DESIGN, ARTS, & MEDIA
AT DREXEL UNIVERSITY
A NOTE FROM OUR DEAN OF ADMISSIONS

When you think about choosing the college or university you will call home, you will want to ensure that it fits your interests, and will not only support you in your goals, but encourage you to push your boundaries and to succeed in the ever-changing world.

Drexel University is a premier global research institution that has been preparing students through practical and cultural education for over 125 years. Utilizing academic and volunteer-based partnerships with our community, our students are among the most engaged students in the nation. They are not only making an impact on campus, but also in the city of Philadelphia and around the world through academics, service, and leadership.

The effectiveness of our unique educational model holds especially true for students in our Design, Arts, and Media programs. As the creative industry adapts to changes in the ways messages are perceived, professionals in these areas are constantly evolving to compete with today’s trends, using their artwork as a medium of social activism to better the world. Graphic designers, artists, and filmmakers all have an important place within the creative field. With a dynamic history of culture and innovation, Drexel’s Design, Arts, and Media programs prepare students for the challenges ahead through a unique curriculum that includes our renowned cooperative education program, also known as co-op.

Having served as a successful blueprint of career success since 1919, co-op provides students with the opportunity for professional work before graduation. Drexel Dragons experience their chosen industries with the leaders of today, and gain the necessary firsthand knowledge to become the leaders of tomorrow. Students leave our doors on graduation day with a full understanding of the path they have chosen.

Drexel is a place where you will make your mark on the world today. I encourage you to explore what Drexel has to offer you.

Sincerely,

Evelyn K. Thimba
Vice President & Dean of Admissions
Enrollment Management & Student Success
Your passion for envisioning creative solutions to simplify complex problems makes you valuable to the design industry, whether it be in the studio, on the runway, or in an architectural firm. Designers serve vital roles that improve the way we see and experience the world. With a Drexel education, you can use your passion to make a difference.

From day one at Drexel, you’ll learn how to understand the principles behind the creative process and interact with the aesthetics we view daily. Through studio courses and close interaction with dedicated expert faculty who are working in the field, you’ll conceptualize and implement creative thinking, allowing you to hone your design skills and be ready to respond to a rapidly changing and competitive environment. You’ll take fashion creations from sketches to the runway, or even a visual concept to an award-winning graphic design piece. And with our cooperative education program, also known as co-op, your classwork will blend into firsthand experience working one-on-one with clients while collaborating with industry leaders — all before you graduate.

By the time you receive your degree, you’ll have made your mark through experiences you won’t find at any other university. Through Drexel’s Design programs, you can prompt forward thinking and shape the world.

Bloody Bloody Andrew Jackson,
URBN Center Black Box Theater
You have a profound ability to connect with and understand the beauty and movement of the world. Every day, artists express themselves and tell stories on the stage, in photography exhibits, and at the theater to enhance the lives of those around them.

Whether your goal is to portray a piece of music via dance, interpret a famous work of art, or share a different perspective of the world through a camera lens, Drexel provides the knowledge and hands-on training you’ll need. Our innovative cooperative education program, also known as co-op, will allow you to strengthen and apply your classroom learning with real-world experience before you receive your degree, providing the opportunity to work directly with leading professionals in the field.

This unique combination of traditional learning and industry experience will not only prepare you to excel after graduation, but will allow you to share your unique vision with the world.

Learn more about our Arts programs at drexel.edu/academics.
Your creativity is what drives you. Your interpersonal skills and flair for compelling storytelling will enable you to become a leader in the media field, where you can share your message on the big screen, at television studios, or in digital media agencies. Media professionals influence the content we receive every day, causing a ripple effect throughout communities at home and around the world. At Drexel, you will develop as a dynamic narrator and communicator.

From day one, you’ll be immersed in all there is to know about visuals, function, technology, and business. Through collaborative projects, you’ll act on these ideas while keeping current with the industry by analyzing top television genres, experiencing the music business through our student-run record label, turning a story idea into the next hit Broadway play, or concepting and creating your first feature film.

Through our cooperative education program, also known as co-op, you’ll tell your story as you learn from those leading the way. By the time you graduate and are ready to enter the workforce, you will have already built a résumé of real-world experience and knowledge that will set you apart from your peers.

PaperClip is a collection of unique stories about Drexel experiences written by students. Learn more at paperclip.drexel.edu or download the app for Apple or Android.

Our Admissions Blog gives you the insider’s view of Drexel University. From tips about the admission process to a preview of life on campus and in Philly, you’ll learn from those who know it best. Learn more at drexel.edu/undergrad/blog.
WESTPHAL COLLEGE OF MEDIA ARTS & DESIGN
Westphal provides students with the knowledge, skills, and confidence to succeed in highly competitive art, design, and media fields. Students at Westphal will build a strong foundation, which includes opportunities for interdisciplinary study among Drexel’s other colleges and schools, and can personalize their program with diverse minors. With programs that are mostly studio-based, Westphal offers small classes and an individualized approach to creativity.

