A NOTE FROM OUR
SENIOR VICE PRESIDENT FOR
ENROLLMENT MANAGEMENT

Are you interested in the intersection between aesthetics, innovation, and industry? Do you like to think of creative solutions to conceptual challenges? If so, the design, arts, and media programs at Drexel University might be right for you. A Drexel education can match you with leading professionals in your industry to teach you how to mesh your artistic ability with communication to forge a successful future career.

Drexel is a premier comprehensive university that engages in the highest levels of research and has been preparing students through practical and experiential education for over 125 years. Our unique model of learning pairs world-class academics with real-world experience, uniquely preparing students to thrive and excel in their areas of study.

Having served as a successful blueprint of career training since 1919, our cooperative education program (known as co-op) provides students with the opportunity for professional work before graduation. Drexel Dragons experience their chosen fields with the leaders of today and gain the necessary firsthand knowledge to become the leaders of tomorrow. Students graduate with a full understanding of the path they have chosen.

This is a place that will allow you to develop your skills and encourage you to use them for the greater good. Utilizing academic and volunteer-based partnerships with our community, our students are among the most engaged students in the nation. They are not only making an impact on campus but also in the city of Philadelphia and around the world through academics, service, and leadership.

At Drexel, you can make your mark on the world. I encourage you to explore our design, arts, and media programs—along with everything else this great University has to offer you.

Sincerely,
Evelyn K. Thimba
Senior Vice President for Enrollment Management
Enrollment Management & Student Success
The aesthetic appeal of the structures and items that surround us are all thanks to the design of artists around the world. Whether it be fashion, architecture, or even web design, there is a creative mind behind the process. Designers work to build appeal as a means to an end. The goal could be to captivate an audience that sits by a runway or invoke emotion to drive a social movement. No matter what your objective is, with a Drexel education, you can use your passion for design to make a difference.

Through studio courses and close interaction with dedicated expert faculty who work in your respective field, you’ll conceptualize and create innovative art, hone your design skills, and be prepared to respond to a rapidly changing and competitive industry. Whether your interests lie in taking fashion designs from sketches to the runway, combining videogames and educational strategies to teach children, or developing green spaces in office buildings, our cooperative education program (also known as co-op) will blend your classwork with firsthand experience working one-on-one with clients and collaborating with industry professionals — all before you graduate.

By the time you receive your degree, you’ll have made your mark through experiences you won’t find at any other university. Through Drexel’s design programs, you can utilize your talents to shape the world around you. Learn more about our design programs at drexel.edu/academics.
Capturing emotion, power, and beauty, art is the most ancient and universal form of expression. It’s part of human nature to creatively channel our imagination, and those who do it best make the world a profound and rewarding place to live in.

Whether you want to express the visual elements of a song through dance, analyze and interpret the meaning behind a historic art movement, or capture an impactful moment through the lens of your camera, Drexel will expand your critical thinking skills and nurture your intellectual curiosity. Through our supportive community, which ranges from performing and visual artists to musicians and historians, Drexel will allow you to explore and realize your individual vision.

In a chaotic world, it is those who breathe life into our surroundings that keep cultures alive and flourishing. If this sounds like you, Drexel will help you hone your talents and bring your ideas to fruition. Learn more about our arts programs at drexel.edu/academics.
The basis of influential art is storytelling. The medium used to tell a story, however, has constantly evolved throughout time. These variations include song, television, theater, augmented reality, and more. If you swell with pride the moment that your story strikes a chord with an audience, then Drexel can help you to develop as a dynamic composer, communicator, and producer of entertainment.

At Drexel, you’ll work directly with industry professionals to develop your voice and build the foundation for your future career. From day one, you’ll be immersed in all there is to know about visuals, function, technology, and business. Through collaborative projects, you’ll act on these ideas while you push industry standards, from experiencing the music business through our student-run record label, to turning a story idea into a stage production, to writing and directing your first feature film.

By the time you graduate and enter the workforce, you will have built a résumé of real-world experience that will set you apart from your peers. Learn more about our media programs at drexel.edu/academics.

WANT TO KNOW WHAT DREXEL IS REALLY LIKE?

Drexel's USAN Center
The College of Arts and Sciences challenges students to see beyond their own perspectives, enabling them to understand the problems of today to pioneer the solutions of tomorrow. With a diverse range of programs spanning the humanities, social sciences, and sciences, faculty and students drive positive change in areas such as cancer research, environmental sustainability, and disaster preparedness. The College provides a comprehensive, real-world education that empowers graduates to respond confidently to the world’s most pressing issues — now and long into their future.

