations can involve individuals, groups of Students, or Student Organizations, as well as relevant third parties. The goal of a Conduct Investigation is to determine if there are substantial allegations of violations of the Code of Conduct and to check in on general student wellness as it may pertain to a report received by Student Conduct.

If the information gathered through initial inquiry provides sufficient information, if true, to be a conduct violation, the responding Student or Student Organization will receive notification of allegations (Notification of Conference) for violating the relevant Code of Conduct policy(ies). The Student Conduct Process detailed in the sections above would begin with the Investigative Report serving as the primary complaint. If the investigation does not yield substantial findings, appropriate follow-up with the Students or Student Organizations involved may be required.

As with all parts of the Student Conduct Process, Conduct Investigations are not part of a criminal or civil process. Information gathered will only be released as required by a lawful subpoena.

X. Student Organization Conduct Process

Student Organizations (including Fraternities, Sororities, all sports teams and other groups recognized by the University) should serve as role models to their peers in upholding Drexel University’s values and standards. Student Organizations are responsible for knowing and complying with all policies listed in the Code of Conduct as well all supplemental policies from the departments or organizations they are associated with. Student Organizations, like individual Students, are responsible for the conduct of their members both on and off Drexel University campuses.

The process for resolving complaints against Student Organizations mirrors the process for individual Students with a few exceptions. Please note that interim measures may be taken, if deemed necessary, prior to the adjudication of alleged violations.

Preliminary Review

All reports or complaints of alleged misconduct involving a Student Organization will be reviewed by Student Conduct. The University has the authority to determine whether the Student Organization, individual members, or both should receive notification of alleged violations on case-by-case basis. Examples of the criteria used by Student Conduct in making that determination are:

- One or more of the Organization’s members and/or leaders committed or supported the acts in the particular incident.
- The behavior or actions taken can be attributed to an Organization sponsored, associated, or financed activity.
- The behavior or actions took place at or on property controlled by the Organization.
- The Organization’s leadership had prior knowledge that the particular behavior or action would be occurring and made no reasonable effort to intervene.
One or more of the Organization’s members and/or leaders were not honest about the particular incident.

It is Student Conduct’s sole judgement to proceed with formal notifications of allegations. Student Conduct will take the steps deemed appropriate to gather relevant information pertaining to a particular report or complaint. If Student Conduct concludes that there is enough information to meet the preponderance of the evidence standard, the Student Conduct Process will be initiated.

**Student Organization Conduct Process (more information can be found in Subsection VI)**

- Notice of Conference sent to Organization president or designee.
- Representatives of the Organization (no more than 2) meet with the Conduct Case Administrator for the Pre-Hearing Conference. During this meeting, the Organization will be informed of the conduct process, have the opportunity to discuss the alleged violations, and be given a chance to respond to the alleged violations.
- A case may be resolved in the following ways:
  - **Collaborative Resolution** - The Organization accepts responsibility for the alleged violations and the Conduct Case Administrator determines appropriate sanctions. The Conduct Case Administrator will notify the Organization in an Outcome Letter of the final determination and sanctions. Organizations can appeal Collaborative Resolution decisions on the criteria of **Unduly Harsh Sanction** only. Definitions, criteria, and the process for appeals can be found in Section 9 of the Code.
  - **University Hearing**: If the Organization denies responsibility for the allegation and there is adequate information to move forward with the case through the Student Conduct Process, the Pre-Hearing Conference Conduct Case Administrator will refer the case to a Hearing with the University Conduct Board. The University Hearing format can be found in Subsection VI. A decision from a University Hearing can be appealed on the grounds of Unduly Harsh Sanction, Insufficient Information, New Evidence, and Inappropriate Procedure. Definitions, criteria, and the process for appeals can be found in Section 9 of the Code.

**Hazing Investigation and Resolution Process**

If a report alleges violations of the University’s Hazing policy, Student Conduct has two options to address the allegations.

1. If the report contains enough information to reach the preponderance of the evidence standard, Student Conduct will assign a Conduct Case Administrator and the case will be addressed through the Student Organization Conduct Process.
2. If the report does not contain adequate information to be resolved immediately through the Student Organization Conduct Process, the Hazing Investigation Team will initiate an investigation to ensure the safety of Organization members and potential new members. The investigation process can include individual Student conversations or a full Organization process.

Interim measures may be taken prior to and during any investigation, more information about Interim Measures can be found in Section 6.
The Hazing Investigation process will generally follow these steps.

