DREXEL UNIVERSITY

INSPIRED BY CHANGE,
DESIGNED TO LEAD.
Change is a constant driver of new ideas. Each and every day, innovation pushes the limit of what’s possible.

The next generation of leaders will be the ones who embrace this fact, the ones who use it as their guiding principle. Regardless of your field of study, no matter what the application, to truly make an impact you must recognize boundaries, then use your ambition to move beyond them.

Since 1891, Drexel University has served as the launch pad for students ready to channel their passion, curiosity, and vision to change the world around them. Our unique academic model allows the University and our Dragons to remain at the forefront of possibility by not only studying the latest practices and theories but by putting them to the test alongside industry leaders and professionals.

You need a place that will allow you to challenge the norm: to make your mark while turning your aspirations into reality. Drexel not only provides you with the necessary knowledge, opportunities, and support structures to make a difference — we help you start today. Because your ambition can’t wait.
Is This Your Path?

“Whether it’s academics, student life, or even the arts, I’ve gotten to do a little bit of everything in a way that has allowed me to become a really well-rounded person since first coming to Drexel.”

—DOMINICK ARP, MARKETING

Your education will serve as the foundation for everything you do. Whether you want to create an environment-friendly transportation system, develop life-skill therapies for individuals on the autism spectrum, or help propel criminal justice reform, you need an education that will prepare you to learn, grow, and excel.

Drexel’s dynamic curriculum is specifically designed to take you beyond the typical college experience, preparing you to meet the challenges of an ever-changing world. Here, your education will combine advanced academics with experiential learning, providing the opportunity to expand upon your classwork by working side by side with your professors, learning directly from the leaders of your field through our cooperative education program, gaining valuable experience in research, and so much more.

At Drexel, you’ll be encouraged to take an active role in your education. Our unique model will put you on the front lines of innovation, allowing you to discover and explore the current practices, strategies, and breakthroughs that are actively being used to push the boundaries of what we know and can achieve. Then, you’ll bring new knowledge and viewpoints to enrich classroom discussion with your professors and classmates, ensuring the University’s offerings remain current, relevant, and market informed.
The ability to achieve your goals is rooted in the strength of your preparation, and the most effective preparation begins with superior academics.

Drexel provides an unparalleled classroom experience, where you’ll find rigorous and challenging courses presented in state-of-the-art facilities and taught by respected faculty composed of leaders and visionaries of their field. And the best part is that you won’t have to wait to get started. You’ll take classes in your major from the moment you arrive, along with preparatory courses to help you hit the ground running.

Here, you’ll develop an interdisciplinary academic path designed to meet your interests. Your experience can incorporate a variety of concentrations and allow you to build a comprehensive knowledge base applicable to your goals. Not only that, you’ll be supported by a dedicated team of advisors, counselors, and mentors to ensure you stay on the right track.
From Co-op to Career

“I had my last co-op at Microsoft, and at the end of my co-op, I was offered a full-time job as a software engineer. Then, I got another offer from Google. After considering both offers that I had, I decided to go with the offer from Google.”

– HALIMA OLAPADE, SOFTWARE ENGINEERING

VIEW THIS VIDEO AT: drexel.edu/undergrad/student-stories
Even while recognizing the intrinsic value and importance of classroom learning, you’ll need the chance to apply your knowledge in the real world to truly see just how everything fits together.

Our renowned cooperative education program, also known as co-op, will allow you to put what you’ve learned in class to the test. Drexel Co-op provides you with the opportunity to integrate up to three six-month, full-time professional work experiences into your academic schedule. Each co-op experience — whether it be with a global organization, a nonprofit, a local startup, or even a government agency — presents a unique opportunity to see firsthand how the knowledge you’ve gained is currently being applied in the field and how the workplace is adapting to meet the evolving needs of employers. And the Steinbright Career Development Center, our world-class cooperative education and career preparation resource, will be here to help you every step of the way.