COLLEGE OF ARTS AND SCIENCES
The College of Arts and Sciences challenges students to see beyond their own perspectives and establish a deeper understanding of humanity’s needs. With a diverse range of programs in the humanities, social sciences, and sciences, faculty and students are making an impact to meet those needs today. The college provides a comprehensive, real-world education that empowers graduates to respond confidently to the world’s most pressing issues — now and long into their future.
WESTPHAL COLLEGE OF MEDIA ARTS & DESIGN

Westphal is located in the URBN Center, which houses studios, equipment, and computer labs available for 24/7 student use. The space fosters collaboration across diverse design, media, and art disciplines, in addition to interdisciplinary study throughout the University. A few highlights include:

- **Fox Historic Costume Collection**, a display of over 14,000 dresses, accessories, and fashion-related pieces for studying the history and progression of fashion.
- **Hybrid Making Lab**, which gives students access to fabrication equipment and a production space in a multidisciplinary setting.
- **Leonard Pearlstein Gallery**, a 3,500-square-foot space that features upcoming contemporary exhibitions of dance, sculpture, photography, and more.
- **MAD Dragon Records**, an award-winning and nationally distributed student-run record label housed right in the URBN Center.
- **RePlay Gaming Lab (in collaboration with the Department of Computer Science)**, where students develop and produce potential game ideas.
- **Specialized Studios**, which include the Entrepreneurial Game Studio, a motion capture/green screen compositing space, and a student-run television station.
- **URBN Center Black Box Theater**, a flexible state-of-the-art performance space that hosts theatrical productions by students and professionals, while serving as a laboratory classroom for Westphal classes.
- **WKDU**, Drexel’s award-winning college radio station that is entirely student run.

COLLEGE OF ARTS AND SCIENCES

Because of its diverse academic programs and areas, the college has labs and research facilities spread throughout campus. Students are able to collaborate via interdisciplinary study throughout the University. A few highlights include:

- **Academy of Natural Sciences of Drexel University**, the oldest natural sciences institution in the Western Hemisphere, which offers students access to more than 18 million specimens and archival collections.
- **Joseph R. Lynch Observatory**, home to a 16-inch Meade Schmidt-Cassegrain telescope, the largest in Philadelphia.
- **Drexel Publishing Group (DPG)**, a resource that provides popular University literary publications such as 5027mac, Painted Bride Quarterly, and The 33rd.
- **Drexel Writers Room**, an initiative that brings together members of the Philadelphia and Drexel communities to explore writing as a tool for learning and a mode of creative expression.
- **Maya**, Drexel’s student-run undergraduate publication, featuring literature and artwork.
- **Papadakis Integrated Sciences Building**, a 130,000-square-foot LEED Gold-certified facility with state-of-the-art teaching and research laboratories, classrooms, and North America’s largest biowall.
- **WELL Center**, an interdisciplinary clinical research center that aims to develop, test, and distribute new behavioral and technological solutions for problems such as obesity, poor diet, sedentariness, and disordered eating.

When Drexel was founded in 1891, A.J. Drexel’s dream was to establish a university that would fully prepare its students for future careers. Our students gain valuable experience in and out of the classroom. True to the vision of our founder, the following are just a few aspects of the University where the value of a Drexel degree shines.

STEINBRIGHT CAREER DEVELOPMENT CENTER
Steinbright sets you up for success at Drexel from day one. With world-class career services and preparation, you’ll have guidance throughout your Drexel career to discover your interests and develop your professional tools, such as a résumé and interview skills.

COOPERATIVE EDUCATION (CO-OP)
Since 1919, our curriculum has included our cooperative education program, which enables students to test drive different careers. Through Drexel Co-op, you will be able to narrow down your interests. You can gain up to 18 months of professional work experience on co-op in the United States and abroad at Fortune 500 companies, nonprofits, startups, a variety of governmental agencies, and more. Most importantly, you’ll gain a wealth of experience off campus and be able to inspire further thinking when you bring that knowledge back to the classroom.

RESEARCH
We have always encouraged students to question what is and to explore what can be, emphasizing the importance of research and how it can impact the world around us. Using our state-of-the-art facilities, you’ll not only assist faculty and staff with major research projects, but also take the lead in your own studies — including the opportunity for graduate-level research during your first year at Drexel. The possibilities are endless here, and you get to decide where your research will take you.
ENHANCED ACADEMIC OPPORTUNITIES

At Drexel, learning goes well beyond the traditional classroom. We encourage our students to pursue different opportunities, such as studying abroad, immersing themselves in the local community, and developing their own course of study.

- **Honors Program**: A department within the Pennoni Honors College, the Honors Program supports top-achieving students in cultivating their skills and becoming leaders in their fields. Students in the program receive benefits such as small Honors classes, Honors-specific housing, free tickets to cultural events in Philadelphia, Honors-specific advising and mentoring, and priority registration for classes.