1. The Hazing Investigation Team (HIT) convenes and one to two (1-2) Lead Investigators are assigned.
2. The responding Student Organization members will receive email notification from the Student Life requesting all current members and potential new members attend interviews with a specific date, time, and location. The interviews will typically occur within one to two (1-2) business days of the notification. The Investigators will work to accommodate Student Organization members and potential new members based on availability, when possible.
3. On the day of the interviews, the Lead Investigator(s) will explain the process and may limit communication within or outside of the space (i.e. no cell phone usage). There will be at least one (1) Process Advisor who will serve to support the Student Organization and advocate for the students in the interviews as needed. The Process Advisor will be a trained member of Student Life. The Student Organization Advisor may be permitted to be present during the process, but will not be allowed to sit in the individual interviews. Students will have their rights and responsibilities explained before the interview process.
4. Following the interviews, the HIT Lead Investigators will compile an Investigation Report summarizing what was discovered during the interview process and will make recommendations regarding next steps (i.e. conduct process versus an educational conversation).
5. Student Conduct, in collaboration with relevant stakeholders, will determine whether to pursue additional actions and will inform the Student Organization’s leadership of next steps within fourteen (14) calendar days of completion of the investigation, barring extraordinary circumstances.
6. If the original report or complaint is substantiated, or if any information is gathered through the investigation that could be determined as alleged violation(s) of the Code of Conduct, the case will then follow the General Student Conduct Process for Student Organizations detailed in the previous section.

Section 9: Sanctions

Students or Student Organizations found to have violated the Code of Conduct will be subject to a range of disciplinary sanctions as imposed by Student Conduct. This section details (1) sanctions for Students, (2) sanctions for Student Organizations, (3) guidelines for sanctioning utilized by Conduct Case Administrators and the University Hearing Board for certain policy violations.

I. Sanctions for Students
Sanctions that may be imposed for cases involving all Students include, but are not limited to, the following:

Expulsion
Expulsion is permanent termination of student status and exclusion from University premises, privileges, employment on campus, and activities.
Withdrawal of a Degree
Withdrawal of degree is a permanent disaffiliation between the Student and the University evidenced specifically by the University’s decision to rescind a degree already conferred as cited here.

Withholding of a Degree
The University may withhold awarding a degree otherwise earned until the completion of the process set forth in the Code of Conduct, including the completion of all sanctions imposed.

Revocation of Admission
Admission to the University may be revoked for fraud, misrepresentation, or violation of the Code of Conduct.

Suspension

A suspended Student will be withdrawn from all courses; and may not attend classes, take exams, receive grades, maintain a position as a co-op Student, be employed by the university, or be on University premises or at University sponsored activities without the authorization of the Public Safety and/or Student Conduct throughout the entire duration of the suspension period.

Deferred Suspension
Deferred suspension serves as a final warning to a Student that if the Student is again found in violation of any University policy, the University is obligated to consider suspension as a primary response.

Disciplinary Probation
Disciplinary Probation is a specific period during which the University provides the Student with the opportunity to prove that they will contribute in a positive manner to the University community. Should a Student violate University policies while on Disciplinary Probation, more severe sanctions will be imposed.

Loss of Housing
Loss of Housing is an involuntary removal from University housing for a designated period. Removal from University housing means that the Student must properly check out of their room in accordance with existing University procedures within the time constraints established by Student Conduct. As indicated in the occupancy agreement, the resident Student will be liable for the full room charge specified, and any damages that may have occurred in the room, if a replacement assignment cannot be made by University Housing.

Deferred Loss of Housing
Deferred Loss of Housing serves as a final warning that any further violation(s) of University policy obligates the University to consider Loss of Housing privileges as a primary response.

Ban from University Housing
A student is prohibited from entering all or specific residential buildings, including fraternity/sorority properties for a designated period.
Administrative Relocation of Housing
A Student is involuntarily reassigned from one campus housing location to another campus housing location.

Revocation of Guest Privileges

Disciplinary Reprimand
A Disciplinary Reprimand is a written notice that a Student has violated the Code of Conduct and that another violation will result in a more severe sanction.

Assignment of an Educational Task

Examples include, but are not limited to, writing reaction or research papers, attending programs or lectures, completing online education modules, or other educational sanctions deemed appropriate by Student Conduct or designee.

Wellness Intervention
Student Conduct can require Students to attend an evaluation with the Drexel Counseling Center and provide proof of the completed evaluation if deemed appropriate. Additionally, Student Conduct can require Students to complete a Wellness Consultation with a trained administrator in the Health, Fitness, and Wellness Office and provide proof of the completed consultation.