So much more than just a standard internship, co-op allows you to take real positions with respected companies, enabling you to test-drive your career while building an impressive résumé before you graduate. When you return to class, you’ll be ready to apply your newfound knowledge to your courses and to serve as a valuable resource to your classmates and professors, able to share enhanced insights and perspectives that can’t be found in any textbook.
Follow your guides and maximize your opportunities.

The Steinbright Career Development Center is one of the largest collegiate co-op and career services teams in the world. With a comprehensive staff of skilled and dedicated career services professionals, Steinbright is an invaluable resource that will ensure that you’re fully prepared for success from the moment you arrive on campus.

The Center not only facilitates Drexel’s co-op program but it also provides essential services such as career and educational counseling, career exploration strategies, personality assessments for career path guidance, pre-health and pre-law advising, and application process assistance. Steinbright also presents workshops that will help you create a compelling résumé and cover letter, interview, and build a professional network.

Always keeping your individual goals in mind, Steinbright’s Career Services staff will provide you with the tools, knowledge, and guidance you’ll need throughout your time at Drexel and after graduation.

CO-OP FAST FACTS

- **92%** of Drexel undergraduate students enrolled in the Drexel Co-op program.

Ranked 76th among worldwide academic institutions for patents
Your intellectual interest is one of your most valuable traits, and Drexel emphasizes the importance of asking questions and finding meaningful answers — it’s what has helped us emerge as one of the nation’s leading R1-level research universities.

Our facilities and courses are designed to enable you to go further and discover more about the world around you. From state-of-the-art labs to our innovative Expressive and Creative Interaction Technologies (ExCITe) Center, Drexel presents a number of unique research opportunities that will encourage you to collaborate and learn from your peers and research mentors.

If you’re eager to gain research experience, you may be interested in the Students Tackling Advanced Research (STAR) Scholars Program. This 10-week program will allow you to conduct a faculty-mentored research or creative project in the summer of your first year. STAR concludes with student presentations, along with the possibility of presenting work at local, regional, and national conferences. STAR Scholars’ work has also been published in major research journals.
As a Drexel student, you can take your education abroad.

Have you ever had the opportunity to live and learn in another country, fully immersing yourself in an entirely different culture? Our team can help you make it happen. You’ll not only gain a broadened perspective and earn course credit, but you’ll also deepen your understanding of yourself and how our cross-cultural relationships can affect the global issues that face our society.

In addition to studying abroad, Drexel students interested in pursuing global opportunities can also participate in international co-op or programs that combine the two experiences.

Expand the horizons of your learning.

Dare to bring your ideas to life.

You may feel that you have the entrepreneurial spirit, but have you ever put that feeling to the test to see just what you could accomplish? Whether you’ve already started your own company or you have an idea and want to create a startup, Drexel offers the guidance and resources to take your endeavors to the next level.

The Charles D. Close School of Entrepreneurship is the nation’s first freestanding school of entrepreneurship to offer degrees. Even if you’re interested in other majors, Drexel has infused entrepreneurial thinking and application into the curriculums and courses across all disciplines.

Entrepreneurial co-ops encourage students to take the lead and are granted to those who have established an ongoing business, providing $15,000 in funding, mentorships, and a dedicated workspace in our Baiada Institute for Entrepreneurship.

Finding My Way

“Drexel is different because you have that small campus feel, but you have Philly as your backyard. You feel connected when you walk around campus, but literally, your backdrop is the city. On the weekends, I can go to different places for brunch, I can go to museums — there’s always new exhibits going on!”

- KRISTEN WOLENBERG, COMMUNICATION

VIEW THIS VIDEO AT: drexel.edu/undergrad/student-stories
Since our founding in 1891, Drexel has been proud to call Philadelphia our hometown. It’s a place where history was made: This is where the Founding Fathers of the United States outlined the Declaration of Independence, drafted the Constitution, and forged American democracy. Philly has a no-nonsense, revolutionary feel to it, and Drexel students embody that. We refer to the city as our extended campus, where you can explore, learn, and take advantage of all it has to offer.

