ABOUT THE LINDY SCHOLARS PROGRAM

Through the generosity of Philip B. Lindy, the Lindy Scholars Program aims to level the playing field in public education by increasing academic achievement and expanding the social horizons for middle school students living in Drexel's West Philadelphia vicinity. The overall goal of the Lindy Scholars Program is to provide mathematics and literacy support along with other related services to students in grades 6-8 enrolled in partner elementary schools. Drexel students serve as Advisors who provide small group tutoring services after school twice a week and mentoring three Saturdays per term.

THREE PILLARS OF THE PROGRAM

- Academic Excellence
- Character Development
- Opportunity and Access

GET INVOLVED!

6-8th Grade Students:
Students must attend Alain Locke or Martha Washington
Pick up an enrollment form from the front office