EXPERIENTIAL LEARNING

In 1891, A.J. Drexel founded this University with the dream to establish an institution that would fully prepare its students to excel in their future careers. To meet his vision, Drexel has developed a model of learning that takes students beyond the typical collegiate experience by combining world-class academics with real-world application. Our students are challenged to apply what they’ve learned in the classroom by working alongside mentors and industry professionals who push the boundaries of knowledge and achievement.

As a leading research institution, Drexel carries a long and storied history of innovation. Here, you’ll not only meet faculty and staff with major projects, but you’ll also have the opportunity to take the lead in your own studies — including graduate-level research during your first year — in our state-of-the-art facilities and labs. You will be encouraged to ask important questions and consider how the answers you find impact the world around us.

For over 100 years, our curriculum has also featured our cooperative education program, which enables students to test-drive different careers while learning side-by-side with the leaders of their respective field. Through Drexel Co-op, students can build an impressive résumé and gain up to 18 months of professional work experience in the United States and globally at Fortune 500 companies, nonprofits, startups, a variety of governmental agencies, and more. The majority of co-ops are paid and, of those that are paid, the median paid six-month co-op salary is more than $18,000. Co-op will allow you to explore your options and narrow down your interests, ensuring you are on a fulfilling career path that meets your needs and expectations.

With each experience, you’ll gain a unique working perspective that can’t be found in any textbook, allowing you to serve as a knowledgeable resource for fellow classmates and professors, as well as inform classroom instruction moving forward.

The Steinbright Career Development Center, one of the largest collegiate co-op and career services teams in the world, sets you up for success at Drexel from day one. Whether you’re looking for potential co-op employers, research opportunities, or post-graduate endeavors, Steinbright connects you to Drexel’s constantly growing network of employers and industry leaders while also building your résumé and interview skills through workshops and information sessions. Our unique combination of world-class career services and dedicated counseling professionals will help guide you to discover your interests and develop your professional tools.
At Drexel, learning goes well beyond the traditional classroom. We encourage our students to pursue different opportunities, such as studying abroad, immersing themselves in the local community, and developing their own course of study.

Honors Program: At the Pennoni Honors College, the Honors Program serves as a catalyst for enhanced intellectual exploration. Composed of curious and active learners, this program offers exclusive access to Philadelphia events, advising and mentoring, dedicated housing, and a Living Learning Community, along with specialized opportunities to complete service and develop leadership skills. Honors students in this program are scholastic ambassadors at Drexel, raising their academic experience to the next level.

Civic Engagement: We believe in the importance of giving back to local communities — there are always opportunities to make an impact and serve the community here. Students can get involved on campus through Drexel’s Lindy Center for Civic Engagement and the Dornsife Center for Neighborhood Partnerships during community-based learning courses and volunteering for community service. But our impact doesn’t stop there; our dedication reaches out globally to improve the world around us.

Custom-Designed Major: The Custom-Designed program is suited for highly motivated students whose interdisciplinary curiosity and ambition cannot be satisfied by a traditional major. This path enables you to pursue an individualized course of study in place of an existing major, either by developing a plan with your advisor or by combining existing majors and minors to match your career goals. As a student in this unique program, you’ll be advised by staff from the Honors College and mentored by a Drexel faculty member who has expertise in at least one of the areas in your course of study.

Global Opportunities: These options include study abroad, international co-op, and more. All Drexel students can take advantage of study abroad, which enables them to live and learn in another country while immersing themselves in the culture. Using our worldwide connections, you can choose from six continents and 65 countries! International co-op takes study abroad one step further; students not only live in another country, but also gain work experience as they test-drive a potential career. Students currently on international co-op are working in over 44 countries.

Philadelphia, Pennsylvania, is a revolutionary town founded on revolutionary thinking — much like the ambition Drexel students have for influencing change in the world. As the sixth largest city in the United States, the City of Brotherly Love is an extension of our campus and as a student here, you’ll take full advantage of all it has to offer.

A CONNECTED COMMUNITY

Philadelphia is a revolutionary city where you can make a difference and influence change in the world. As a student at Drexel, you’ll have access to exclusive opportunities, such as study abroad, civic engagement, and custom-designed majors. Our global opportunities enable you to live and learn in another country while immersing yourself in the culture. Using our connections, you can choose from six continents and 65 countries! International co-op takes study abroad one step further; students not only live in another country, but also gain work experience as they test-drive a potential career.