Philly is a bustling, cosmopolitan city composed of quaint neighborhoods, each one different from the next. If you head to Fairmount, you’ll be able to enjoy some of Philadelphia’s great museums; in South Philly, you can try some of the best local standards, like our famous cheesesteak; and a few blocks away in Old City, you’ll see and hear artists and musicians who have made Philly their home. Our part of town, known as University City, is recognized as the heart of the city’s higher learning community.

Everything that Philly has to offer is within easy reach. And if you don’t feel like walking, Philadelphia’s public transportation system can get you there. Drexel is blocks away from 30th Street Station, a transportation hub with access to subways, buses, regional trains, and Amtrak.

Strive to impact the world around you.

Do you have the drive to help others? Drexel is committed to becoming the most civically engaged university in the nation. We hold a strong connection and a deep commitment to the community around us that extends throughout the city and across the globe.

At Drexel, you’ll be introduced to the concepts, methods, and skills required for effective engagement through our CIVC 101 course. Presented by the Lindy Center for Civic Engagement, this introductory course will immerse you as an active participant, providing the opportunity to see the benefits of public service firsthand as you collaborate with neighborhood philanthropic organizations and nonprofits.

The Lindy Center partners with leaders on local, national, and international levels to provide additional volunteer initiatives and community-based learning courses that address a wide variety of areas of public good and social responsibility, including education, health care, and community advocacy. Through these experiences, our students develop as engaged citizens equipped to make a meaningful impact within their home and throughout the world.

We are Drexel Dragons. It’s a distinction and a badge of honor we cherish; one that shapes everything we do. We work hard, we play hard, and we dream big ... and we do it together.

Dragons have an undeniable inner fire that motivates us to achieve more. Whether it be in the classroom, out on co-op, building new student organizations, or while taking on challengers at the athletic courts, we’re always on the move and looking to make our mark.

When you become a Dragon, you’ll be joining a supportive community built on diversity, equality, fairness, inclusion, and respect — here, everyone has a voice and is encouraged to use it. No matter what our differences may be, we band together and support each other as we strive to achieve our goals. Although we may come from all walks of life, our bond and kinship go far beyond our differences. A Dragon is a Dragon for life.
Life on campus will be a big part of the college experience, especially in a fast-paced urban environment like Philadelphia. Our Dragons view Drexel’s campus as their own little corner of the city: the perfect spot to live, study, and play.

In order to ensure you’ll have every opportunity to fully immerse yourself in campus life, we have a 2-Year Residency Program, which requires all incoming first-year students (with a few exceptions) to live on campus for their first two years at Drexel. But whether you’re living here or commuting to school, you’ll quickly find that there is a lot to experience at Drexel outside of classes. If you’ll be living on campus, our residence halls have accommodations to meet your needs — from suites to Living Learning Communities, where you can connect with students who have similar interests, there are plenty of options.

If you’re transferring to Drexel, you can choose between our on-campus residence halls and Drexel-affiliated housing options, which offer all of the benefits of off-campus living while being able to stay in close proximity to school. Transfer students opting to commute to class are encouraged to get involved and connect with campus life through our Community Student Association and Campus Engagement Team.

While we know you’ll be focused on becoming an accomplished scholar, your life at Drexel won’t be just studying and homework. At Drexel, you can get involved with over 350 student clubs and organizations. These groups revolve around academics, hobbies, and more. So, no matter what your interests are, you’ll find groups that share your passions. And if you can’t find an organization that’s right for you, we’ll provide the resources to help you start your own.

Also, no matter what your major, you can participate in the performing arts and are eligible for performing arts scholarships. There is a broad array of opportunities, including taking classes and private lessons and auditioning for professional-level dance, music, or theater ensembles, which are led by accomplished members of the Philadelphia arts community.

Whether you’d like to get involved with Greek life, participate in on-campus performances, or choreograph your own Jedi Knight fight, you can do it all at Drexel.

350+ student clubs and organizations
30+ fraternities and sororities
70+ cultural organizations
20+ audition-required performing arts opportunities

Allow your interests to grow and take the center stage.

Get in the game and feel the adrenaline.