- **Civic Engagement**: We believe in the importance of giving back to local communities — there are always opportunities to make an impact and serve the community here. Students can get involved on campus through Drexel’s Lindy Center for Civic Engagement and the Dornsife Center for Neighborhood Partnerships during community-based learning courses and volunteering for community service. But our impact doesn’t stop there; our dedication reaches out globally to improve the world around us.

- **Custom-Designed Major**: The Custom-Designed program enables you to truly individualize your academic experience and curriculum. If we don’t have the major you’re looking for, we can work together to create it or combine existing majors and minors to match your career goals. As a Custom-Designed major, you’ll be advised by Custom-Designed major staff and mentored by a Drexel faculty member who has expertise in at least one of the areas in your course of study.

- **Global Opportunities**: Includes study abroad, international co-op, and more. All Drexel students can take advantage of study abroad, which enables them to live and learn in another country while immersing themselves in the culture. Using our worldwide connections, you can choose from six continents and 60 countries! International co-op takes study abroad one step further; students not only live in another country, but also gain work experience as they test drive a potential career. Students currently on international co-op are working in over 47 countries.
We’re proud to be located in Philadelphia, Pennsylvania, the sixth largest city in the United States. Philadelphia is a revolutionary town founded on revolutionary thinking — much like the ambition Drexel students have for influencing change in the world. The City of Brotherly Love is an extension of our campus, and as a student here, you’ll take full advantage of all it has to offer.

Philly culture is known for being as diverse as its many neighborhoods. From our University City Campus in the hub of Philadelphia’s higher learning community, it’s easy to get to the stadiums in South Philly, take in some history in Old City, and enjoy the park in Rittenhouse Square. When you’re not in classes, there is plenty to do, no matter how you like to spend your free time. Being in the fifth most walkable city in the country, according to Walk Score, has its perks: concerts, performances, restaurants, and athletic events are all easy to access.

Public transportation is just steps away from campus — it’s easy to enjoy an authentic cheesesteak and then visit the famous Philadelphia Museum of Art. You can travel to historic sites around the city or connect to various locations across the country. And when you need to get away from home, Philadelphia is close to everything from farmers’ markets in Lancaster County to ski and snowboarding locations in the Pocono Mountains to strolling the best beaches in the Mid-Atlantic.

The best way to find out if Drexel would be the right fit for you is by scheduling a visit. We have many options to fit your schedule.

VISIT CAMPUS

Open Houses
Think Big — Join students and their families who are interested in Drexel for a campus-wide Open House in the fall, spring, or summer. At these larger events, you can get an in-depth look at academic programs, meet with current students, and take a tour of campus.

Campus Visits
Think Small — Weekdays and most Saturdays, you can schedule a Campus Visit. Each Campus Visit includes an Information Session and Student-Guided Tour of our University City Campus. The Information Session highlights Drexel’s cooperative education program, our academic offerings, and the admission and financial aid processes. Plus, there’s plenty of time for you to ask questions since you’ll be in a smaller group.

drexel.edu/undergrad/visit

Virtual Tour
If you can’t make it to campus, don’t worry; our virtual tours will give you an insider’s look into Drexel University. Whether you’d like to learn about restaurants in the area, what to do in University City, or even the best places to hear some local music, you can see it all through our virtual tours.

drexel.edu/virtual-tour

KEEP IN TOUCH

Contact Us
Our Office of Admissions is always here to help. If you have any questions, please do not hesitate to contact us:

215.895.2400
enroll@drexel.edu
drexel.edu/undergrad
We carefully consider every single application we receive. Admission is competitive and selective, and our Admissions Committee’s holistic review process assesses all aspects of the application personally. We believe it’s important to enroll the right-fit students — students who go above and beyond.

APPLICATION DEADLINES

**Early Decision** ................................. **November 1**
Early Decision is the perfect option for students who know Drexel is the school for them and would like a decision sooner. This is a binding application plan and, if admitted, students must withdraw all other active applications and commit to enrolling at Drexel.

**Early Action** ................................. **November 1**
Early Action means that students can apply by an earlier deadline to receive an admission decision sooner than students who apply Regular Decision. Early Action admission is not binding.

**Regular Decision** ............................. **January 15**
Through the Regular Decision application process, students will receive a decision in early spring.

SUBMITTING YOUR APPLICATION
Freshman applications are accepted through the Common Application only.

[commonapp.org](http://commonapp.org)

STANDARDIZED TEST SCORES
Drexel requires standardized test scores from all freshman applicants, but we offer some flexibility in which test(s) will fulfill that requirement. For non-native English speakers, there may be additional testing requirements.

[drexel.edu/undergrad/apply](http://drexel.edu/undergrad/apply)

FINANCIAL AID
Financial aid is available to domestic and international students. There are a few applications you should learn about to maximize the financial aid you are eligible for, such as the Free Application for Federal Student Aid (FAFSA) and CSS Profile.

[drexel.edu/undergrad/financing](http://drexel.edu/undergrad/financing)