Philadelphia’s culture is known for being diverse and rich in history. From our University City Campus in the heart of Philadelphia’s higher-learning community, it’s easy to get to the stadiums in South Philly, take in some history in Old City, and enjoy the parks in Rittenhouse Square. When you’re not in classes, there is plenty to do, no matter how you like to spend your free time. Being in the fifth most walkable city in the United States according to Walk Score has its perks: concerts, performances, restaurants, and athletic events are all easy to access.

Public transportation is just steps away from campus — it’s easy to enjoy an authentic cheesesteak and then visit the famous Philadelphia Museum of Art. You will find that all areas of the city are interconnected by simple means of travel, and getting to historic sites around the city or connecting to various locations across the country is an easy task. Living in Philadelphia provides access to everything from farmers’ markets in Lancaster County to ski and snowboarding locations in the Pocono Mountains to the best beaches in the Mid-Atlantic.

Note that transfer students cannot transfer directly into accelerated degree programs, but can apply to the University about a year or two before desired start date. This is dependent on space availability.

* A second bachelor’s degree program
** A second bachelor’s degree program
*** Available to transfers as a part-time program only. Not available to international students.
**** Available to transfers only.
There is no typical Drexel student. Our students are ambitious, curious, complex, and bold. Candidates are selected based on their ability to thrive in our unique academic environment and make contributions to our diverse community. Through a contextual and holistic review process, we carefully consider each applicant, evaluating their personal qualities, academic journey, and intellectual promise.

Application Deadlines

**EARLY DECISION**

*NOVEMBER 1*

Early Decision is the perfect option for students who know Drexel is the number one school for them. This is a binding admission plan and, if admitted, students must withdraw all other active applications and commit to enrolling at Drexel.

**EARLY ACTION**

*NOVEMBER 1*

Early Action means that students can apply by an earlier deadline to receive an admission decision sooner than students who apply Regular Decision. Early Action admission is not binding.

**REGULAR DECISION**

*JANUARY 15*

Through the Regular Decision application process, students will receive a decision in early spring.

Submitting your Application

First-year student applications are accepted through either the Common Application or the Coalition Application.

drexel.edu/admissions/apply

Standardized test scores

Drexel requires standardized test scores from all first-year applicants, but we offer some flexibility in which test(s) will fulfill that requirement. For non-native English speakers, there may be additional testing requirements.

drexel.edu/undergrad/apply/freshmen-instructions/standardized-tests

Financial Aid

Financial aid is available to domestic and international students in the form of merit scholarships and need-based grants. There are a few applications you should learn about to maximize the financial aid you are eligible for, such as the Free Application for Federal Student Aid (FAFSA) and CSS Profile.

drexel.edu/undergrad/financing

VISIT

There are many different ways to visit Drexel University throughout the year, including Open Houses, daily visits, Transfer Tuesday and Thursday events, and more.

drexel.edu/admissions/visit

VIRTUAL TOUR

If you can’t make it to campus, don’t worry; our virtual tours will give you an insider’s look into Drexel University. Whether you’d like to learn about restaurants in the area, what to do in University City, or even the best places to hear some local music, you can see it all through our virtual tours.

drexel.edu/virtual-tour

KEEP IN TOUCH

Our Office of Admissions is always here to help. If you have any questions, please do not hesitate to contact us:

TRANSFER APPLICATION PROCESS

There are many reasons you may consider transferring to Drexel, and as you make your transition, we’ll be here to help you every step of the way. Drexel has a vibrant and active transfer community. Qualiﬁed applications are considered on a rolling basis through all terms. Applications must be received one month prior to the start of the term for which you are applying.

Application Deadlines

**STARTING TERM**

**APPLICATION REVIEW BEGINS IN**

Fall (September) ......................................................... December

Winter (January)* ..................................................... October

Spring (Late March/Early April)* .................................. November

*Not all majors enroll in our off terms

Submitting your Application

Transfer students may submit applications through the Common Application or Drexel University’s Admission Application.

drexel.edu/undergrad/apply/transfer

Financial Aid

Drexel offers competitive financial aid opportunities for transfer applicants. While students will be reviewed for scholarships during the admissions review process, we highly recommend filing the Free Application for Federal Student Aid (FAFSA) and CSS Profile as soon as possible to maximize their eligibility for support.