Although Drexel is known for its academic excellence, here you can also be a star athlete. Our Drexel Dragons are fierce competitors, and they participate on 18 Division I NCAA teams. Each year, over 440 students play against the nation’s best, and we play to win.

If you prefer to cheer on our Drexel Dragons, the DAC Pack is our most school-spirited student organization. Decked out in your best blue and gold, you can root for our teams with your friends and classmates.

You can also take on a more relaxed level of competition by joining one of our club or intramural sports teams alongside the more than 7,000 students, faculty, and staff who participate in Drexel’s recreational programs each year.

When you want to get a great workout or just have some fun with friends, Drexel has the fields, courts, and indoor and outdoor locations you need. This includes our volleyball and tennis courts, the Vidas Athletic Complex, the Daskalakis Athletic Center (also known as the DAC), and our award-winning Recreation Center.

The Application Process

**FIRST-YEAR APPLICATION DEADLINES**

At Drexel, we carefully consider every application. The members of our Admissions Committee use a holistic review process to assess all aspects of the application personally. We believe it’s important to enroll right-fit students.

**Early Decision**...November 1

Early Decision is the perfect option for students who know Drexel is the school for them and would like a decision in December of their senior year. This is a binding application plan and, if admitted, students must withdraw all other active applications, and commit to enrolling at Drexel.

**Early Action**...November 1

Like Early Decision, Early Action allows students to receive an admission decision by December of their senior year. Early Action admission is not binding and, if admitted, students have until May 1 to submit an enrollment deposit.

**Regular Decision**...January 15

Through the Regular Decision application process, students will receive a decision in early spring and have until May 1 to submit an enrollment deposit.

**TRANSFER APPLICATION DEADLINES**

There are many reasons you may consider transferring to Drexel, and as you make your transition, we’ll be here to help you every step of the way. Drexel has a vibrant and active transfer community, with approximately 700 new students joining us each year. Qualified applications are considered on a rolling basis through all terms. Applications must be received one month prior to the start of the term for which you are applying.

**STARTING TERM**  **APPLICATION REVIEW BEGINS IN**

- Fall (September)..........................January
- Winter (January)*..........................October
- Spring (Late March/early April)*......November

*Not all majors enroll in our off-terms

**SUBMITTING YOUR APPLICATION**

First-year student applications can be submitted via the Common Application or the Coalition Application.

Learn more about these submission options at [drexel.edu/undergrad/apply](drexel.edu/undergrad/apply).

**STANDARDIZED TEST SCORES**

For the majority of majors and programs, first-year applicants can choose whether to include standardized test scores as part of their application to the University. For those who decide to submit scores, our Test-Flexible policy provides flexibility regarding scores that can be considered. Non-native English speakers may be required to meet specific additional testing requirements.

To learn more about the submission of standardized test scores, visit [drexel.edu/undergrad/apply/tests](drexel.edu/undergrad/apply/tests).

**TRANSFER REQUIREMENTS**

To be considered for admission as a transfer student, you should have completed a minimum of 24 semester college credits from a regionally accredited institution; otherwise, you will need to submit your high school transcript and SAT or ACT scores or take advantage of our Test-Flexible policy. Depending on the program you are applying for, additional prerequisites may apply.

For more information on program-specific prerequisites, visit [drexel.edu/undergrad/apply/prereqs](drexel.edu/undergrad/apply/prereqs).

FIRST-YEAR FINANCIAL AID
Drexel offers merit and need-based financial aid. In the 2019–2020 academic year, the average scholarship and grant aid offered to first-year students was $30,753*, which includes federal, state, and institutional aid. All applicants must complete the CSS Profile, and all U.S. citizens and permanent residents must complete the Free Application for Federal Student Aid (FAFSA) to be considered for the most available aid.