Notification of Parent or Legal Guardian
Notification may be sent to parents or guardians of a Student who is under 18 years of age, or financially dependent on their parents or guardians, depending on the circumstances surrounding the incident. Parents or guardians may also be notified of alcohol and other drug incidents for Students under 21 years of age, regardless of financial dependency or resulting sanction.

Fines
A required monetary payment to the University.

Restitution
Monetary reimbursement for repair or replacement of property or service rendered to the University.

II. Sanctions for Student Organizations
Sanctions that may be imposed for cases involving all Student Organizations include, but are not limited to, the following:

Disciplinary Reprimand
A Disciplinary Reprimand is a written notice that a Student Organization has violated the Code of Conduct and that another violation will result in a more severe sanction.

Disciplinary Probation
Disciplinary Probation is a designated period during which the Student Organization is given the opportunity to demonstrate the ability to abide by the community’s expectations of behavior articulated in the Code of Conduct. Suspension of social privileges, including the ability to host social functions, may accompany this sanction.

**Loss of University Privileges and Services**
Loss of University privileges and services includes, but is not limited to, loss of space reservation privileges and the ability to receive or retain University funds.

Total ban of alcohol in University Housing for a given period. This ban includes members/residents who are over the age of 21 years old and applies at all times, not just during social events.

**Removal from University Housing**
Removal from University Housing is the separation of a Student Organization from Residential Facilities (including Model A, B, and Master Lease). This will be for a specified period, and conditions for readmission to University Housing may be specified.

**Deferred Social Suspension**
Deferred Social Suspension is a designated period during which a Student Organization is given the opportunity to demonstrate the ability to abide by the University’s student organization social policies. If the Student Organization is found to be in violation of any University policy during this period, the University is obligated to consider social suspension as a primary response.

**Deferred Suspension of Recognition**
Deferred Suspension of Recognition is used for offenses found serious enough to warrant suspension, but where the specific circumstances of the case mitigate the offense, or may be issued for repeated offenses of a less serious nature. Deferred suspension is a designated period during which a Student Organization is given the opportunity to demonstrate the ability to abide by the community’s expectations of behavior articulated in the Code of Conduct. If the Student Organization is found responsible for violating any additional University policy or regulation during the period of Deferred Suspension, the organization may be immediately suspended from the University and may be subject to additional sanctions for the subsequent violation. If the Organization is found to be in violation of a University policy during this period, the University is obligated to consider Suspension of Recognition as a primary response.
**Social Suspension**
Social Suspension is the loss of all social function privileges for a defined or indefinite period. A social function shall be defined as any event where alcohol will be served, OR any event that has the primary characteristics of a “party.” These characteristics include: socialization as the primary purpose and activity, dancing, and/or music (DJ, band, etc.). In addition, no alcohol will be permitted in the affiliated organization University housing assignment by any persons, including those who are 21 and over (if applicable).

**Suspension of Recognition**
Suspension of Recognition is a designated period during which a Student Organization loses recognition by the University and access to all University services. A suspended Student Organization must cease all organizational activities. Any attempts to operate the Organization without recognition will result in additional disciplinary actions for individual Students. In addition, the members of the Student Organization must vacate the affiliated organization University housing assignment (if applicable) and all of the Organization’s social media presence will need to be deactivated for the duration of the suspension. After the designated period of suspension, the Student Organization may submit an application for recognition through the appropriate recognition process.

**Withdrawal of Recognition**
Withdrawal of Recognition is the permanent loss of recognition of a Student Organization by the University. A Student Organization that has had its recognition withdrawn must cease all organizational activities. In addition, the members of the Student Organization must vacate the affiliated organization University housing assignment (if applicable) and delete the Organization’s social media presence. The name of the organization and all symbols associated with Drexel’s chapter shall be removed from all Drexel University property, including websites. Any attempts to operate the organization without recognition will result in additional disciplinary actions for individual Students.

**Organizational Learning and Engagement**
Educational sanctions provide a Student Organization the opportunity to review conduct expectations, understand how behavior can contribute to a positive and beneficial University experience, and learn of campus resources which support academic and non-academic success.

This may include, but is not limited to the following:
- Membership Review
- Risk Management Policy Revision
- Risk Management Training
- Hazing Program/Training/Presentation
- Removal of Organization Officers
- Temporary or Permanent Restrictions on Accessing University Funds

Section 10: Appeals Process

All Students or Student Organizations have the right to appeal their case resolution decision or sanction to a University Appeal Board. Appeals must meet certain criteria, include an appropriate rationale, and be submitted by the outlined deadline in an Outcome Letter to be considered.

