Resources to Connect with Ethnically Diverse Communities at CIEE’s Global Institutes in Europe

- Berlin
- Copenhagen
- London
- Madrid
- Paris
- Rome
INTRODUCTION

Students of color are venturing abroad in greater numbers, and using video to tell their stories. For students with questions about the experience of diverse communities abroad, the videos posted by their peers can serve as an entertaining and informative resource.

Compiled in this guide are clips from videographers of diverse backgrounds, who share their perspective on Europe’s top capitals. We started with the sites of CIEE’s Global Institutes in Europe - Berlin, Copenhagen, London, Madrid, Paris, and Rome - as the continent remains the top destination for study abroad participants.

Click here to watch samples of our Top 10 favorite YouTube personalities.

In addition to videos, this guide also lists resources for any student eager to connect with diverse communities once they’re abroad in the aforementioned cities. Examples include the Chinese Students Association in London, capoeira classes in Rome, Cuban music in Copenhagen, and hair salons in Berlin.

Many thanks to my colleague Alisa Jackson, Manager of Relations for MSIs, as well as our Alumni Ambassadors, Carmin Wong from Howard University, and Amber Johnson from Spelman College, for their contributions to this guide. We’d welcome your feedback, and any questions you may have about CIEE’s Global Institutes, the most flexible opportunity in study abroad.

Cordially,
Stacy Benjamin Wood
Associate Director of Relations for MSIs