Early Decision and Early Action Deadlines
• CSS Profile ...................................................... November 15
• FAFSA (Priority) ................................................... February 15

Regular Decision Deadlines
• CSS Profile ...................................................... February 15
• FAFSA (Priority) ................................................... February 15

TRANSFER FINANCIAL AID
Drexel offers competitive financial aid opportunities for transfer applicants. In the 2019–2020 academic year, the average scholarship and grant aid offered to transfer students was $16,665*, which includes federal, state, and institutional aid. While students will be reviewed for scholarships during the admissions review process, we highly recommend filing the CSS Profile and the Free Application for Federal Student Aid (FAFSA) as soon as possible to maximize their eligibility for support.

Deadlines
CSS Profile** .......................... One month prior to the start of term
FAFSA ................................. Recommended one month prior to the start of term

* Includes only grant and scholarship awards for students who received financial aid
** Spring term deadline is February 15 due to closing of CSS Profile

* Based on the standard enrollment for the 2020–2021 academic year
** For the 2019–2020 academic year; includes only grant and scholarship awards from federal, state, and institutional sources for students who received financial aid

UNDERGRADUATE AWARDS
Some of the most common award offerings for first-year and transfer students include:

Drexel Merit Scholarship – Amount Varies
Full-time on-campus applicants (except for our second-degree Nursing program, known as ACE, or those applying for a second bachelor’s degree) are automatically considered for these academic performance-based awards.

Phi Theta Kappa Scholarship – $500
(awarded per term enrolled in full-time coursework)
Offered to Phi Theta Kappa Honor Society members who apply as transfer students to one of our full-time, on-campus programs (ACE students are not eligible).

Drexel Grant – Amount Varies
Applicants are required to submit the CSS Profile to be eligible to receive this institutional need-based award.

Federal/State Financial Aid – Amount Varies
Applicants are required to file the Free Application for Federal Student Aid (FAFSA) to be considered for federal and state grants, loans, and work-study funding.

Are you interested in visiting Drexel? There are plenty of options that will fit even the busiest of schedules.

**VISIT CAMPUS**

**Open Houses**
Open Houses take place in the spring, summer, and fall. You’ll join other interested students and their families, getting an in-depth look at academic programs, meeting with current students, and experiencing a tour of campus.

**Campus Visits**
Campus Visits are offered throughout the year Mondays through Fridays and on most Saturdays. Each Campus Visit includes an Information Session and student-guided campus tour. The Information Session highlights Drexel’s cooperative education program, our academic offerings, and the admission and financial aid processes. Plus, there’s plenty of time for you to ask any questions. During the campus tour, you’ll take a look at our academic buildings, recreation center, and a residence hall.

Learn more at [drexel.edu/undergrad/visit](http://drexel.edu/undergrad/visit).

**Transfer Visit Opportunities**
Held weekly, Transfer Instant Decision Days allow you to meet with a counselor to learn more about your transfer options and receive an admission decision right on the spot.

Learn more at [drexel.edu/undergrad/visit/transfer-decision-days](http://drexel.edu/undergrad/visit/transfer-decision-days).

**LEARN MORE IN YOUR HOMETOWN**

**Connect with Counselors**
You can also meet with admissions representatives at a variety of events. Students are invited to these events, which are held all over the country and the world — from college fairs to high school visits to regional receptions. If you are unable to meet with us in person, we also participate in virtual college fairs and are available for individual meetings online to answer your questions.

Find your admissions counselor at [drexel.edu/undergrad/contact/representatives](http://drexel.edu/undergrad/contact/representatives).

**WANT TO KNOW WHAT DREXEL IS REALLY LIKE?**

**Admissions Blog**
Our Admissions Blog gives you an insider’s view. From hints about the admission process to a preview of life on campus and in Philly, learn from those who know it best.

**PaperClip**
PaperClip is a collection of unique stories about Drexel experiences written by students offering a rare, behind-the-scenes look from our Dragons’ point of view.

**Virtual Tour**
Can’t make it to campus? Don’t worry — our virtual tours provide a unique perspective of what you’ll find here at Drexel. Whether you’d like to learn about the restaurants in the area, what to do in University City, or even the best places to hear some local music, you can see it all through our virtual tours.

Check out all of this and more at [drexel.edu/undergrad/life-at-drexel](http://drexel.edu/undergrad/life-at-drexel).