I. Rationale for Appeal

The following are the established rationales for a Student or Student Organization to appeal their case resolution decision or sanction.

Unduly Harsh Sanction
The sanction given is unduly harsh and inconsistent with sanctioning practices.

New Information
Information that was not available at the time of the Hearing is now available, and could reasonably be expected to have altered the outcome of the case.

Improper Procedure
The Hearing did not follow the proper protocol outlined in the Code of Conduct.

Insufficient Information
Whether a reasonable person could find that the facts in the case were sufficient to establish that it is “more likely than not” that a violation of the Code of Conduct occurred and that the Respondent was responsible for the violation.

II. Appeal Criteria

It is recommended that a Student or Student Organization meet with a trained Student Conduct Advisor, if they have not already done so, prior to submitting an appeal. All appeals for Students must be written by the Student and not by a third party. Any appeals that are written by a third party will be rejected and will not be reviewed. If an appeal is rejected, the Respondent will not be given an extension on the appeal deadline.
The criteria for appeals is the same for individual Students and Student Organizations. All appeals for Student Organizations must be written by current members of the Organization. Appeals written by alumni, Organization advisors, or any other third party will be rejected and will not be reviewed. If an appeal is rejected, the Respondent will not be given an extension on the appeal deadline.

A. **Collaborative Resolution**
   In Collaborative Resolution cases, the Respondent accepts responsibility for violating the Code of Conduct and the Conduct Case Administrator determines sanctions to be implemented. Respondents have the right to appeal the sanctions decision based solely on the Unduly Harsh Sanction rationale.

B. **Administrative and University Hearing**
   In these types of cases, a Respondent can appeal based on the four rationales previously mentioned (Unduly Harsh Sanction, New Information, Improper Procedure, or Insufficient Information).

III. **Appeal Process**  
(Except for Academic Sanctions and OED Cases)
All appeals must be submitted electronically to Student Conduct (Student Conduct), via the submission process outlined in all outcome letters. Appeals must be submitted within seven (7) calendar days from the date of the outcome letter. If Student Conduct does not receive the appeal submission within seven (7) calendar days, the Respondent waives the right to appeal and all sanction(s) will be final.

When an appeal is requested, a “stay of sanctions” may be granted when appropriate. A stay of sanctions is defined as the period between the date of the outcome letter and the date of the appeal outcome letter where the imposition of the sanctions is postponed. The postponement will last until the appeal decision is finalized and communicated with the respondent.

Decisions regarding stay of sanctions requests will be determined by the Senior Executive Director of Housing and Residence Life or designee. Student Conduct reserves the right to deny a request for a stay of sanctions.

Appeal Hearings follow a documents-only format, and respondents are not present for the appeal. Appeals are heard by members of the University Conduct Board known as the Appellate Board. The Appellate Board will make a recommendation to the Appeal Advisor or designee regarding the outcome of the appeal. The outcome of the appeal will be emailed to the Respondent within fourteen (14) calendar days after the Appeal Hearing. The appeal decision will be final.

IV. **Appeal Process for Academic Integrity Violations**
Academic Integrity Violation are assigned two types of sanctions:

1. **Academic Sanctions**: Sanctions assigned by the faculty or College/School related to academic coursework. Examples include, grade reduction, failure in a course, or removal from program.
2. **Disciplinary Sanctions:** Sanctions assigned by Student Conduct related to a Student’s disciplinary record. The range of sanctions can range from deferred suspension to expulsion.

**First Time Violation:**
- Academic sanctions can be appealed through the college/school. This process is described below.
- Disciplinary sanctions are not assigned for first time violations, and thus cannot be appealed.

**Subsequent Violations:**
- Academic sanctions can be appealed through the college/school. This process is described below.
- Disciplinary sanctions can be appealed through the standard conduct appeal process described earlier in this section of the Code of Conduct.

**Academic Sanction Appeal Process:**
Students must initiate any appeal related to a violation of the Academic Integrity policy within seven (7) calendar days after the decision has been issued. Additional information for the Academic Sanction Appeal Process can be found here.

1. For the first level of an Academic Sanction Appeal, the Student can choose to appeal in writing to the Dean of the College/School or designee of which the course was taken.
2. The second and final level of appeal requires the Student to appeal in writing to the Provost or designee.

**V. Appeal Process for OED Cases**
Appeals for violations of the Discrimination, Harassment, and Bias Incident Prevention Policy (OED-1) or Sexual Harassment and Sexual Misconduct Policy (OED-3) must follow the processes outlined in those policies.

Information about the appeal processes can be found in Appendix A of each of the policies found here.

**Section 11: Records Retention and Expungement**

**I. Conduct Record Retention**
All student conduct records are kept in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974 and the Clery Act of 1990. Subject to the provisions and exceptions of FERPA, all student conduct files are private. Files may only be reviewed in the approved process by the Senior Executive Director for Housing and Residence Life or designee. Nothing may be removed from or added to a record once a conduct case is resolved. Copies of files, including the content of Hearings or outcome letters, will not be provided except under compliance with federal regulations or legal subpoena.

The University will retain student conduct records (non-Clery) for seven (7) years from the date of the incident. The University reserves the right to keep records for a longer period of
time if unresolved or deemed necessary. In cases of expulsion, the University will retain records indefinitely.

The University may disclose the final results of a student conduct proceeding against a Student found in violation of a policy involving violence or a non-forcible sex offense. In such cases, the University will only release the name of the Student found in violation, the violation committed, and any sanctions imposed on the Student.

II. Expungement Policy and Process

Expungement only applies to disciplinary records maintained by Student Conduct. Copies of letters distributed to other University departments, incident reports, police reports and the results of previous background checks reported and/or maintained outside Student Conduct are not affected by an expungement.

The University is required by law and University policy to retain for statistical purposes information regarding certain types of disciplinary violations. Statistical information from expunged files may be retained, with the Student’s name and Student identification number removed.

Students may apply to have their disciplinary record expunged if the following criteria have been met:

1. An undergraduate student has completed 96 credit hours.*
2. It has been at least one (1) year since the completion of the date of the last sanction issued.
3. The sanctions did not include suspension or expulsion.**

If all three of the criteria outlined above have been met, a student may request consideration for expungement and requests will be considered on a case by case basis. If an expungement is granted, the record will be maintained for seven (7) years but not reported as a disciplinary violation. If after a record is expunged and the student is found responsible for another violation of the Code of Conduct, then the expunged record may be removed from the expunged list and become active again.

An expungement petition is discretionary and is not automatically granted; a student submitting a petition should provide a thorough explanation of the reasons they believe an expungement is warranted. Once received the Senior Executive Director of Housing and Residence Life or designee will review the petition and provide a written response to the Student’s Drexel University email (if applicable) within ten (10) calendar days.

Factors that will be considered in the review of such petitions shall include:

- The nature of the violation(s)
- The number of violations
- Whether the Student completed sanctions by the deadline imposed
- The Student’s behavior after the violation(s)
- The Student’s reason(s) for requesting the expungement
- How the Student believes that they have contributed to the Drexel community
● Any other factors believed to be reasonable and appropriate

In considering expungement, the Senior Executive Director or designee may, in their sole discretion, confer with others in the University who may have relevant information about subsequent issues, as well as contributions to the community to decide on the request. The current demeanor of the Student, the Student’s conduct after the violation, and the nature of the violation, including the severity of any other Student’s damage, injury, or harm will be considered. The Senior Executive Director or designee will determine in their sole discretion whether the request is granted or denied. No appeal is permitted.

To have a disciplinary record considered for expungement, a Student must have satisfactorily completed all their sanctions and must submit a Request for Conduct Record Expungement Form to Student Conduct.

Any violations of OED policy that have been petitioned for expungement will be reviewed in consultation with the Office of Equality and Diversity and a decision will be reached on a case by case basis.

*Graduate student petitions will be considered on a case by case basis with consideration to the student’s academic program, the violation(s) and/or sanction of the violation(s) and/or the specific professional criteria for the field of study

**Please note that all suspension cases will be automatically expunged seven (7) years from the completion date of the sanctions.

Student Conduct has the sole authority to grant or deny an expungement request. No appeal is permitted.

Section 12: Code of Conduct Review Process

Student Conduct will review the Code of Conduct on an on-going basis in consultation with the appropriate stakeholders and decision-makers. Updates to the Code will be released at the start of every fall and winter term. Students and Student Organizations are expected to review the Code of Conduct when it is updated and on an on-going basis to understand any revisions of the policies or the Student Conduct Process. Student Conduct reserves the right to make necessary changes to the Code at any time for legal compliance purposes. Such updates will be communicated to the University community via official Drexel email.

Section 13: Photography for Official University Use

Drexel University reserves the right to photograph and/or film members of the University community including, but not limited to: its Students, faculty, and staff, in situations appropriate to the image of an academic institution, and to publish likenesses in Drexel University publications, video, websites, news media, social media, or other recruitment or promotional materials.
